PART I.

Milch Cattle Improvement Committee.

No. G. 20313-20—Mily. 249-19-4, dated 2nd March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. R. 5610-6—Agri. 106-10-2, dated the 4th April 1911, appointing a Committee consisting of the marginally noted gentlemen for carrying out the scheme relating to the improvement of the breed of milch cattle in the State.

1. Sirdar M. Kantaraj Urs.
2. Sirdar Lakshmikantaraj Urs.
3. Mr. Nanjundaraj Urs.
4. Lt.-Col. R. G. Jones.

2. Government Order No. A. M. 1911-17, dated 14th November 1914, appointing the Revenue Commissioner and the Director of Agriculture as additional members of the Committee.

3. Letter No. 2658, dated 21st June 1917, from the Chief Commandant, Mysore State Troops, forwarding copy of proceedings of the meeting of the Milch Cattle Improvement Committee held on 4th June 1917 resolving among other things, that Messrs. H. Nanjundaraj Urs and C. Venkata Rao be appointed Joint Secretaries to the Committee.

Letter No. 5726, dated the 24th November 1919, from the same officer, suggesting a revision of the constitution of the Committee.

Order No. G. 20313-20—Mily. 249-19-4, dated 2nd March 1920.

Government direct that the Committee be reconstituted as follows:—

Dr. L. C. Coleman (President).
The Revenue Commissioner.
Mr. H. Nanjundaraj Urs.
Mr. C. Venkata Rao, Superintendent, Amrut Mahal Department.
Mr. Davison, Animal Husbandry Expert, and
Captain Aga Mahomed Jaffer (Secretary).

Mr. C. Venkata Rao as Amrut Mahal Superintendent will be primarily responsible for the successful working of the scheme, the Secretary acting under his instructions in all important matters requiring his or the Committee's directions.

C. S. BALASUNDARAM IYER.
Chief Secretary to Government.

To—The Chief Commandant, Mysore State Troops.
The Comptroller to Government.
The Members of the Committee.

Exd.—C.R.

Verification of Stock in the Military Stores.

No. G. 22509-10—Mily. 282-18-4, dated 30th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. 1107-8—Mily. 52-12-9, dated 23rd July 1915, prescribing a half-yearly stock balance return from the Military Stores to the Comptroller and also a monthly plus and minus memo showing the opening balance, credits and debits and closing balance of the stock account.

2. Government Order No. G. 11527-8—Mily. 215-14-8, dated 14th February 1916, passing orders on a report of the audit of the accounts of the Military Stores and directing an annual verification of stock in the Military Stores by the Personal Assistant to the Chief Commandant, and the submission of a report of the result so as to reach Government not later than the 31st July each year.

3. Government Order No. G. 7781-2—Mily. 97-16-2, dated 9th December 1916, directing that the verification of stock in the Military Stores ordered in the above may be made by a Committee consisting of the Personal Assistant to the Chief Commandant as President and three Military Officers of the Cavalry and Infantry regiments as members.

4. Government Order No. G. 17230-31—Mily. 167-16-2, dated 25th June 1917, prescribing a set of account rules and forms for the Military Stores.

5. Government Order No. G. 15203-4—Mily. 366-17-7, dated 23rd January 1919, directing that the plus and minus memo prescribed in the first of the orders read above be replaced by a statement of credits and debits to be forwarded by the Comptroller for verification in the Chief Commandant's office.

READ ALSO—

1. Letter No. 12399, dated 27th June 1917, from the Chief Commandant, submitting a consolidated statement of the stock in the Stores as verified by the Committee appointed in accordance with the third of the Government Orders read above.

2. Correspondence ending with letter No. 5784, dated 26th December 1917, from the Chief Commandant, Mysore State Troops, forwarding the explanation of the Superintendent of the Military Stores in regard to the differences in stock disclosed in the verification.

3. Letter No. 10711, dated 31st July 1918, from the Chief Commandant, Mysore State Troops, forwarding in continuation of the above a second report of verification of the stock in the Stores together with the explanation of the Superintendent for the differences.

4. Correspondence ending with letter No. 8136, dated 14th February 1919, from the Chief Commandant, Mysore State Troops, forwarding the charge lists showing the stock in the Stores as handed over by Mr. C. M. Raghavendra Rao, the previous Superintendent to Mr. Ponnaswami Mudaliar appointed Superintendent in his place in Government Order No. G. 93758-9—Mily. 334-17-5, dated 19th August 1918.

Order No. G. 22509-10—Mily. 282-18-4, dated 30th March 1920.

In their order dated 14th February 1916 read above, Government prescribed the submission of an annual report of verification of stock to Government in addition to the half-yearly return of balance of stock, and in a subsequent order dated 9th December 1916, they directed that this annual verification may be carried out by a Committee consisting of the Personal Assistant to the Chief Commandant and three officers of the Regiments. Detailed instructions for the maintenance of accounts in the Stores have also been issued by Government in their Order No. G. 17230—Mily. 167-16-2, dated 25th June 1917 read above. They, however, find that the half-yearly balance returns and the annual reports of verifications of stock prescribed above are not being regularly received. The annual verification of stock for 1918-19 has not been carried out, the last report of verification received being the one submitted by the Chief Commandant with his letter No. 10711, dated 31st May 1918; and the scope of the report prescribed does not seem to have been understood. Government consider that this state of things is unsatisfactory and calls for immediate action on the part of the Chief Commandant to remedy the same. They have recently sanctioned the appointment of

an Accounts Assistant to the Chief Commandant for supervising all Military accounts and expect that matters will be placed on a better footing with all possible despatch; and for the guidance of the officers concerned in the submission of the returns, etc., and with a view to lay down clearly the scope of the report of verification of stock, they are pleased to direct as follows:—

2. As much inconvenience is said to be felt in commencing and finishing the verification of the entire stock within a short period in July of every year, this work may, in future, be arranged so as to go on gradually and at intervals throughout the year in the manner most convenient to the officers concerned and for the transaction of business in the Stores. It may be apportioned among the two Assistants to the Chief Commandant and one or two Military officers to be selected by the Chief Commandant. The work may be distributed among these officers by allotting certain specified descriptions of articles to each so that the duties of each officer may be duly defined and individual responsibility fixed for the proper performance of each officer's portion of the work. As the ledgers must always be posted up-to-date, all that is required is that whenever stock is taken of any particular description of article, the actual stock should be compared with the ledger balance on that date, and the difference posted in the ledger by means of a distinct entry to be made by the verifying officer, care being however taken to see that the stock of all such articles as are likely to be mixed up or mistaken, for one another is checked completely at the same time and not piecemeal at intervals. In this manner, the stock-taking of all the descriptions of articles should be completed during each year. The result of such verification will be exhibited in a statement, with the marginally noted headings. The report of verification to be submitted to Government need not however be in the above elaborate form but may be confined to cases where striking differences are noticed. To obviate the necessity for a detailed report in every case in which there may be any deficiency or excess in the stock however small, Government are pleased to authorise the Chief Commandant to write off deficiencies up to a value of Rs. 100 under each item and a net total deficiency up to Rs. 500. If the actual deficiency under any one item amounts to more than Rs. 100 or if the total net deficiency that is the aggregate value of deficiency minus the aggregate value of surpluses exceeds Rs. 500 the matter must be reported in detail for the orders of Government. If the deficiencies are within the limits above prescribed, the report will be mainly a certificate of the verification having been carried out and furnish information regarding :—

1. Serial number.
2. Description of articles
3. Name of verifying officer.
4. Date of verification.
5. Book balance on that date.
6. Actual quantity or number as verified.
7. Surplus or deficiency
8. Rate.
9. Value of difference.
10. Remarks.

(1) The items showing the deficiencies exceeding Rs. 50 in value,
(2) The items showing surpluses exceeding Rs. 50 in value,
(3) The net deficiency written off by the Chief Commandant or ordered to be made good by the person responsible or net surplus, if any,
(4) The total deficiency and the total surplus of which the above is the net result,
(5) And any other particulars which the Chief Commandant considers to be of interest or importance.

3. With the delegation of the above powers of the Chief Commandant and the appointment of an Accounts Assistant to him, Government consider that the half-yearly stock balance return prescribed in Government Order No. 1107-8—Mily. 52-12-9, dated 23rd July 1915, is no longer necessary and they are accordingly pleased to direct its discontinuance in future. The Chief Commandant will, however, take steps to ensure that the Superintendent of the Stores takes complete stock once every half-year.

4. In submitting the explanation of the Superintendent for the deficiencies noticed in the course of the annual verification of stock for 1916-17, the Chief Commandant has raised the question of the manner in which the deficiencies and surpluses should be dealt with and the extent to which such deficiencies may be considered as merely incidental to exigencies of handling, measuring, etc. Government observe that, at every stock-taking, some deficiencies and surpluses may be noticed which are

inevitable in the usual course, and they consider it necessary to lay down generally the extent to which deficiencies may be allowed as having occurred in the usual course. They are accordingly pleased to direct as follows :—

(1) For differences of measurement as in the case of cloth and other textiles, an allowance up to 3 per cent may be made;

(2) As regards countable articles, when excesses under some heads are found against deficiencies in others and the articles under the different heads are such as are likely to be mixed up and mistaken for one another, the deficiencies may be over looked;

(3) In the case of small articles received and issued in large quantities at a time, such as hooks, rings, buttons, etc., a small allowance of 2 per cent may be made;

(4) Reasonable allowance should also be made for dryage, wastage, etc., in the case of articles liable to such changes. In such cases the verifying officers will suggest the extent which may be allowed as reasonable in each case.

(5) Deficiencies in excess of the above limits, if not properly explained, should be made good by the persons on whom responsibility for the same is fixed after enquiry.

5. The Chief Commandant will be guided by the limits of allowance here laid down in dealing withdeficiencies and will note the result of applying them in reporting cases exceeding his powers for the orders of Government.

6. The point raised by the Chief Commandant in regard to the surpluses that may be noticed in stock-taking is whether they should be brought on the accounts forthwith or kept in suspense until the stock under the heads showing such surplus is exhausted. The Chief Commandant proposes the latter procedure but the Comptroller thinks that such surpluses should be brought on the accounts when discovered. Government have fully considered the question and are of opinion that, deficiencies being treated as ordered above, there is no reason to defer bringing surpluses on the accounts. In para 3 of the Government Order of 14th February 1916 read above, Government directed that the surpluses there dealt with should be brought on the stock account and they are now pleased to direct that the same procedure be adopted in all cases of surplus.

7. Government have now before them, besides the report of the verification of stock for 1916-17 referred to above, the report of the verification for 1917-18 received with the Chief Commandant's letter No. 10711, dated 31st May 1918, and also the report of transfer of the charge of the stores from Mr. C. M. Raghavendra Rao the previous Superintendent of the Stores to Mr. Ponnusami Mudaliar who succeeded him in that post. These reports also disclosed certain deficiencies and surpluses and they will be returned to the Chief Commandant who will deal with the same as above and submit a report of the result for the information or orders of Government according to the deficiencies are within or in excess of the powers now delegated to him. In the meanwhile, Government wish to lay down the procedure to be adopted in two other matters referred to by the Chief Commandant in his letter of 27th December 1916. The first of these relates to the explanation of the Superintendent that certain articles noted as not found at the time of verification were with the cutter or chuckler or in the sample bureau, etc., Government wish to be observe that this explanation cannot be accepted. All articles not found in stock at the time of verification should have been accounted for then and there and, if with the cutter or chuckler or in the sample bureau, should have been stated as such. The Superintendent should have a separate register for recording issues of such suspense nature. The second matter relates to certain articles required for use in the Stores such as coal, sunlight soap, etc. The Superintendent states that detailed accounts of these articles cannot be kept. The practice of using up these articles without showing the same in the accounts is irregular and should be discontinued, and all articles purchased or used or issued by the Stores should invariably be brought on the accounts in future.

8. Government expect that, with a strict observance of the instructions issued in Government Order No. G. 17230-1—Mily. 167-16-2, dated 25th June 1917, for the maintenance of the accounts in the Stores and the delegation of powers to the Chief Commandant for dealing with differences as above and the consequent simplification

of procedure, there will be no delay in future in the submission of the annual report of verification of stock which should reach Government not later than the 31st July each year.

9. Further orders on the results of the verification for 1916-17 and 1917-18 and on the report of transfer of charge of the stores by the previous Superintendent will be issued on receipt of the further report regarding these called for in para 2 above. The Chief Commandant is requested to submit this report within (three months) with the further explanation, if found necessary, of Mr. C. M. Raghavendra Rao and any other officer who might be found responsible for deficiencies, as to why they should not be required to make them good.

READ—

Government Order No. G. 23611-75—P. & S. 79-18-2, dated the 15th April 1919, approving of the proposal of the Compiler, *Mysore Gazette*, that matter received for publication in the Gazette from Municipalities and other local bodies may be charged for at the job rates of the Government Press, if such matter exceeds a quarter of a page.

2. Letter No. C. 626—L. F., dated the 3rd November 1919, from the President, District Board, Bangalore, stating that there has been considerable and avoidable delay in publishing in the *Mysore Gazette* the notices, proceedings of meetings, etc., sent by the District Board, Bangalore, owing to the insistence of the Compiler on payment before publication, and that as this procedure is inconsistant with the despatch of work and the dignity of the Board, requesting that the Compiler may be authorised to publish all matter sent by the District Boards in the next issue of the *Mysore Gazette* after receipt, a bill of cost being sent in due course for payment.

Order No. G. 20227-95—P. & S. 50-19-2, dated 2nd March 1920.

The Compiler, *Mysore Gazette*, is authorised to publish in future in the Gazette all matter received from the District Boards and other local bodies, and Municipalities in the next issue of the Gazette after receipt of the matter, without insisting upon previous payment of charges, but sending the bills of cost for adjustment of accounts as early as possible.

The Presidents of District Boards are requested to settle their accounts in this respect with the Compiler, *Mysore Gazette, within a month* of the receipt of the bills whether by the issue of cheques or credit into Treasury or book transfer.

The Compiler, *Mysore Gazette*, will report on the working of the procedure laid down above at the end of this calendar year.

Apprentice Clerks of the Subordinate Civil Courts.

No. G. 21571-2—Cts. 165-18-7, dated 19th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. J. 469-70—Cts. 270-13-3, dated 5th August 1915, sanctioning the revision of the scale of establishment of the Subordinate Civil Courts in the State and raising the pay of the apprentice clerks from Rs. 10 to Rs. 15 per mensem.

2. Letter No. R. O. C. 480—17-18, dated 7th—9th January 1919, from the Registrar, Chief Court, stating that the present pay of the apprentice clerks is not sufficient to attract men with the requisite qualifications and recommending sanction to fix their pay at Rs. 20 per mensem and allow their services to be counted for leave and pension under the ordinary rules.

3. Correspondence ending with letter No. R. O. C. 480—1917-18, dated 13th October 1919, from the same officer suggesting that the name "apprentice" may be changed to "probationary" or may be completely omitted and the period of probation fixed at six months.

Order No. G. 21571-2—Cts. 165-18-7, dated 19th March 1920.

In the circumstances represented, Government are pleased to direct that the class of apprentice clerks on a pay of Rs. 15 a month be amalgamated with the class of clerks on Rs. 20 per month, the number of clerks on Rs. 20 a month being increased by the number of appointments of apprentice clerks done away with. Clerks newly entertained will have to undergo a period of probation for six months. Apprentice clerks already in service will be confirmed as clerks on Rs. 20 if they have put in six months of satisfactory service.

Administration of the Police Department.

No. G. 21702-11 —Pol. 72-19-4, dated 20th March 1920

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 43, dated the 14th—24th October 1919, from the Inspector-General of Police in Mysore, forwarding a report on the Administration of the Police Department during the year 1918-19.

Order No. G. 21702-11—Pol. 72-19-4, dated 20th March 1920.

The period under review was marked by abnormal seasonal conditions. The unprecedented rise in the price of foodstuffs produced widespread distress with a consequential rise in the volume of crime.

2. *Cognizable Cases.*—The total number of cognizable cases reported to the Police during the year was 8,193 against 7,500 in the previous year, showing an increase of 693. There is a noticeable increase in the number of offences under the heads "Riots and escapes from lawful custody" mostly in the districts of Chitaldrug, Kolar, and Mysore. The districts of Kolar, Kadur and Chitaldrug show an increase in the number of serious offences of Dacoities and Robberies, while Tumkur, Shimoga, Chitaldrug and French Rocks have come in for a larger share of crime under "House-breaking and thefts." The Inspector-General of Police attributes this increase to the operations of foreign gangs over the frontier and the abnormal seasonal conditions and high prices of foodstuffs. The number of prosecutions under Defence of India Regulation alone amounted to as many as 489. It is satisfactory to note that there was a rise in the percentage of convictions to reported cases of robberies and thefts and that the percentage of convictions secured in sessions cases was also satisfactory. The percentage of cases in which property was recovered and that of the value of property recovered were almost the same as in the previous year.

3. *Cases of all kinds dealt with by the Police.*—The Police had to deal with 12,972 cases in all as against 11,765 cases during the previous year. Of these, 12 cases were transferred to the British Police and investigation was refused in 252 cases. One thousand five hundred and forty-one cases were declared by Magistrates to be false, due to mistake of law or fact or as non-cognizable ; 1,280 cases were returned as undetectable ; 44 were struck off on A Form and 45 were either withdrawn or compounded. Of the remaining 9,798 cases, 2,732 ended in conviction and 1,008 in acquittal or discharge, leaving 6,058 cases pending at the end of the year. Of these, 1,995 cases were pending with the Magistracy on A Form, 1,866 on B Form and 2,197 cases were under investigation with the Police at the close of the year against 2,011 in the preceding year. There is a satisfactory decline in the number of cognizable and non-cognizable cases referred by the Magistracy to the Police for enquiry under Section 202 of the Criminal Procedure Code.

4. The number of murders fell from 80 to 75 with 23 convictions and 26 acquittals. The percentage of convictions to cases reported was 30·6 against 31·2, and that to cases decided was 47 against 47·1 in the previous year, the results being almost the same in both the years. In the Kadur District all the five cases ended in conviction, but in the Shimoga District, the results were disappointing as there was no conviction even in a single case out of the 10 cases reported.

5. During the year 5 cases of offences relating to currency notes were reported against none in the preceding year. Of these 2 cases were from Kolar Gold Fields, 2 from Bangalore City and 1 from the Mysore District. Four of these were under investigation, while the cases of the Mysore District in which a gang of daring criminals suspected of counterfeiting currency notes was seized together with a printing presses, plates, rollers, ink and other materials used in the process was pending trial before

the Sessions Court at the close of the year. It is noted that this case as well as two other cases of attempt to cheat the Paper Currency Office at Madras, which had been reported in the latter part of the previous year ended in conviction during the year under report.

6. There was an appreciable rise in the number of cases of theft of cattle from 307 to 414, the increase being noteworthy in the Kolar and Shimoga Districts and French Rocks Circle. The percentage of cases ending in conviction to cases reported and pending was 23·3, against 22·8 in the previous year. The increase in this class of crime demands increased vigilance and resolute action on the part of the Police.

7. The number of cases ordered to be struck off as false or non-cognizable or as due to mistake of law or fact, was 1,341. But prosecutions for making false complaints were instituted only in 4 cases and this matter requires greater attention and scrutiny on the part of the District Magistrates.

8. Under the Juvenile Smoking Prevention Regulation, only 22 juveniles were prosecuted against 48 in the previous year, and all of them were let off with a warning as being first offenders. It is desirable to enforce the provisions of this wholesome regulation to a larger extent and the attention of the Police should be drawn to the necessity of taking more energetic action in this respect.

9. There were 2 cases involving 7 persons under the Infant Marriage Prevention Regulation against 3 in the previous year. Of these, one case ended in the conviction of three accused persons while the other ended in acquittal.

10. During the year, 10 cases were dealt with under Section 565 of the Criminal Procedure Code against 2 in the previous year. The attention of the Magistracy should be drawn to the desirability of utilising the provisions of this section more largely in future.

11. It is worthy of note that the Village Police arrested 94 persons in 79 cases against 90 persons in 66 cases in the previous year. The indication of increased cooperation between the Regular and the Village Police is encouraging and Police officers should invariably adopt a liberal scale of rewards where the recipients concerned belong to the Village Police.

12. *Investigation by higher officers.*—It is a matter for satisfaction that during the year under report, officers of the higher grade took an increased share in the investigation of heinous offences and continuous efforts should be made in this direction to obtain a high standard of efficiency in Police investigation.

13. *Vacancies.*—The number of vacancies in the Force fell from 656 to 109 in the current year and this is attributed to the grant of war and grain compensation allowances and to the increased emoluments under the Reorganisation Scheme which it is hoped will attract a better class of candidates for recruitment.

14. The total number of officers and men punished judicially and departmentally decreased from 1,918 to 1,693 in the year under report.

15. *Police Training School.*—Altogether 166 constables underwent training in the Police Training School during the year. Of these, 157 passed and the rest failed. All the illiterate constables were taught to read and write.

16. *Inspections.*—Inspection was satisfactory in all the districts except Shimoga where as many as 37 or nearly half the number of stations were left uninspected. The officer concerned should be called upon to furnish his explanation in the matter. During the months of July to December 1918, and from January to April 1919, Mr. Mir Humza Hussain was out on tour of inspection in all the districts of the State for 138 days and inspected 8 District Police Offices, 38 Taluk Police Offices, 74 Investigating Centres, 38 Sub-stations and 32 outposts, travelling 2,703 miles by road and 3,553 miles by rail. The present Inspector-General of Police Mr. A. Subramanya Iyer was out on tour of inspection for 29 days in the months of April, May and June 1919, in the Districts of Kadur, Chitaldrug and Kolar, French Rocks and Kolar Gold Fields and inspected 5 District Police Offices, 4 Taluk Police Offices, 3 Investigating Centres and 3 outposts and travelled 115 miles by road and 1,223 miles by rail.

17. In connection with the measures for the prohibition of unauthorised export of certain commodities outside the State, two Assistant Superintendents, two Probationers, 5 Inspectors, 27 Sub-Inspectors, 1 Jemadar, 112 Daffedars, 290 Constables

and 439 Talaries were appointed for patrolling the frontiers of the State all round and preventing unauthorised export. It is satistactory to note that this arrangement had the desired effect and brought the exporting operations fairly under control.

18. Notwithstanding the fact that the department was subjected to a heavy strain owing to the abnormal situation created by the high prices of foodstuffs consequent on the failure of the harvest accentuated by war conditions, it is gratifying to record that as a result of the exercise of constant vigilance and the timely adoption of necessary precautionary measures by the officers concerned, the period of anxiety was passed without any unusual occurrence or disturbance of the public peace anywhere in the State.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ AGAIN—

Government Order No. 1214-52 -G. F. 124 of 1903-04, dated 2nd September 1904, prescribing the submission of quarterly lists of dismissed officials of and above the rank of peons in all departments.

READ—

Communications, received from the Heads of Departments and Deputy Commissioners of Districts, submitting lists for the quarter ended the 31st December 1919.

Order No G 21716-75—G. M. 1(B)-19-41, dated 20th March 1920.

The accompanying statement showing the name, designation and other particulars of Government servants, of and above the rank of peons, who were dismissed from service during the quarter ended the 31st December 1919, is forwarded to Heads of Departments and Deputy Commissioners of Districts for information and guidance.

2. The lists received include several cases of dismissals for mere absence without leave, overstayal of leave or similar minor irregularity, Government observe that, according to the spirit of the Government Order read above, dismissals of employees for such acts are not to be regarded as entailing proscription from re-entertainment and accordingly direct that only the names of those removed from service for grave reasons which render it undesirable that they should be re-employed in Government Service, should be included in future statements submitted to Government.

3. Government further direct that the statements should in future be submitted half-yearly instead of quarterly, as at present, the first statement for the half-year ending 30th June 1920, being submitted to Government before the end of July 1920, and the subsequent statements before the end of the month following the half-year to which the statements relate.

Administration Report of the Public Works Department.

No. G. 21660-2—G. M. 125-19-4, DATED 20TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. M. 6494, dated 10th December 1919, from the Chief Engineer of Mysore, forwarding the Administration Report of the Public Works Department for the year 1918-19.

Order No. G. 21660-2—G. M. 125 19-4, dated 20th March 1920.

Recorded.

2. Consequent on the retirement from service of Rajasabhabhushana Mr. Karpur Shrinivasrav, Mr. Srinivasacharya Cadambi was confirmed as Chief Engineer and Secretary to Government, Public Works Department, from the 3rd October 1918.

3. A Central Irrigation Board comprising the marginally noted officers was formed for discussing questions relating to irrigation works. The Board met thrice during the year. A separate Range in charge of an Executive Engineer was formed for the construction of an anicut across the river Bhadra near Gopala in the Shimoga District. The Special Sub-Division for the construction of the bridge at Honnali across the Tungabhadra was abolished, since the construction of the bridge was practically completed. The Upper and Lower Subordinate establishments were reorganised and a revised scale of establishment for the Lower Subordinates was sanctioned and the rules for the recruitment of Engineer officers to the Public Works Department were modified to admit students who pass creditably from the Local College of Engineering.

The Chief Engineer, President.
The Revenue Secretary to Government
The Revenue Commissioner in Mysore.
The Executive Engineer, Water-Supply Division (Secretary).

4. *Total grant and outlay.*—The final grant for the year under all heads amounted to Rs. 48,12,470, excluding the grant for the Krishnarajasagara and allied works, and the outlay incurred was Rs. 49,84,800, thus resulting in an excess outlay of Rs. 1,72,330, the net excess under State Funds alone being Rs. 74,312. The difference between the outlay during the year under review and that in the previous year, which amounted to Rs. 59,16,533, was chiefly due to the expenditure under Krishnarajasagara and allied works being excluded from the purview of the present report.

The excess outlay of Rs. 1,72,330 was due to the purchase of Kumara Park at a cost of Rs. 4 lakhs which had to be met by reappropriation from sanctioned grants. There were some lapses of grants attributed as usual, to paucity of labour, failure of contractors, delay in the recovery of contribution by raiyats, difficulty of getting materials owing to the unsteadiness of the market. The instructions contained in last year's review *re* strict adherence to the budgetted programme of works should be enforced.

5. *Irrigation.*—The total outlay incurred under this head amounted to Rs. 3,25,771 against a grant of Rs. 5,96,000, the expenditure being as usual, unsatisfactorily small. Out of twelve irrigation works relating to the restoration or construction of important major tanks, only two were completed, namely, the restoration of Bugadur tank in the Pavagada Taluk and the work of forming feeders to the Tarikere valley tanks from the Naganna anicut in the Tarikere Taluk, but the accounts of the latter were not finally closed. Some progress is reported in the restoration of Manchipatna Hutchakere tank, Nagamangala Taluk. Among the channel works that were in hand, only the construction of an anicut across the Bhrugu river near Halsur, Mysore District, made some progress as it is reported that water can be allowed for irrigation in the first 16 miles very shortly.

No. G. 21660-2—G. M. 125-19-4, DATED 20TH MARCH 1920.

6. *Civil works.*—The expenditure on buildings including the cost of the purchase of "Kumara Park" amounted to Rs. 12,91,417, while the grant was Rs. 9,31,250.

The most important works that were in progress during the year were:—

(1) Providing sanitary fittings to the Public Offices at Bangalore;
(2) An additional building for Public Offices on the Cenotoph road, Bangalore City;
(3) An additional block of building in the compound of the District Offices at Bangalore City;
(4) The new Collegiate High School at Mysore City;
(5) New High School at Hassan;
(6) Subsidiary buildings to the Krishnarajendra Hospital at Mysore City;
(7) New office block to the Palace at Mysore City;
(8) New Guests Mansion near Lalitadri Hill at Mysore City; and
(10) Construction of Lecture Halls and Students' Union at Bangalore City in connection with the University.

The following buildings are reported to have been completed previously, but the accounts were finally closed this year:—

(i) Extensions to the Revenue Survey Office building at Bangalore City;
(ii) New Taluk Cutcherry at Sidlaghatta;
(iii) Construction of the Chamarajendra Technical Institute at Mysyre City;
(iv) Quarters for Police constables at Nandidrug, K.G.F.;
(v) Residential block to the Palace at Mysore City; and
(vi) European Guests' Quarters at Mysore City.

The work in connection with the sanitary improvements to Shimoga did not make satisfactory progress.

7. *Communications.*—The amount spent on the maintenance of roads was Rs. 7,93,302 as against Rs. 8,66,028 in the year 1917-18 and the amount spent on original works was Rs. 1,83,670 as against Rs. 1,85,248 in the previous year. The improvements to the Chamundi Hill road were practically completed during the year. The bridge across the Tungabhadra river was opened for traffic. Collection of materials was in progress in the case of Balehonnur-Magundi-Belur road, Kadur District.

8. *Water-supply.*—The work of electrification of the pumping plant of the Chamarajendra Water Works of Bangalore City was begun during the year. Some progress was made in the lay-out of sub-mains for water-supply in the southern half of the Basavangudi Extension. Pipes were purchased to the value of Rs. 4,320 and kept in reserve for emergencies in cases of bursts in the mains and sub-mains.

The improvements to the Vani Vilas Water Works of Mysore City were completed during the year but the accounts are yet to be closed. Some progress was made in the laying out of water-supply pipe line to the Chamundi and the Chetnahalli Extensions in Mysore City and it is reported that a dozen public fountains with masonry platforms were erected.

9. *Establishment.*—The charges on account of establishment amounted to Rs. 8,93,186 as against Rs. 10,72,552 in the year 1917-18. The proportion to the total expenditure is 22·1 per cent nearly as against 22·0 per cent in the last year.

10. *General.*—The progress made in the examination of atchkats of tanks and in the experiment in silt clearing in Malnad tanks has not been reported. The Block system of irrigation under the Vani Vilasa Sagara made some steady progress. Preliminary estimates were got prepared for the reservoirs on the Kabini and the Suvarnavati in the Mysore District.

The report was received late in the year. It should be submitted punctually in future.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Chief Engineer in Mysore.
The Revenue Commissioner in Mysore.
The Secretary, Revenue Department.
PRESS TABLE.

Administration Report of the Railway Department.

No. G. 21602-3—G. M. 126-19-3, DATED 19TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

The Administration Report of the State Railway Department for the year 1918-19, received from the Secretary to Government for Railways with his letter No. 997, dated the 25th November 1919.

Order No. G. 21602-3—G. M. 126-19-3, dated 19th March 1920.

Recorded.

2. *Personnel.*—Mr. D. G. Dani, B.SC., F.C.H., continued as Agent and Secretary for Railways during the year.

3. *The Railway Committee.*—The Committees met eight times during the year and dealt with 13 questions.

4. *Lines worked by the Madras and Southern Mahratta Railway Company.*—The length of these lines continued to be the same as in the previous year, *viz.*, 411·23 miles. The gross earnings on these lines amounted to Rs. 45,58,616 as against Rs. 41,87,709 in 1917-18, showing an increase of Rs. 3,70,907 and the net earnings to Rs. 22,78,819 as compared with Rs. 21,65,734 in the previous year. The percentage of return on the capital outlay was 8·73 as against 8·29 in 1917-18. This increase is reported to be due to a larger movement of passengers, during the marriage season, the return of military officers and troops after demobilization and movement of heavy consignments of arecanut, food grains (wheat, etc.,) and timber. The net gain to Government during the year was Rs. 11,23,108 against Rs. 9,62,589 in 1917-18. The percentage of working expenses to gross earnings during the year on these lines ranged from 48·99 to 55·78.

5. *Lines worked by the State.*—The length of these lines was 231·75 miles, the same as in the previous year. The gross earnings amounted to Rs. 7,42,190 as against Rs. 4,61,636 and the net earnings to *minus* Rs. 10,800 as against Rs. 1,37,140, respectively, in the previous year. The net return on the capital outlay was ·08 as against 1·12 per cent in 1917-18.

Though there was some reduction of expenditure in the Traffic Department, the working expenses still remained very high. The high percentages of working expenses to gross earnings, which range from 94·39 to 110·71 are attributed to low earnings on account of want of rolling stock. Notwithstanding the statement that, with the supply of additional rolling stock and the introduction of more trains, the earnings will improve considerably, it ought to be possible to manage these lines more economically by a more careful scrutiny into the working expenses and it is hoped that this aspect of the question will receive due attention at the hands of the officers concerned.

6. *Locomotive Department.*—It is satisfactory to note that the train service was up to the mark and that there were few engine failures. A Loco Manual was compiled during the year.

7. *Carriage and Wagon Department.*—Nine vehicles were constructed both for the metre as well as the narrow gauges; nine carriages were half built and six rebuilt during the year. The stock on the lines is reported to have been maintained in running order in spite of insufficient supply of proper materials and machines, the Tarikere-Narasimharajapura section suffering heavily, however, for want of wheels.

8. *Traffic Department.*—On the Mysore-Arsikere Railways earnings increased both under coaching and goods, the average earnings per week per mile being Rs. 74·60 or Rs. 11·47 more than in the previous year; and on the Kolar District Railway the average income per mile per week rose from Rs. 53·63 to Rs. 58·92 in the year under report.

9. *The Telegram School.*—After the management of this school was transferred to the Railway Department, 21 candidates have undergone training and four students are reported to have been undergoing training in the third class started from 1st August 1919, the entire cost on this account being Rs. 2,728.

10. *Accounts and Audit.*—During the year, the control over the Railway audit Office was transferred from the Railway Secretariat to the Comptroller to Government. To cope with the increase of work in this Department, the audit establishment was substantially strengthened. The establishment dealing with the audit and compilation of railway stores was transferred from the Chief Store-Keeper's control to the Railway Audit Office. The second departmental examination in Railway Accounts was held during the year. The compilation of Railway Code and Manuals, incorporating the rules and orders in force has been taken up.

11. *Stores Department.*—The value of stock in the Railway Stores at the commencement of the year was Rs. 6,80,699 and the value of stores purchased during the year was Rs. 6,81,062. Stock of the value of Rs. 5,63,130 was issued during the year, leaving a balance of Rs. 7,98,631 at the close of the year. The cost of establishment of this branch was Rs. 12,705.

12. *Accidents.*—There were on the State lines 68 accidents to persons, 288 to cattle, 60 derailments, 42 engine failures and 434 other minor accidents.

13. *Concluding Remarks.*—There has been considerable delay in the submission of this report to Government. This should be avoided in future.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Secretary to Government for Railways.
The Chief Engineer in Mysore.

Printed Proceedings.

No. 1681-1730—E. A. G. 415, DATED 8TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

O. M. No. G. 9611-70—G. M. 18-19-5, dated the 1st November 1919, in *re* the distribution of copies of printed orders among the Heads of Departments, Deputy Commissioners of Districts and other officers.

Order No. 1681-1730—E. A. G. 415, dated 8th March 1920.

The existing arrangement for the distribution of printed copies of orders of Government has resulted in many an office getting copies of several orders which are not required in them and in denying certain other departments and offices the supply of an adequate number of copies of orders concerning them.

2. It is necessary, therefore, to revise the standard lists for the distribution of printed copies of the orders so as to ensure that all offices in the State get copies of all standing orders of general applicability. Similarly the supply of standing orders affecting particular departments should be limited to those departments only. Thirdly, orders other than standing order which are printed for the sake of convenience, or, on account of the importance of the subject matter need be supplied only to those officers to whom they are addressed and to such only of their subordinate officers as are concerned with their execution. Copies of all printed orders of whatever class need be sent only to a very limited number of offices connected with the general administration.

3. Standing Orders of general applicability will, in future, be marked "S.O.G" to deferentiate them from "S.O" standing orders applicable to particular departments.

4. Three standard lists showing (i) the offices to which copies of all printed orders will be supplied, (ii) the number of copies of orders marked "S.O.G" or "S.O" to be distributed to each department and office and (iii) the number of copies of printed orders other than S.Os to be distributed to the departments concerned are accordingly prepared and appended to this order. Spare copies of "Standing Orders" and of "Standing Orders General", will, in future, be despatched direct from the Press in accordance with list II despatch of the former being however limited to the offices in Departments referred to at the end of the Standing order. Spare copies of printed orders other than Standing orders will be distributed by the Secretariats concerned to whom the Superintendent will send all printed copies as hithereto.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To The Secretaries to Government in all Departments.
The Heads of Departments.
The Deputy Commissioners of Districts.
The Superintendent, Government Printing.

No. 912-35—Stl. 21-19-2, dated 6th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. C. Per. 107 dated 27—30th January 1920, from the Revenue Commissioner in Mysore, submitting a consolidated return of Village Statistics in Mysore with his review thereon for the year 1918-19.

(Printed as annexures.)

Order No. 912-35—Stl. 21-19-2, dated 6th March 1920.

Recorded.

1. The statistics and review have, as usual been received after considerable delay ; nor has the delay led to any greater accuracy in the figures. In fact, the figures of the Bangalore District are in some cases identical with those of 1917-18.

2. *Village activities.*—The statistics cover 185 villages more than in the previous year, being for 18,923 against 18,738 villages in 1917-18. The number of Village Committees administering these villages has decreased from 10,929 to 10,524. There are also similar decreases of varying degrees, in the number of committees that did real work, quantity of village improvement work turned out, the value of religious and charitable works executed by private parties, the number of villages where weekly meetings were held for purposes of education and of those where communal labour was rendered for half a day in the week. The regularity with which communal labour was rendered shows also considerable decline. The general reason given for these decreases is the prevalence of influenza and the economic strain on the population consequent on scarcity of food stuffs and rise of prices.

3. *Population Statistics.*—The population of these villages numbered 47,71,549 against 49,07,650 in 1917-18, the decrease of 2 lakhs being mainly due to the ravages of influenza. Some considerable discrepancy in numbers is noticeable between the decreases in the different sex and age groups indicated by these figures and those indicated by the statistics of influenza mortality supplied by the Sanitary Commissioner. The relative variations, however, do not differ and the total decrease as evidenced by these figures is about the same, *i.e.*, 2 lakhs, as that disclosed in the other set of figures. On examining the incidence of mortality by occupations, it is found that it was heaviest among agriculturists. The decrease in the total population depending on agriculture as given in these statistics, almost equals the decrease in the total population, the decrease in some of the other occupations being set off by increases in others. The only conclusion open from these figures is that the decrease under agricultural population is occasioned, not merely by influenza mortality but also by transfers of agricultural population to other occupations to some considerable extent. For example, the decrease under labour is only 4,000 for a population of 4,26,000 and the number under "other occupations" gives an increase of 14,000 in a population of 2,40,000. Both these groups doubtless suffered to an appreciable extent from the prevalence of influenza and the absence of substantial decreases in them shows that their ranks have received appreciable additions from agriculture. Such transfer is most noticeable in Kolar and only slightly less so in Tumkur. It is noticeable in the districts of Mysore and Chitaldrug also. The circumstances that led to the transfer of agricultural population to the other occupations as well as the exact nature of the so called "other occupations" deserve careful study by local officers. It is well to remark in this connection that the group "other occupations" includes mendicants also and it would be a matter of no small concern if it should turn out that the transfers from agriculture have really been to that class. These statistics give also a general impression of higher mortality among dependents than among actual workers, except in the case of agriculture where the male workers show the heaviest percentage of mortality.

4. *Education.*—Coming now to the statistics relating to education, it is found that the increase by 145 in the number of schools (8,040 against 7,895) was very

slight indeed and that the number of Government schools at the end of the year was actually less than that in the beginning in Mysore, Shimoga and Chitaldrug Districts. In view of the fact that hardly 2,19,414 pupils or 4·5 per cent of the total population are receiving instruction and that only 2,67,448 persons or 5·6 per cent of the total population dealt with in this return are literate, it is not a matter that Government can contemplate with equanimity, that the activity to keep up a steady, though slow increase in the number of institutions should have abated. Government note also that the actual number at school was 6,000 less at the end of the year than at the commencement and that the largest deficiency was under boys, being 3,880. The argument that influenza is responsible for this decrease cannot be accepted, as the figures relate to the strength of schools in April or in June 1919, *i.e.*, over 4 months after the abatement of the influenza epidemic. The decreases were largest in Mysore being 2,000 under boys and 800 under girls, while there was a decrease of 1,800 under adults in Tumkur District. It is possible that the decrease under adults in Tumkur is only apparent and is actually due to an inflated figure having been given in the previous year, but the decrease in the Mysore District is disconcerting. The total number of reading rooms and similar institutions at the end of the year is found to be 1,709 as against 1,671 in 1917-18, there being a large decrease of 126 in Tumkur and of 93 in Mysore. Comparing, however, these figures with the figures of 1914-15, it is found that in spite of the temporary decrease consequent on the exceptional features of the year, the advance over the previous quinquennium has been maintained. The total number under instruction showed an increase of 35,000 or 25 per cent under boys, 10,000 or 50 per cent under girls and 12,000 or 250 per cent under adults.

5. *Agricultural production.*—In statistics of agricultural production, the bad seasons and the high prices are both found reflected. Though there was a shrinkage under area cultivated (59,71,422 acres against 63,19,014 for last year) the value of outturn (Rs. 10,80,74,515 against Rs. 10,59,29,376 for 1917-18) was higher than that of the previous year by 20 lakhs owing to the high prices. It is not possible, however, to accept these figures as wholly accurate, the figures in several cases, particularly in the Bangalore District bearing evidence of inaccuracy, *e. g.*, the value of ragi produced in the Bangalore District during 1918-19 is given as 1,18,00,000 against the value of 83 lakhs in the previous year. Similarly the value of the output under horse-gram and other pulses is given at 21 lakhs against 5 lakhs in the previous year. Allowing both for increased production as the result of the special food production campaign conducted by the Agricultural Department in regard to summer crops last year, and also for high prices, it is difficult to accept these figures without a guarantee of reasonable accuracy from the local officers and this is not forthcoming.

Under Mulberry (37,740 acres against 28,311), an increase of 110 per cent is shown in the value of outturn of the whole State, Bangalore alone claiming an increase in value to the extent of Rs. 5,40,000 over the previous year's figure of Rs. 1,80,000 and Mysore claiming an increase of Rs. 6,50,000 over the previous year's figure of Rs. 4,90,000. These figures again have been submitted without special comment and guarantee. The Deputy Commissioners and the Superintendent of Sericulture are requested to get these figures verified and to issue instructions for the correct recording of values in future years.

7. *Agricultural stock.*—The general trend of statistics of agricultural stock is not encouraging. Though the apparent decrease of 2 millions under live-stock (72,12,530 against 92,08,552) is due to an error to that extent in the figure for Shimoga given for 1917-18, there is still evidence of appreciable loss under this head. There was a substantial decrease of 21,220 in the number of ordinary ploughs and there was no increase worth mentioning in the number of improved ploughs in use. The decrease in irrigation wells even in a year of comparative drought is evidence of the lack of resourcefulness in the raiyats at present. The number of pumping installations in use shows an apparent decrease of 80 from 189 in the previous year but a reference to the figures for 1916-17 discloses that the decrease is fictitious inas much as the figure for Shimoga given for the intermediate year (1917-18) was inflated to the extent of nearly 80.

7. *Industrial output.*—The outstanding feature of the industrial statistics is the large decrease in the quantity of output under weaving, though the value of even this decreased output is higher than that of the output of 1917-18 being Rs. 51,56,799 against Rs. 50,12,659. It is obvious, however, that there could have been no increase in the real wages of the weavers. The figures under sericulture are again misleading, the unit of quantity adopted in Kolar District being obviously different (and comparatively minute) from those adopted in the other districts. The value of output under this head shows some increase due to high prices.

The sudden decrease from 1,954 in the previous year to 799 in the number of *charkees* in use requires also explanation.

Comparing the incomes of several occupations, it is seen that weaving still retains the first place, yielding an income of Rs. 41·5 per head of population depending upon it. Silkworm rearing comes next with Rs. 34·2 per head. Agriculture including under this head the rural labourer as well, who mainly depends on agriculture yielded Rs. 25·5. The potter comes last with Rs. 18·3 per head. Taking non-agriculturists, all told, their average income is found to be Rs. 9·5 which is obviously due to the unproductive nature of the so called "other occupations" comprising 2·5 lakhs of people, against 2·9 lakhs of people in specified occupations.

There are still over 8 million acres of assessed land available for cultivation and liberal rules exist also for the grant of *shraya* tenures and of takavi loans in deserving cases. With such facilities and with 6·5 lakhs of people with neither land nor specified occupations, the Revenue Officers whose duties in four districts have been considerably lightened by the separation of Judicial and Executive functions have ample scope for useful activity in the direction of settling this population gradually on the land.

8. *Economic condition.*—The figures given under the heading "Economic conditions and agencies for imporvement" tell also a similar tale of lack of progress. The number of agricultural families having subsidiary occupations has decreased by 4,000 (72,720 against 76,951) and that of families which can sustain themselves in successive years of scarcity has fallen by 7,700 (51,243 against 58,996). The other unfavourable features have already been referred to in paragraph 3 of the review. The percentage of the members of Co-operative Societies to the total number of possible members (heads of families) is very low being only 4·6 per cent. The number of villages having some communal institution or other is still inconsiderable. A review of these figures therefore only impresses upon Government the need for greater vigilance and activity in the cause of rural amelioration and they desire to call upon all their local officers to make sustained efforts in this behalf.

9. Government are aware that the conditions during the year were exceptional. Substantial progress stands to the credit of the local officers as the following table prepared for the quinquennium (1914-15 to 1918-19) will show:—

STATE AVERAGE.

1914-15.	1918-19.
One school for every 847 persons.	One school for every 593 persons.
Twenty-nine pupils in each school.	Twenty-nine pupils in each school.
Literacy—4·9 per cent of the population.	Literacy—5·6 per cent of the population.
Percentage of pupils under instruction to total population 3·4 per cent.	Percentage of pupils under instruction to total population 4·5 per cent.
Average income per agriculturist Rs. 21.	Average income per agriculturist Rs. 25·5.
Average income per head of population Rs. 20.	Average income per head of population Rs. 23.
One Co-operative Society for every 27 villages.	One Co-operative Society for every 22 villages.
One Reading Room for every 8,231 persons.	One Reading Room for every 2,792 persons.

1914-15.	1918-19.
One Improved plough for every 465 ordinary ploughs.	One Improved plough for every 217 ordinary ploughs.
Seventy-one pumping stations or 8·8 per district.	One hundred and nine pumping stations or 13·6 per district.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Secretary, Economic Development Board.
The Director of Agriculture.
The Director of Industries and Commerce.
The Inspector-General of Education.
The Registrar of Co-operative Societies.
The Sanitary Commissioner in Mysore.
The Superintendent of Sericulture.
The Deputy Commissioners of Districts.
The Presidents of District Boards.

PRESS TABLE.

Exd.—C. R.

ACCOMPANIMENT.

REVENUE COMMISSIONER'S REVIEW OF THE CONSOLIDATED RETURN OF VILLAGE STATISTICS FOR THE YEAR 1918-19.

The accompanying consolidated statement gives the agricultural and industrial statistics for rural areas under the Village Improvement Scheme for 1918-19. These statistics deal with 18,923 villages as against 18,738, during 1917-18. Of the 2,659 villages for which statistics are furnished by the Deputy Commissioner, Tumkur District, 343 are *bechirak*, and of the 2,014 villages for which statistics are furnished by Deputy Commissioner, Shimoga District, 272 are *bechirak* and 74 inam, statistics in respect of 215 inam and 61 *bechirak* villages of the Tumkur District, 4 inam villages of Malvalli Taluk, 2 of Seringapatam Taluk and 27 of Krishnarajpete Taluk are reported to have not been furnished. Similar information has not been received from the remaining five districts. A brief note referring to the salient points was furnished only by the Deputy Commissioner, Shimoga, who observes that the number of villages for which statistics are furnished in the return for 1918-19 is 2,014 as against 2,093 in the return for 1917-18, that the figure, *viz.*, 2,093 given in the return for 1917-18 is incorrect, that there are only 2,031 villages in the District excluding the 10 Municipalities and the 7 villages included therein and that the number of villages for which statistics have to be collected is only 2,014.

Progress under the Village Improvement Scheme.

These 18,923 villages were served by 10,524 Village Improvement Committees as against 10,929 Committees in the previous year there being a decrease in the number of Committees in Bangalore, Mysore and Shimoga Districts. 5,039 Village Improvement Committees did real work during 1918-19 as against 5,450 during the previous year while works to the total value of only Rs. 3,99,668 were executed during 1918-19 as against Rs. 7,29,519 during 1917-18. The aggregate value of religious and charitable works executed during the year was only Rs. 2,13,927 as against Rs. 3,47,215. The number of Committees holding weekly meetings for purposes of spreading information and enlightenment by reading newspapers was 4,169 as against 4,615 and the number of villages which devoted half a day a week for Village Improvement works was 7,458 as against 8,876 the total number of days on which the raiyats so worked being only 57,919 as against 2,16,671 during 1917-18.

It will thus be seen that the progress under the Scheme was poor; but this unsatisfactory progress was due to a great extent to the prevalence of influenza in a deadly form, the adverse seasonal conditions and the consequential scarcity and prohibitive prices of food stuffs.

It may be noted in this connection that Government in their Order No. 2892-4—R. M. 1-18-29, dated 24th August 1918, sanctioned the starting of Village Improvement, works in the Gundlupet Taluk up to a limit of Rs. 2,500 without receiving the usual moiety of the cost from the raiyats in order to provide means of livelihood to the poor people affected by the drought but only one such work was sanctioned in the taluk and even this was not started owing to scarcity of labour. It therefore seems that the actual state of affairs was somewhat exaggerated by the people of the taluk. Further in view of the adverse seasonal conditions the food situation and the consequent inability of the people to contribute towards Village Improvement Works, Government in their Order No. 11706—R.M. 4-18-16, dated 13th March 1919 were pleased to waive the payment of contribution in respect of Village Improvement works in all affected parts of the State a concession which was appreciably availed of in Kolar and Hassan Districts.

Population.—The total population dealt with by the consolidated Return is 47,71,549 distributed among 10,25,648 families the population having decreased in all the districts. The number of deaths during the year exceeded the number of births by 2,05,020 and the influenza which was prevalent in an epidemic form accounts for this abnormal excess of the number of deaths over the number of births.

Literacy and education.—The percentage of literates to the total population was 5·60 as against 5·38 in 1917-18 and 5·30 in 1916-17. The number of schools on the whole increased by 145. There was a fall in the number of private unaided schools owing it is presumed, to their conversion into aided schools. There was a decrease in the number under instruction by 6,013 the total number under instruction being 4·5 per cent of the total population.

The following statement shows the number of boys, girls, and adults attending schools or otherwise receiving instruction during the last five years.

Year	Boys	Girls	Adults	Total
1914-15	1,35,086	20,763	5,618	1,61,467
1915-16	1,44,407	22,424	8,462	1,75,293
1916-17	1,68,663	29,826	14,863	2,13,352
1917-18	1,73,735	31,700	19,992	2,25,427
1918-19	1,70,475	31,036	17,903	2,19,414

From the statement it is seen that 35,389 more boys, 10,273 more girls and 12,285 more adults received instruction during 1918-19 than during 1914-15. The number of reading rooms and similar institutions rose from 1,671 to 1,709.

Occupations.—No abnormal variations are noticeable in the division of population according to occupations. Out of a total population of a little over 47 lakhs including dependents engaged in various occupations little over 38 lakhs are engaged in agriculture. Of the remaining population 1·23 lakhs are engaged in trade, 70 in weaving, ·24 in pottery, ·18 in carpentry, ·34 in smithy and ·17 in silk-worm rearing and silk reeling.

There is not much appreciable change in the figures as compared with those of the previous year. The figures show an increase of 55 in the number of silk looms, 473 in that of woollen looms, and a small decrease in the number of cotton looms. Seventy-two thousand seven hundred and twenty families with agriculture as their principal occupation have subsidiary occupations and 51,243 families are stated to be capable of maintaining themselves from their savings during two successive years of distress. It is curious that Mysore District which has great facilities for irrigation has only 5,237 such families as against 11,430 in Bangalore District and about 7,000 in either Tumkur or Hassan Districts and against 8,644 in Chitaldrug District in spite of its reputed poverty, uncertainty of rainfall over it.

The average income per agriculturist including dependents was Rs. 28·38 for the year in spite of the adverse seasonal conditions, the average income per weaver including dependents was Rs. 41·65, per potter Rs. 18·32, per silk rearer Rs. 34·23.

Agricultural outturn.—The following table shows the area of the land under the several crops and the estimated value of the probable outturn as compared with the previous year.

No. 912-35—Stl. 21-19-2, dated 6th March 1920.

No.	Name of crop	Year	Area	Value
				Rs.
1	Paddy	1917-18 ..	8,14,351	2,19,52,147
		1918-19 ..	6,57,723	1,82,81,756
2	Ragi	1917-18 ..	22,78,272	3,43,92,782
		1918-19 ..	20,76,791	3,41,69,532
3	Jola	1917-18 ..	5,73,224	69,83,486
		1918-19 ..	6,27,702	74,87,024
4	Horse gram and other pulses ..	1917-18 ..	9,92,340	95,32,478
		1918-19 ..	12,18,309	1,39,26,920
5	Sugarcane	1917-18 ..	54,939	55,64,098
		1918-19 ..	43,500	46,84,819
6	Oilseeds	1917-18 ..	3,03,926	31,06,192
		1918-19 ..	2,14.673	29,04,016
7	Mulberry	1917-18 ..	26,510	8,90,844
		1918-19 ..	37,740	21,66,945
8	Cotton	1917-18 ..	1,56,438	50,93,763
		1918-19 ..	1,41,962	39,02,817
9	Cocoanut and supari ..	1917-18 ..	1,44,636	78,28,985
		1918-19 ..	1.41,726	78,04,077
10	Coffee and cardamom ..	1917-18 ..	98,850	35,46,711
		1918-19 ..	97,169	55,91,281
11	Other crops	1917-18 ..	8,73,727	68,74,900
		1918-19 ..	1,14,127	71,55,328
	Total for ..	1917-18 ..	63,19,014	10,59,29,376
		1918-19 ..	59,71,422	10,80,74,515

On the whole there was a decrease owing to insufficient rainfall in the area under agricultural crops by 3,47,592 acres though there was an increase in the total value of the agricultural output by about 21½ lakhs of rupees. The area under paddy decreased by a litttle above 1½ lakhs of acres, under ragi by a little more than 2 lakhs of acres, under sugarcane by 11,439 acres, under oilseeds by 89,253, under cotton by 14,476, under cocoanut and supari by 2,910, under coffee and cardamom by 1,681, under other crops by a little more than 1½ lakhs of acres; but the area under Jola increased by 54,478 acres, under horsegram and other pulses by about 2¼ lakhs of acres and under Mulberry by 11,230 acres. It is seen that a decrease in the area under a crop during the area brought a decreased income and an increase in area an increased income. The value of the gross agricultural produce is estimated at about 10 crores and 80 lakhs and the average value of outturn per acre works out at Rs. 18·09 per acre as against 16·7 during 1917-18. It would be useful if District Officers will take steps to verify the figures entered in the returns for a few selected villages by ascertaining the actual outturn and the value thereof according to the prevailing market rates.

Industrial Output.—The total industrial output is estimated at about 51·56 lakhs as shown below:—

Weaving	29·51 lakhs.
Silkworm rearing and silk reeling	5·91 „
Pottery	4·55 „
Other industries	11·58 „

The total value of the agricultural and industrial production during the year as given in the return amounts to Rs. 11,32,31,314. This works out at about Rs. 23·73 per head of rural population as against 22·60, the figure arrived at in the last return.

No. 912-35—Stl. 21-19-2, dated 6th March 1920.

Agricultural Resources.—The number of improved ploughs in use is 3,994 as against 8,66,608 ordinary ploughs. Improved ploughs are very popular in the Bangalore District, the number of such ploughs used in the district being 1,279, *i.e.*, 87 more than the number used in Kolar, Tumkur and Mysore Districts put together and 168 more than the number used in Hassan, Shimoga and Kadur Districts put together. There is in the State one Sugarcane Mill for about every nine acres under sugarcane cultivation. Eight hundred and seventy villages have Co-operative Societies, each Co-operative Society serving on an average, a population of 5,484. There was a decrease in pumping installations from 189 in 1917-18 to 109 which was the figure for 1916-17. The number decreas-ed from 81 to 6 in the Shimoga District and the decrease is not accounted for.

The statistics forcibly indicate that the rural industries are not in an advanced condition and that few of them afford more than a living wage to the persons engaged therein. Agriculture which is the chief occupation and which does not provide full employment even during years of sufficient rainfall suffered owing to scanty rainfall during the year. An extension of commercial crops and a more intensive cultivation of other crops is desirable. The hard economic struggle inflicted on all classes of people by the adverse seasonal conditions and the scarcity and high prices of food stuffs was less unfavourable to the agriculturist than to the non-agriculturist.

In spite of the experience gained by Village Agencies in the collection of these statistics there seems to be a wide margin of error yet especially as regards outturn of crops. Proposals for improving the accuracy of these statistics are under consideration and will be shortly submitted to Government for their consideration.

Consolidated return of Village Statistics under the Village Improvement Scheme, for the Mysore State for the year 1918-19.

Name of village, hobli, taluk or district	Total number of villages	Number of Village Improvement Committees	Vital statistics								Education			
			Total number of families at the end of June 1918-19	Total population					Number of births during the year	Number of deaths during the year	Number of literates			Percentage of literates to the total population
				Males over 16 years	Females over 16 years	Males 16 years and under	Females 16 years and under	Total			Males	Females	Total	
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15

Tank Panchayets.

No. 10460-9—L. R. 14-19-16, DATED 10TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 51-1, dated the 2nd—6th February 1920, from the Revenue Commissioner in Mysore forwarding a consolidated statement showing the progress made in the constitution of Tank-Panchayets during the the half-year ended 30th June 1919, with a copy of his review *thereon.

*(Printed as an annexure.)

Order No R 10460-9—L. R. 14-19-16, dated 10th March 1920.

Recorded.

2. The inordinate delay in the submission of the returns particularly from the Districts of Bangalore and Hassan is very unsatisfactory.

3. Progress in the constitution of Tank Panchayets is very poor in all the districts.

4. Report of work actually done by the Panchayets has not been furnished by the Deputy Commissioners of any of the districts, except Chitaldrug, though their attention was drawn to the omission in previous half-yearly reviews of Government. The Revenue Commissioner is requested to obtain and submit to Government a special report on the subject from all the districts with his review thereon.

5. Government note with satisfaction that one of the Tank Panchayets in the Chitaldrug District is reported to have recovered contribution and sent up an estimate for earthwork to the tank.

6. The submission of the progress report for the half-year ending 31st December 1919, which is already overdue should be expedited.

B. RAMASWAMAIYA,
Secy. to Govt., Revenue Dept.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts.

*ANNEXURE.

Review of the Revenue Commissioner on the progress made in the constitution of Tank Panchayets during the half-year ending 30th June 1919.

Recorded.

2. The accompanying statement shows the progress made during the period under review.

3. Excepting the returns from Kadur, Tumkur, Hassan and Mysore those of the remaining districts were received after considerable delay. The districts that delayed most were Bangalore and Hassan, as the returns from these districts were received on 9th December 1919 and 22nd December 1919 respectively. Such inordinate delays should invariably be avoided in future, as the reviews of belated returns will not serve any useful purpose.

4. The Deputy Commissioners of Bangalore and Kolar Districts have not as before furnished figures in column 4 showing the number of restored major tanks in each of their districts though their explanation for the omission was called for by Government in their Order No. R. 17-25—L. R. 14-18-32, dated Camp, Mysore, 27th April 1919, and the explanation is yet to come.

No. R. 10460-9—L. R. 14-19-16, dated 10th March 1920.

At the beginning of the half-year under review, there were 95 Tank Panchayets constituted in the State as against 71 at the beginning of the previous half-year. According to the figures furnished by the Deputy Commissioner, the number of Tank Panchayets constituted in the Tumkur District at the beginning of the previous half-year was 37 and four more Panchayets were constituted during that half-year, thus the total at the end of the half-year or at the beginning of the period under review should be 41, but the figure furnished by the Deputy Commissioner in the statement is 59. This variation requires explanation. The Deputy Commissioner is therefore requested to send up a list of all the Tank Panchayets till now constituted and the number and date of the Government Orders sanctioning the same.

5. During the half-year under review, no progress was made in the constitution of Tank Panchayets in any of the districts excepting Tumkur and Mysore. The number constituted even in these two districts is exceedingly poor being five and one respectively. Altogether Panchayets for four major tanks were proposed during the year one in each of the Districts of Tumkur and Mysore and two in the Kadur District.

6. It is stated that the formation of Tank Panchayets in respect of about 6 tanks in the Mysore District was under correspondence and that steps were being taken to bring five major tanks in the Kadur District under the Tank Panchayet Regulation. The Deputy Commissioner of Chitaldrug reports in his letter No. Per. 10-2—Mt. 18-19, dated 15th July 1919, that six proposals had been received by him in respect of six tanks in Chitaldrug and Davangere Taluks and that the same were returned to the respective Amildars for further particulars.

Though it was pointed out several times both by this and Government that a report of the actual working of the Tank Panchayets constituted in each district should be forwarded along with the statement, the Deputy Commissioners of Districts, except Chitaldrug, have not furnished the same. It is interesting to note that 4 Tank Panchayets in the Chitaldrug District held their meetings in the month of April 1919, and the rest in June 1919 and that one Panchayet had, after recovering contribution, sent up an estimate for doing earthwork to the tank. In the absence of similar information, it is impossible to make out whether any work at all has been turned out by the several Panchayets constituted in the State and what purpose is being served by them. The Deputy Commissioners are therefore requested to furnish along with the periodical statements a report of the work done by the Panchayets in the districts, making special reference to instances of good voluntary work. The Amildars of the four districts in which separation of Judicial and Executive has taken place should be able to inspire in their Taluk Panchayets to show much better work in future.

Statement showing the progress made in the constitution of Tank Panchayets during the half-year ended 30th June 1919.

READ—

Paragraphs 4 and 5 of Government Order No. R. 6185-233—L. R. 641-13-14, dated 16th December 1916, directing that, as a rule, no Deputy Commissioner should be in direct charge of taluks, and requesting the Revenue Commissioner to submit proposals for the extension of the Sub-Divisional system to the taluks in direct charge of Deputy Commissioners.

2. Government Order No. R. 6720-778—L. R. 397-16-8, dated 30th November 1918, directing the constitution of three new Sub-Divisions in the districts of Hassan, Kolar and Kadur.

3. Letter No. C. 145—Gl., dated 4th September 1919, from the Revenue Commissioner in Mysore, recommending that Hiriyur Taluk at present under the direct charge of the Deputy Commissioner, Chitaldrug District, may be added to the Chitaldrug Sub-Division.

Order No. R. 10150-209—L. R. 208-19-2, dated 5th March 1920.

The recommendation of the Revenue Commissioner is approved.

Inam Villages under Government Management.

No. R. 10269-70—L. R. 285-19-4, DATED 6TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 112-1, dated 7—15th January 1920, from the Revenue Commissioner in Mysore, submitting the Annual Report on the Administration of Inam villages under Government management for the year 1918-19.

Order No. R. 10269-70—L. R. 285-19-4, dated 6th March 1920.

Recorded.

2. The Report which was due on 1st October 1919 has been received on 17th January 1920. This delay is unsatisfactory.

3. During the year under review survey and settlement are reported to have been introduced into 163 villages and estates out of a total of 196 villages and estates.

4. The Deputy Commissioners conducted the jamabandi of 22 and Sub-Division Officers of 157 villages and estates respectively.

5. *Demand, Collection and Balance.*—Out of the total demand of Rs. 3,79,581 including the previous arrears of Rs. 2,05,800, the outstanding arrears at the end of the year under review were Rs. 2, 22, 429. Prompt steps should be taken to reduce these arrears which are heaviest in Hassan, Bangalore and Mysore Districts being Rs. 91, 248, 69, 403, and 41,078 respectively. It is very unsatisfactory that the percentage of collection to demand is only 41'4% in the inam villages.

6. *Improvement of villages and estates.*—It is gratifying that some improvement was effected in the villages and estates during the year, by the introduction of the Village Improvement Scheme in all the villages of Hole-Narsipur Taluk, the opening of a Boys' and Girls' school in Jodi Gubbi village, a rural Anglo-Vernacular School and Vaidyasala in Sravanabelagola, Channarayapatna Taluk, and various like measures of public utility.

7. The Revenue Commissioner is requested to furnish the information asked for in para 5 of Government Order No. R. 12153-4—L. R. 40-18-2, dated 22nd March 1919, *re* the arrears in inam villages that had accrued before the assumption of their management by Government in the Revenue Department. The special reports *re* the inam village of Doddathahalli, Krishnarajpete Taluk, called for in para 7 of the Government Order referred to above, should be expedited together with the reports in the case of the inam villages of Mr. Siddaraj Urs and Krishnajammaniavaru.

8. It is not clear whether the figures in the statement of loans outstanding against the encumbered estates had been sent to the Comptroller and the inamdars for verification. This information should be furnished very early with a revised statement giving greater details of all the encumbered estates against which the arrears are outstanding.

No. R. 10269-70—L. R. 285-19-4, dated 6th March 1920.

PRELIMINARY.

This is the third report submitted in the form prescribed in Government Order No R. 9496-505—L. R. 205-16-12, dated 14th March 1917. The reports from the Deputy Commissioners of Districts were due in this office on 1st September 1919 and the consolidated report was due to Government on 1st October 1919. The dates on which the reports were actually received in this office are noted in the margin. Except the nil report from the Shimoga District which was received on 15th August 1919 and the report of the Tumkur District which was received on 3rd September 1919, none of the other reports were submitted in time. The report of the Bangalore District was received so late as 8th November 1919. The Deputy Commissioner of Kadur District from whom a *nil* report was being received hitherto, submitted his report on 22nd December 1919. It is hoped that the Deputy Commissioners of Districts will be more punctual in future in the submission of their reports.

	Total ..	3	5	3	...	3	..	108	86

Two villages in Tumkur District, *viz.*, Garagadakuppe and Thimmasandra were taken over under Government management during the year as per Government Order No. 594-573-17-2, dated 16th August 1918. Two villages in Hassan District belonging to Sri Vedavyasa Sampasta Narasimhaswami Mutt at Subramanya, South Canara District, were

restored to the Mutt as per Government Order No. 45-47—Muz. 99-13-7, dated 5th July 1918, and the village of Jodi Chamalapura in Mysore District was restored to the proprietor Mr. Nabhirajia under orders of the Revenue Commissioner (No. 3066—Gl. 18-19, dated 19th February 1919).

II. INTRODUCTION OF SURVEY AND SETTLEMENT.

The following statement shows by districts the number of inam villages into which Survey and Settlement have been introduced.

No.	District	Previously introduced	Introduced during the year	Not introduced	Remarks
		Villages and Estate	Villages and Estates	Villages and Estates	
1	Bangalore ...	43	...	4	(*a*) In Kangana Koppa village survey operations have been completed but settlement is pending. (*b*) Survey has been introduced into the village of Bale Attikuppe in French Rocks Sub-Taluk but not settlement. Survey and settlement were not introduced, it is reported, into village of Asuvalu in Hunsur
2	Kolar ...	23	...	3 (*a*)	
3	Tumkur ...	16	1	...	
4	Mysore ...	44*	...	5 (*b*)	
5	Hassan ...	31	...	7

7	Kadur ...	1	Nil	...	
8	Chitaldrug ...	4	Nil	..	
	Total ...	163	1	19	

Taluk and Horeyala in Gundlupet Taluk for the reason that it would result in a material decrease of Revenue. Steps are being taken to introduce Survey and Settlement into the remaining villages.

*Information not furnished regarding the twelve estates of Mysore District.

III. JAMABANDI.

The following statement gives the particulars of jamabandi held by Revenue Officers and shows the number of cases of encroachments and transfer of pattas dealt with during the year.

No.	District	Conducted by		No. of cases of encroachments	No. of applications for transfer		Remarks
		The Deputy Commissioner	The Sub-Division Officer		Disposed of	Pending	
1	Bangalore ...	13	34	...	31	...	In the case of Kondarajanahalli, Sidlaghatta Taluk, the jamabandi was conducted by the Amildar and in one case the jamabandi was not conducted. *It is stated that information as to the settlement of jamabandi in Bale Attikuppe village in French Rocks Sub-Taluk is not received.
2	Kolar ...	...	24	...	3	...	
3	Tumkur ...	1	16	...	not furnished	...	
4	Mysore ...	2	46*	7	66	6	
5	Hassan ...	3	35	...	not furnished	...	
6	Shimoga ...	...	...	Nil	...	..	
7	Kadur ...	1	...	...	...	...	
8	Chitaldrug ...	2	2	...	12*	...	
	Total ...	22	157	7	112	6	

*Information not furnished regarding 12 estates in Mysore District.

2. The Deputy Commissioners conducted the jamabandi of 22 and the Sub-Division Officers of 157 villages and estates. The jamabandi of one village in Kolar District was conducted by the Amildar. Seven cases of encroachment in the Chamrajnagar Taluk in Mysore District were dealt with during the year. There were 118 cases of transfer of pattas in all the districts of which 112 were disposed of.

3. The demand was settled before the commencement of the Collection Season in all the villages of the Chitaldrug District and the villages of T.-Narsipur and French Rocks Sub-Taluk in Mysore District and in all estates of Kolar District except in the Mulbagal Taluk. The other district reports are silent on the point.

4. *Steps taken for the proper maintenance of boundary marks.*—It is reported that boundary marks of 86 survey numbers in the inam villages of T.-Narsipur Taluk were inspected by the Amildar and 143 by the Shekdars during the year and those in disrepair were set right. In Bangalore and Kolar Districts the boundary marks were said to be in good condition, but the other district reports are silent on the point.

5. The accompanying statement shows the demand, collection and balance of revenue in the inam villages under Government management during the year under report.

Statement showing the Demand, Collection and Balance of revenue of inam villages under Government management.

No.	District	Demand			Collection, including remissions	Balance					Percentage of collection to the total demand
		Arrears at the beginning of the year	Demand for the year	Total demand		In respect of the year under report	Of the preceding year	Over two years old	Time barred	Total	
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1	Bangalore ...	64,566	27,868	92,434	28,031	8,490	3,459	21,687	35,597	69,403	24·8
2	Kolar ...	12,400	9,170	21,570	7,927	2,959	2,346	7,697	1,042	14,243	33·4
3	Tumkur ...	4,253	14,850	19,103	15,356	1,846	649	739	513	3,747	80·3
4	Mysore ...	42,497	85,958	1,28,455	87,377	1,744	423	739	4	41,078	67·9
5	Hassan ...	79,121	31,032	1,10,153	18,905	16,305	6,682	68,261	...	91,248	17·1
6	Shimoga ..	...	...	...	...	...	...	...	...	...	...
7	Kadur ...	1,769	1,513	3,282	1,357	412	258	872	383	1,925	41·4
8	Chitaldrug ...	1,191	3,390	4,581	3,799	403	83	309	90	785	82·9
	Total ...	2,05,800	1,73,781	3,79,581	1,57,152	31,999	13,929	1,00,704	37,629	2,22,429	41·4

[1] Details of only Palace Estates; details for other estates not given.

6. The arrears at the beginning of the year amounted to Rs. 2,05,800 and the demand for the year was Rs. 1,73,781. The total demand was thus Rs. 3,79,581 and the collection including remissions was Rs. 1,57,152. The percentage of collections to the total demand in the several districts as well as in the State is shown in the statement. In Kolar, Bangalore, Hassan and Kadur Districts not even the current demand was realized. It may be remarked that the villages belonging to the Nandagudi family are responsible for a greater portion of the arrears.

7. The balance at the end of the year was Rs. 2,22,429. The arrears in the Districts of Bangalore, Mysore, Hassan are very heavy. The percentage of collection in the Hassan District, 17·1 is discreditable and Bangalore and Kolar are not much better. A spirit of lethargy in collection appears to be prevailing and has to be put a stop to. The Deputy Commissioners will be requested to pay particular attention to the matter and impress on the subordinate officers the necessity for making strenuous endeavours to appreciably reduce the arrears during 1919-20.

IV. INCREASE OF REVENUE.

The Deputy Commissioner of Mysore reports that out of eight darkhasts that were pending in Chamrajnagar Taluk at the beginning of the year, seven were disposed of and that no new darkhasts were received during the year and that the increase of revenue derived amounted to Rs. 108-6-0. In Chitaldrug District out of two darkhasts, one was disposed of and a malki of Rs. 246-5-11 was realized, and the other is pending. The Deputy Commissioner of Kolar reports that one darkhast that was pending since December 1917 in Sidlaghatta Taluk was disposed of during the year. The reports of the remaining districts are silent on the point.

V. VILLAGE SERVANTS.

Except the mahal jodi village of Vibhutipura in Kolar Taluk, where there is no patel all villages had village servants. The patels are said to be generally illiterate. The shanbhog of Tirunalli village in Hunsur Taluk is reported to be inefficient and attempts are being made to secure a competent and reliable man for the place. In one village of Hassan District, *viz.*, Ankanathapura, the shanbhog is also the patel. This is objectionable. the Deputy Commissioner will at once appoint another person to look after the pateli duties.

No. R. 10269-70—L. R. 285-19-4, dated 6th March 1920.

VI. VILLAGE ACCOUNTS.

The Deputy Commissioner of Bangalore reports that these accounts are maintained in all the villages except Tirupalya in Anekal Taluk and that the Amildar has been instructed to expedite the preparation of the accounts. The Deputy Commissioner of Kolar states that the village accounts prescribed for Government villages have been maintained in the settled villages, and accounts Nos. 14 and 15 in the unsettled villages of Sarvamanya-Kangondikoppa and Kondarajanahalli villages. In Tumkur, Hassan, Mysore, Kadur and Chitaldrug Districts the accounts are said to be maintained as in Government villages.

VII. COERCIVE PROCESSES.

Coervice processes were adopted in the Bangalore District with the result that a sum of Rs. 780 was collected and credited to the account of the Palace Estates and Rs. 842-2-2 towards estates taken under management at the request of owners. Demand notices were issued in the Taluks of Kolar, Sidlaghatta and Goribidnur for the recovery of current demand as well as arrears but the amount recovered by the adoption of this process was only Rs. 92-2-4 in the Sidlaghatta Taluk. No suits were filed in any of the districts for the recovery of arrears. In Mysore District a decree is reported to have been passed by the Munsiff of Seringapatam in a suit of recovery of arrears of rent against a tenant of Hariharpur village, Krishnarajpete Taluk.

VIII. IMPROVEMENT OF ESTATES.

A drinking water well was newly sanctioned and completed during the year in jodi Holali village, Kolar Taluk, the jodidars having contributed towards its cost. The works of repairing the breached tanks of Kondarajanahalli village in Siddlaghatta Taluk and sinking a drinking water well in the village of jodi Pandithanahalli in Malur Taluk were progressing. The grant-in-aid school that was established in 1917-18 in Sarvamanya, Kangondikoppa village, Goribidnur Taluk, continued with a strength of 10 boys and 2 girls and steps are being taken to open some roads. The Village Improvement Scheme has been ordered to be introduced into 5 inam villages in Sidlaghatta Taluk. In Tumkur District steps are being taken for the repair of two minor tanks at Sarathavalli and for the construction of a mutt at Halkurki in the Tiptur Taluk. The Village Improvement Committees are reported to be doing good work in the direction of the formation of roads in the villages, clearance of prickly pears and improvement of sanitation.

The number of Village Committees in the Mysore District is the same as last year, *i.e.*, 19, and 12 schools including a night school and a mat weaving class are reported to be working. There is a Co-operative Society at Kadakola.

Village Committees are reported to have been formed in all villages of Hole-Narsipur Taluk, Hassan District, and a tank in jodi Gubbi village is being repaired by the contribution of villagers and a Boys' and Girls' School and a Co-operative Society have been formed in that village. Sravanabelagola in Channarayapatna Taluk which was only a Union hitherto has become a Municipality with a rural Anglo-Vernacular School and a native vaidyasala. The Deputy Commissioner of Chitaldrug reports that there is one private school in Dyanavanahalli in Davangere Taluk, consisting of 15 pupils and that there is a Village Committee in Thippareddihalli and Myakularahalli villages. In Athgundi inam of Dattatreyapeeta, the only inam village in Kadur District, there is a Mahomadan Boys' School, Mahomadan Girls' School and a Panchama Grant-in-aid School, also a Co-operative Society, a Reading room and Library and a Malnad Improvement Dispensary.

IX. FINANCIAL RESULTS OF THE YEAR.

The following statement shows the details of expenditure on the management of inam villages during the year.

No. R. 10269-70—L. R. 285-19-4, DATED 6TH MARCH 1920.

Statement showing the income and expenditure of inam villages under Government management for the year 1918-19.

*Details for Muzrai estates in Mysore District not given.

The additional information required for the income column in this statement in accordance with Government Order No. R. 1752-62—R. M. 21-18-10, dated 1st August 1919, has not been furnished by the Deputy Commissioners of Tumkur, Hassan and Chitaldrug. It is hoped that full information will be furnished in future reports.

2. The Deputy Commissioner of Bangalore reports that in the total jamabandy there is a decrease of Rs. 1,849-10-1 as compared with that of the previous year—mostly in the villages of the Nandagudi family. The matter seems to be under correspondence between the Government in the Financial Department and the Deputy Commissioner, Bangalore. The collection in the Kadur inam village is also poor and the time-barred claims require investigation.

3. Regarding the loan account of Mr. D. Devaraja Urs, the Government have in their Proceedings No. Fl. 1279-85—G. F. 180-18-28, dated 18th August 1919, ordered the disposal of some of the properties of the loan holder in view to arrange for an early adjustment of the loan. The Deputy Commissioner of Mysore reports that steps are being taken for the disposal of the properties in accordance with the Government Order.

4. It is reported that the income derived from the inam villages of Mr. Siddaraj Urs and Krishnajammaniavaru is insufficient even to meet the current interest and that the loan cannot be adjusted within a reasonable time. A special report regarding the financial condition of these villages will be obtained and submitted to Government.

X. A consolidated statement of loans and arrears outstanding against estates under Government management is also appended.

*Statement of loans or arrears of Revenue outstanding against estates under Government management for the year 1918-19.

No. R. 10661-9—L. R. 3-19-101, DATED 16TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Petition dated 25th October 1919, from Mr. K. Surappa *alias* Suryanarayana Rao, Representative Assembly Member, praying for issue of a commission under Section 99 of the Land Revenue Code in respect of his Jodi Kalvehalli village, Tumkur Taluk.

2. Correspondence ending with letter No. C. 2102—Gl. 19-20, dated 13—16th February 1920, from the Revenue Commissioner in Mysore, stating that the Inam Commission is not in favour of granting commissions to Inamdars of unsettled villages and that as the village referred to above is not a settled one he is not in favor of granting the commission prayed for.

Order No R. 10661-9—L. R. 3-19-101, dated 16th March 1920.

Government agree with the Revenue Commissioner and direct that it is inadvisable to grant such powers to holders of Inam villages into which Survey and Settlement have not been introduced.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

No. R. 10521-31—L. R. 15-19-15, DATED 11TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 114-1, dated the 11th—16th February 1920, from the Revenue Commissioner in Mysore, forwarding a report on the working of the Minor Tanks Restoration Scheme for the year 1918-19, together with the reports received from the Deputy Commissioners of Districts.

(Printed as annexure.)

Order No. R. 10521-31—L. R. 15-19-15, dated 11th March 1920.

Recorded.

2. The Revenue Commissioner should insist on the punctual submission of reports from the Districts.

3. The total number of unrestored minor tanks, the number unfit for restoration and that fit for restoration are stated to be 18,463 ; 4,253 and 14,210 as against 18,371 ; 4,118 and 14,253 respectively, shown in the statement submitted by the Revenue Commissioner for the previous year (1917-18). The explanation for the discrepancies noticed in the previous year's report, called for in para 3 of Government Order No. R. 13567-78—L. R. 15-18-7, dated the 24th April 1919, which has not been received till now should be submitted together with reasons for the variations referred to above.

4. According to the present report, the number of tanks selected for restoration during 1918-19, in the Hassan (124), Shimoga (17) and Chitaldrug (4) Districts varies from that given in paragraph 2 of the Revenue Commissioner's review No. C. 3139—17-18, dated the 2nd—6th May 1919. Such discrepancies should be carefully guarded against in the submission of periodical returns, reports and reviews.

5. A correct up to date list showing the unrestored minor tanks in each District with information as to whether each of them is considered fit or unfit for restoration should be obtained from the Deputy Commissioners and submitted to Government for their information within three months from the date of this order.

6. It is very unsatisfactory to note that only 78 out of 598 incomplete works of previous years and only one work out of the 154 works sanctioned during the year under review are reported to have been completed. The full allotment has not been spent in any District while in the Mysore and Chitaldrug Districts not even half the sum allotted was utilised.

7. The Revenue Commissioner is requested to report for the information of Government the action taken by him with reference to paragraph 5 of the Government Order dated the 24th April 1919, in the matter of recovery of contributions for tank works.

8. Government are constrained to observe that the minor tank restoration scheme did not at all make anything like satisfactory progress during the year under review.

No. R. 10521-31—L. R. 15-19-15, dated 11th March 1920.

REPORT ON THE WORKING OF THE MINOR TANK RESTORATION SCHEME FOR THE YEAR 1918-19.

This is the third report submitted in the form prescribed in Government Order No. R. 2440-87—L. R. 408-14-40, dated 29th August 1916. The dates on which the reports from the several Districts were actually received in this office are noted in the margin. The report of the Bangalore District being incomplete, a further report was called for and this was received on 24th January 1920. It is hoped that the Deputy Commissioners will be more punctual in future.

Bangalore	12th August 1919.
Kolar	8th September 1919
Tumkur	26th July 1919.
Mysore	4th August 1919.
Hassan	5th " "
Shimoga	4th " "
Kadur	11th September 1919.
Chitaldrug	17th July 1919.

I. *Marahmat Establishments in the Districts.* The Establishment sanctioned in Government Order No. R. 8465-74—L. R. 193-13-2, dated 28th April 1914, was kept up during the year with certain exceptions. The services of the Sub-Overseers' clerks in all the Districts were dispensed with under Government Order No. R. 16828-29—L. R. 15-18-20, dated 28th June 1919. In the Tumkur District, the Sub-Overseers were in addition looking after the work of the Tank Inspectors of Pavagada and Tiptur Taluks as those places were vacant and qualified men were not available and owing to the increased number of scattered works in most of the Taluks making it impracticable for one Tank Inspector to look after all the works in the Taluk, all the Sub-Overseers were put in charge of works also. In the Mysore District excepting the Tank Inspectors of Nanjangud and Chamrajnagar, the whole establishment was kept up during the year. In the Shimoga District, Shimoga and Sagar Sub-Divisions were without Sub-Overseers for 3 months, and there were no Tank Inspectors for Shimoga, Kumsi and Honnali Taluks for 5, 11 and 8 months respectively, for want of trained and experienced men. In the Kadur District, the Tank Inspector of Chikmagalur was appointed as Sub-Overseer and the other Sub-Overseer was attached to the Tarikere Sub-Division Office and the place of the Draughtsman was vacant for a period of 3 months. In Chitaldrug District the place of one Sub-Overseer was vacant for four months from December 1918.

II. *Preparation of Programmes, etc.*—(*a*) The number of unrestored minor tanks in each District at the beginning of the year is given in column 2 of the statement appended and amounts to 18,463. Out of these 4,253 tanks have been considered to be unfit for restoration and the number of unrestored tanks fit for restoration was 14,210 of which 406 were completely restored up to the end of 1918-19.

(*b*) Meetings were held in all the Districts to consider the programme of work for the year under report, and 564 tanks as per details given in the margin were selected for restoration.

Bangalore	61
Kolar	108
Tumkur	50
Mysore	107
Hassan	194
Shimoga	17
Kadur	93
Chitaldrug	4
Total	564

III. The statement given below shows the number of incomplete works in progress at the end of the previous year and the number out of them completed during the year. Out of 598 incomplete works at the end of the previous year, 78 were completed during the year, leaving a balance of 520. In the Kolar District, the repair work of 4 tanks, taken up under the old rules, was completed, and 21 tanks under the new rules were nearing completion. In the Mysore District, Chennabasavanakere tank in Mysore Taluk, was not taken up for restoration even in the year under report, as no reply was received from the Executive Engineer, Mysore Division, as regards the imporvement of Varuna Tank.

District	Number of incomplete works of previous year	Number completed during the year	Balance
Bangalore	74	12	62
Kolar	55	9	46
Tumkur	83	17	66
Mysore	55	5	50
Hassan	111	16	95
Shimoga	92	7	85
Kadur	114	11	103
Chitaldrug	14	1	13
Total	598	78	520

IV. *Progress in the year 1918-19.* From the statement given below it will be seen that 564 tanks were selected for restoration during the year and plans and estimates were prepared in respect of 221 tanks (excluding Bangalore District) and out of this 154 estimates were sanctioned. One hundred and forty-four tanks were taken up for restoration.

No. R. 10521-31—L. R. 15-19-15, dated 11th March 1920.

It is a matter for regret that only one work (in Kadur District) was completed within the year. The remaining works are reported to be in various stages of progress. In sanctioning the estimates, the maximum limit of 20 years assessment under the tanks was kept in view and the limit was not exceeded except in the case of one tank in Mysore District and 2 tanks in each of the Districts of Kolar and Shimoga. Professional scrutiny had to be resorted to in the case of one tank in Tumkur District, 2 tanks o Kadur District and some tanks in the Kolar District. Revised estimates were sanctioned in respect of 3 tanks in Tumkur District, 3 in Mysore Dtstrict, 5 in Shimoga and 3 in the Kolar District. In no case was the entire cost of restoration borne by Government.

District	No. of tanks selected for restoration	No. in respect of which estimates were prepared	No. whose estimates were sanctioned	No. taken up for restoration	No. whose restoration was completed	Remarks
Bangalore ..	61	...	...	9	..	
Kolar ..	108	34	19	2	..	
Tumkur ..	50	46	20	20	..	
Mysore ...	107	18	12	18	..	
Hassan ...	124	37	43(37+6)	43	..	
Shimoga ..	17	33	17	10	..	
Kadur ...	93	41	41	41	1	
Chitaldrug ...	4	12	2	1	...	
Total ..	564	221	154	144	1	

V. *Finance.* In the Bangalore District, loan was granted in one case (Tinlu tank in Hoskote Taluk, *vide* Government Order No. R. 8840-2—L. R. 385-11-2, dated 22nd February 1917), and this work is being executed by the Public Works Department as the cost of restoration exceeds Rs. 2,500. The Deputy Commissioner of Kolar says that legislative sanction seems to be necessary to enforce the liability of the raiyats as far as recovery of contribution is concerned, that in most cases contribution has been fully recovered and in two cases they have been ordered to be recovered in 5 annual instalments, the amount being treated as a loan. In Tumkur District, full contribution was recovered in only one case in Tiptur Taluk and time has been allowed in 20 cases. The Deputy Commissioner of Mysore states that work was at first started in several cases after getting the mutchalikas from the raiyats, but that after receipt of this office circular dated 8th March 1919, no fresh work was started before recovery of full contribution. In Hassan District, 3 out of 43 works were taken up on mutchalikas executed by raiyats, and the remaining cases on part payment of the contribution. In most cases in Shimoga District, contribution was paid in cash, in 7 cases, labour contribution was accepted, the total value of the work accepted as labour being Rs. 1,219, and loans to the value of Rs. 1,808 were granted in respect of 4 works. In Kadur District, contributions were in no case fully recovered but work was undertaken after taking from raiyats mutchalikas. In Chitaldrug District, the contribution amount was fully recovered in a few cases and partly in most cases.

VI. *Agency.* In all the Districts except Chitaldrug, works were mostly executed by leading raiyats or the villagers concerned except in a few cases where the works were taken up by professional contractors. Contractors from outside were employed in respect of some works in Shimoga District. Scarcity of labour and want of contractors were felt in some parts and no work could be taken up till November as most of the tanks were full and labour was scarce on account of the prevalence of Influenza. In Chitaldrug District, the execution of works was carried out by small contractors as the leading raiyats did not come forward, and professional contractors were not available. It may be stated that no Tank Panchayet in any District came forward to take up the execution of tank works.

VII. *Actual execution of works and payments.* In Bangalore District, the original measurements were taken by Tank Inspectors and checked by Sub-Overseer and Amildars and all final bills were checked by the Maramat Engineer. In the Tumkur District, the intermediate bills of restoration works and intermediate and final bills of repair works, were checked by the Amildars, the final bills being invariably checked by the Maramat Engineer and payments made regularly. In Mysore District, the procedure laid down re the original measurements and check measurements were followed but the Sub-Overseers were not entrusted with the work of taking original measurements as they were employed on project work. Bills amounting to Rs. 4,283 were deferred payment in this District a:

measurements were taken after 15th June 1919 contrary to Government Order No. R. 7849-88—G. F. 221-16-1, dated 23rd June 1917. In Hassan District, the bills were checked by the Amildars and in a few cases intermediate bills were checked by the Maramat Engineer during his tours, all final bills being checked by the latter.

VIII. *General remarks.* Out of the total allotment of Rs. 1,73,300 allotted for works during the year, a sum of Rs. 1,33,329 was spent during the year as shown in the margin. In Kolar, Hassan and Kadur Districts the allotments were almost fully utilized. The expenditure was little over half the allotment in Tumkur District and slightly less than half in Chitaldrug District. In Bangalore, Mysore and Shimoga Districts, the percentages of expenditure to allotment were 81·9, 42·5 and 67·1 respectively.

District		Allotment Rs.	Expenditure Rs.
Bangalore	..	20,300	16,612
Kolar	.	40,000	37,360
Tumkur	..	22,500	13,055
Mysore	...	20,000	8,502
Hassan	...	25,000	23,189
Shimoga	..	15,000	10 078
Kadur	.	20.000	19,745
Chitaldrug	...	10,500	4,743
Total	...	1,73,300	1,33,329

IX. A statement in the prescribed form showing the progress made in the restoration of minor tanks is appended. The figures furnished by the Deputy Commissioners for Bangalore, Kolar, Mysore and Shimoga Districts in columns 6 and 11, for Chitaldrug in column 11, for Shimoga in column 12, are incorrect. The correct figures are as given in the statement. It will be seen from the statement that the estabishment charges were in excess of the outlay on the works in the Districts of Tumkur, Mysore, Shimoga and Chitaldrug. The progress made during the year was not satisfactory, even after making allowance for the outbreak of Influenza throughout the State. The question of putting the Scheme on a more satisfactory basis is one of the subjects to be discussed at the meeting of Deputy Commissioners proposed to be held next month.

No. R. 10521-31—L. R. 15-19-15, dated 11th March 1920.

Relinquished Coffee Lands.

No. R. 10791-9—L. R. 280-19-2, DATED 18TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. 228—Gl. 19-20, dated 6—7th January 1920, from the Revenue Commissioner in Mysore, stating that it is reported that a number of applications has been received in the Hassan District for the grant of relinquished coffee lands which are assessed and are overgrown with lantana under the rules for the extirpation of lantana, published with Government Order No. R. 3298-3322—L. R. 508-09-2, dated 18th November 1910, and that the Rules do not make any distinction between relinquished coffee lands and other assessed waste lands, and enquiring if Rule 5 of these rules which empowers the Deputy Commissioners to grant to the applicants free of assessment for 12 years assessed waste lands overgrown with lantana, can be made applicable to the assessed relinquished coffee lands also, and whether it modifies Rule 6A of Appendix E of Land Revenue Rules requiring sanction of the Revenue Commissioner for the grant of relinquished coffee lands of any area and assessment.

Order No. R. 10791-9—L. R. 280-19-2, dated 18th March 1920.

Government are pleased to direct that the case of relinquished coffee lands should continue to be governed by Rule 6A of Appendix E of the Land Revenue Rules though they may happen to be overgrown with lantana and that their disposal should continue to vest in the Revenue Commissioner.

No. R. 10450-9—L. R. 15-19-14, dated 10th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. B. 8588, dated the 7th February 1920, from the Chief Engineer of Mysore, forwarding a consolidated *statement showing the progress made on irrigation works under the Minor Tanks Restoration Scheme entrusted to the Public Works Department for the half-year ending 30th June 1919.

*(Printed as an annexure.)

Order No. R. 10450-9—L. R. 15-19-14, dated 10th March 1920.

Recorded with the following observations:—

(1) The progress in the case of almost all works is very slow. The inordinate delay of nearly seven months in the submission of the statement is very unsatisfactory.

(2) The numbers and dates of Government orders sanctioning the estimates have not been correctly given in some cases.

(3) An outlay of Rs. 1,139-11-0 was shown as having been incurred on restoring Chellahalli Bhumankere, Registered No. 234, Bangalore Taluk, during the half-year ending 31st December 1918, but column 7 in the statement now submitted has been left blank.

(4) The amount of the estimate for restoring Madivala Sannakere in the Kolar Taluk, sanctioned in Government Order No. 12111-3—L. R. 457-17-2, dated 14th June 1918, is Rs. 6,047 and not Rs. 5,930 as shown in the statement.

(5) Dates of commencement of work have not been noted in respect of serial numbers 1 and 2 of the statement.

(6) Intimations of commencement of works are not being sent as required by Government Order No. R. 12100-10—L. R. 36-17-21, dated the 14th June 1918.

(7) Prompt steps should be taken for recovery of contributions and works sanctioned but not commenced should be started without delay.

2. The submission of the progress statement for the half-year ending 31st December 1919 which is already overdue should be expedited.

B. RAMASWAMAIYA,
Secretary to Government, Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Chief Engineer of Mysore.
The Deputy Commissioners of Districts.

PRESS TABLE.

Exd.—C. R.

Statement showing the progress made in the execution of Minor Tank Restoration works entrusted to the Public Works Department for the half-year ending 30th June 1919.

Serial No.	Name of work	Taluk in which situated	Number and date of Government Order in which the work was sanctioned	Amount of estimate	Date of commencement	Progress till end of previous half-year, *i.e., amount spent* or amount actually paid to contractors	Progress during the half-year under report, *i.e.*, amount actually paid	Remarks
	Bangalore Division.			Rs.		Rs.	Rs.	
1	Restoring Tunnale Tank, Registered No. 137.	Hoskote ...	G. O. No. R. 8810-2—L. R. 385-16-2, dated 22nd February 1917.	G. S. 2250 & R. S. 2250—4500.	..	2,302	94	The work is given to Mr. Oosmankhan, a man owning lands under the tank, as the rules require that such works should be given to a local man. But the man is dragging on the work and hence the progress is slow. Other arrangements will be made for its speedy completion
2	Restoring Chellahalli Bhumankere, Registered No. 234.	Bangalore ...	G. O. No R. 5995-7—L. R. 217-16-2, dated 13th December 1916.	G. S. 1877 & R. S. 939=2816.	...	...	..	The progress will improve in the working season.

Administration Report of the Revenue Department.

No. R. 10800-60—L. R. 11-19-3, DATED 18TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Report on the Administration of the Revenue Department for the year 1918-19, received with the Revenue Commissioner's letter No. C. Per. 117, dated the 26th—29th September 1919.

Order No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

Personnel.—Mr. K. R. Srinivasa Iyengar, M.A., continued to hold the Office of the Revenue Commissioner throughout the year under review.

2. *District and Sub-Division Charges.*—There were changes in the personnel of Deputy Commissioners in all the districts, the Mysore District having changed hands four times during the year. Only three Sub-Divisions, *viz.*, Closepet, Maddagiri and Mysore, remained uninterruptedly under the same officer. The Dodballapur, Nanjangud, Saklespur, Gubbi and Davangere Sub-Divisions had each four different officers during the year. Three additional Sub-Divisions were constituted during the year in the Districts of Hassan, Kolar and Kadur and the Personal Assistant to th Deputy Commissioner, Tumkur District, was placed in charge of the Tumkur an Kunigal Taluks newly constituted into a Sub-Division.

3. *Administration Report.*—The Revenue Commissioner is requested to insist upon the Assistant Commissioners in charge of Sub-Divisions submitting their administration reports in the prescribed form.

4. *Season and Agriculture.*—(1) The rainfall was irregular, insufficient and badly distributed during the year. The average rainfall during the year 1918 was only 29·24 inches against 43·09 inches in the year previous. The Mungar rains were both late and scanty except in Bangalore, Mysore and Hassan Districts. There was a long break in those months of the south-west monsoon which ordinarily form the most rainy part of the year. The north-east monsoon mitigated only to a small extent the effect of the failure of the south-west monsoon. Most of the tanks did not receive a sufficient supply of water. The standing crops suffered for want of adequate rains. Orders were issued to throw open the tank beds for cultivation of quick growing crops, to grant takavi and land improvement loans on a liberal scale in addition to special concessions granted for Village Improvement and Minor Tank Restorations Works. The famine relief programme was revised and complete lists for works to be undertaken prepared.

(ii) The out-turn of the chief food grains was much poorer than in the previous year and less than half the normal, especially in the maidan districts of Kolar, Tumkur, Bangalore and Chitaldrug, the yield of ragi in the Kolar District being as low as 3·62 annas.

Prices.—The prices of staple food grains, which ruled high in the previous year, rose to an alarming extent during the year. Owing to the meagre rainfall, shrinkage of cultivation, abnormally low yield of crops, difficulties of transport and other causes, the prohibition of export of food stuffs except under permits, and the importation of large quantities to supplement the available local supplies by the Government became imperative. A Food Controller was appointed in the early part of the year to regulate the prices and export of food grains and other necessaries of life, to arrange for the importation of rice, gram and wheat from Burma and other Provinces of British India and to distribute the same throughout the State. With the hearty cooperation of the Government of India and other Provincial Governments and the valuable assistance of the Central Food Supply Committee and the District Committees, the Government were able to meet the food situation which, however, continued to be a source of anxiety throughout the year. Special concessions such as the temporary grant of gomal and kharab lands and tank beds and permission to utilise

No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

water from the Krishnarajasagara and the Vanivilas Sagara for raising quick-growing food crops with partial or full remission thereon were sanctioned. The remission of assessment on all wet lands on which no crops were raised, or in which the crops had totally failed in the affected tracts of Bangalore, Kolar, Tumkur and Shimoga Districts, and certain other concessions in respect of Village Improvement and Minor Tank Restoration Works and free grazing in State Forests in the affected parts, were also ordered.

(iii) The area taken up and relinquished was 27,579 acres and 10,426 acres as against 48,493 acres and 16,252 acres respectively, in the preceding year, with the result that the net occupied area increased by 17,153 acres during the year under review. There was, however, a fall of 549,269 acres in the net area cropped during the year as compared with that of the previous year, in spite of the slight increase under cholum and horse gram. The area under crops was 75·3 per cent of that under occupation as against 82·3 per cent in 1917-18.

5. *Condition of the people.*—The year was not a prosperous one for all classes of people. The rates of wages continued to remain high owing to the increased cost of living brought about by the rise in prices of the staple food grains and other necessaries of life.

In spite of the adverse seasonal conditions, there was no abnormal movement of people in search of employment in any of the districts. The new Iron Industry at Benkipur, the Shimoga-Arasalu Railway, the Manganese Industry, the Bhadra Project and the Government Saw Mills attracted a large number of workmen from the bordering British Provinces in Northern India. Over 2,000 people mostly weavers from Bombay and Madras Presidencies are reported to have temporarily settled in Harihar, Davangere and Molakalmuru, owing to the comparatively low cost of living in the State.

6. *Transfers of lands.*—There was a reduction in the number of cases of transfers of land from agriculturalists to non-agriculturalists and the net result was in favour of the agriculturalists, who increased their holdings by 1,442 acres with an assessment of Rs. 4,196.

The decrease in the number of sales and increase in the value of lands so transferred indicate that the landed classes are not affected by the adverse seasonal conditions and the price of land is going up in spite of rise in the cost of living and adverse seasonal conditions.

7. *Public Health.*—Public health was far from satisfactory during the year. The number of births was 92,370 as against 98,352 in the previous year. Influenza, which appeared in a mild form in July 1918, became a pandemic in October and carried away 2,19,416 or 3½ per cent of the population in the course of a few weeks. In spite of the decrease in the number of deaths from cholera and plague, the total mortality during the year under review was 324,613 as against 104,848 in the preceding year.

8. Revision Settlement was introduced during the year in the Nelamangala and the Chiknayakanhalli taluks.

Demand, Collection and Balance.

9. *Land Revenue.*—The Land Revenue current demand for the year was Rs. 1,09,47,184 or Rs. 19,799 more than in the previous year. The increase was due to the introduction of revision rates in the Arsikere Taluk and to the expansion of land under holding.

Inclusive of the arrears pending at the beginning of the year, the total gross demand was Rs. 1,24,47,184 as against Rs. 1,24,61,879 for 1917-18. Owing to the adverse seasonal conditions, a sum of Rs. 3,43,142 on account of the current demand was remitted for the year, under Government Order No. R. 13579-88—L. R. 375-18-13, dated 24th April 1919, which sanctioned the remission of half wet assessment on lands which remained uncultivated or the crops in which totally failed. An additional sum of Rs. 22,258 out of the arrears of the previous year, was also remitted as irrecoverable. The total recoverable demand was thus Rs. 1,21,04,780 as against Rs. 1,23,87,862 in 1917-18.

No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

The total collection was only Rs. 1,00,72,101 or 82·9 per cent of the net demand against Rs. 1,08,86,769 or 87·8 per cent in the previous year, which falls short of the average of the previous five years, by a little over two lakhs. This fall is chiefly attributed to the adverse seasonal conditions, to the tightness of the money market and to the abnormal rise in the prices of the necessaries of life. The balance at the end of the year was Rs. 20,32,679, of which Rs. 5,42,764 related to previous and the remainder to the current year.

Collection work as regards land revenue was the best in the Jagalur Taluk (99·3 per cent) and satisfactory in the taluks of Nagar (98·2 per cent), Davangere (98·2 per cent), Holalkere (97·3 per cent), Kankanhalli (97·2 per cent), Hiriyur (95·5 per cent), Molakalmuru (95·5 per cent), Chamarajnagar (95·4 per cent) and Tiptur (95·2 per cent). It was most unsatisfactory in the marginally* noted taluks. Even allowing for conditions adverse to facility of collection, Government consider that there has been an inexcusable slackness on the part of the officers concerned in the matter of recovery of old arrears and current demand in these taluks. The Revenue Commissioner is requested to inquire into this matter and report to Government the names of the officers responsible, for such notice as may be considered necessary.

Nanjangud	...	74·0 per cent.
Chikmagalur	...	73·4 ,,
Manjarabad	...	68·7 ,,
Arkalgud	...	68·0 ,,
Srinivaspur	...	66·2 ,,
Shikarpur	...	60·8 ,,
Shimoga	...	58·0 ,,
Sorab	...	36·1 ,,

10. *Mohatarfa.*—The demand for the year including the arrears of previous years was Rs. 3,38,778 against Rs. 3,57,323 in 1917-18 and the total collection inclusive of remission was Rs. 2,69,946 or 79·6 per cent of the total demand against Rs. 2,85,365 or 73·3 per cent in the previous year. The percentage of collection in the Districts of Shimoga, Hassan and Mysore was very unsatisfactory, especially so in the last named district. The closing balance was Rs. 68,832, the amount being the highest in the Mysore District (Rs. 27,632), and Hassan coming next with Rs. 15,506. Prompt steps should be taken to reduce these arrears.

11. *Co-ercive Processes.*—Though the number of the various kinds of processes issued during the year was 115,000 which is 24,803 more than in the previous year, the recoveries made by the adoption of these processes amounted to only 6·53 per cent of the total collection as against 8·10 per cent in 1917-18. About 94·7 per cent of the amount thus recovered came in by the mere issue of demand notices. There was an increase in the number of sales of occupancies under section 159 in all districts except Chitaldrug. The increase in the total number of processes issued during the year was apparently mainly due to the withholding of payment of Government dues by the landholders in the expectation of obtaining remission.

12. *Tanks.*—Four hundred and two major tanks in all the districts (except Bangalore, for which the required information is said not to have been furnished by the Deputy Commissioner) and 750 minor tanks in all the districts were restored or repaired during the year at an outlay of Rs. 1,82,354 and Rs. 1,53,798 against 319 (for all the districts) and 596 at on outlay of Rs. 1,98,305 and Rs. 1,46,284, respectively, in the previous year.

Government regret to note that the inspection work of tanks by Deputy Commissioners and Sub-Division Officers during the year was wholly inadequate, only 208 and 573 tanks, respectively, being inspected by them. Information on this point has not been even furnished by some of the Deputy Commissioners and Sub-Division Officers.

Vanivilas Sagara Channels.—The total extent under the block system of irrigation under the Vanivilas Sagara was 11,364 acres, 26 guntas against 11,285 acres, 22 guntas in 1917-18, of which 8,635 acres, 14 guntas were under occupation against 8,236 acres, 10 guntas in the previous year, leaving an extent of 2,729 acres, 12 guntas still available for occupation.

Government note with satisfaction that the sanitation of the channel villages has improved as a result of the prohibition of cultivation in the vicinity of villages.

13. *Tank Panchayet Scheme.*—Inclusive of the 5 Panchayets the constitution of which was sanctioned during the year, the total number of Panchayets sanctioned from the commencement of the scheme is 103 out of which only 84 Panchayets are said to have been actually formed. Government note with concern the fact that their

attempts to hand over the management of the tanks to Village Panchayets have not so far met with any real response from the people and that very few Panchayets have collected funds and interested themselves in their duties such as the distribution of water, the clearing of lantana and rank vegetation on tank beds.

14. *Land Improvement and Takavi Loans.*—In addition to the usual allotment of Rs. 1½ lakhs provided in the budget for 1918-19, a sum of Rs. 2½ lakhs was, owing to unfavourable seasonal conditions, sanctioned during the year for takavi advances, etc. Out of this amount, a sum of Rs. 2,56,521-8-0 was sanctioned during the year in 2,870 cases, *viz.*, takavi advances in 2,557 cases, land improvement loans in 278 cases and loans for irrigation wells in 35 cases, against 460 in the previous year for all the three classes of loans. The amount actually advanced during the year was 2,68,554-8-0, Rs. 2,00,854-8-0 for takavi advances, Rs. 57,605 for other land improvement, and Rs. 10,095 for irrigation wells.

The instalments that fell due during the year including arrears were Rs. 85,472, Rs. 77,710 and Rs. 36,624 respectively, under the three heads, out of which Rs. 46,023, Rs. 38,652, and Rs. 27,000 were collected, representing 53·8 per cent, 49·47 per cent and 73·7 per cent against 67·8, 65·5 and 83·1 per cent in the previous year.

Government note that the collection in the marginally noted taluks and sub-taluks was not satisfactory, that there has been no recoveries at all in respect of land improvement loans in Nagamangala, Nanjangud, French Rocks, Mysore, Chamrajnagar and Manjarabad Taluks. The number of loan applications under takavi advances pending at the close of the year in the Kolar, Shimoga and Kadur Districts was very large.

Chanmapatna Vedatore Gubbi Channarayapatna Kadur	In respect of takavi advances.	Magadi Srinivaspur Gubbi Shikarpur Turuvekere Sub-Taluk	In respect of irrigation wells.	Heggaddevankote Seringapatam Vedatore Hassan Shikarpur Gudibanda Sub-Taluk	In respect of Land Improvement Loans.
Chitaldrug Turuvekere Kunsi	Sub-Taluks				

15. *Cattle and Civil Veterinary Department.*—Cattle mortality in all the districts was less than in the previous year, being 85,915 as against 97,036 in 17-18. Twenty five thousand four hundred and eighty-six cattle were inoculated against infectious diseases during the year, and the number of fresh admissions and the daily cases treated in the several Veterinary Hospitals and Dispensaries rose from 23,332 and 80,285 in 1,718 to 24,047 and 91,051 during the year.

Only eight Hospitals and eight Dispensaries were working during the year. On account of paucity of Veterinary graduates, no additional Dispensaries, though sanctioned, could be opened during the year.

16. *Treasuries.*—It is very unsatisfactory that three District Treasuries, all the Taluk Treasuries in the Chitaldrug District and seven in the other districts were inspected only once, while the District Treasury at Chikmagalur and the Taluk Treasuries at Heggaddevankote and Nanjangud were not inspected at all during the year. The Sub-Division Officers in the Chitaldrug District are said not to have inspected any of the Taluk Treasuries. The explanation of the officers concerned for the omission in this respect should be submitted to the Government for orders.

17. *Darkhasts.*—Considering that the Revenue officers had to work under high pressure and great difficulties, the disposal of darkhasts during the period under review cannot be regarded as unsatisfactory, the number of pending cases being 9,940 and 7,266 respectively at the beginning and close of the year under review. Though the decrease in the pendency is shared by all the districts, it is unsatisfactory to note that the number of disposals in the Kolar, Kadur and Bangalore Districts does not compare favourably with that of the preceding year.

It appears that the paucity of trained men and the small quantity of work turned out by surveyors and mojinidars appointed under Government Order of the 22nd January 1919, are responsible for the non-disposal of applications for lands in the several districts.

No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

The stagnation in the work of demarcation of the 124,903 acres of the Amrut Mahal kaval lands surrendered under the Government order of September 1918 to the Revenue Department for purposes of cultivation is also due to the same cause. Out of 28,416 and 26,630 acres of kaval lands in the Tumkur and Chitaldrug Districts, respectively, actually transferred to the Revenue Department till the close of the year, about 4,592 acres in the former and 3,587 in the latter district, are said to have been sub-divided. About half of the sub-divided area has been either disposed of or notified for sale.

The disposal for cultivation purposes of the sub-divided lands in the Kankanhalli Taluk is also very slow, only an extent of 4,329 acres out of 17,457 acres sub-divided having been disposed of till the close of the year.

Darkhasts under Special Rules.

18. *Eksal Tenure.*—The area of lands taken up under the eksal tenure is very small. In Government Order No. R. 6410-9—L. R. 362-16-9, dated 1st December 1919, Government have sanctioned the continuance of the scheme for a period of three years.

Grant of Lands overgrown with Lantana and Prickly-pear.—The concessions first sanctioned in Government Order No. R. 3298-322—L. R. 508-09-2, dated 18th November 1910, and extended to all the districts in Government Order No. R. 3918-41—L. R. 227-14-4, dated 11th September 1916, are not availed of to any great extent by the people. The revision of the existing rules in the light of experience gained so far is under consideration of Government.

Sisal hemp cultivation.—No applications are reported to have been received during the year for cultivation of sisal hemp for which special concessions were sanctioned in Government Order No. 5369-77—I. & C. 169-18-3, dated the 14th December 1918.

Large Landed Estates Scheme.—Out of 218 applications pending at the beginning of and received during the year, only 2 were granted and 97 rejected for various reasons, leaving a balance of 119 cases at the close of the year. As the Revenue Commissioner reports that this scheme has not "caught on," Government will be prepared to reconsider the matter, if any, practical proposals calculated to further the object which the Government had in view when sanctioning the measure, are put forward.

Kunbi Settlement.—Only 16 families were newly settled during the year, bringing the total number of families since the inception of the scheme to 257 with 762 adults and 269 children. The total area of lands granted to settlers including 50 acres granted during the year came up to only 947 acres bearing an assessment of Rs. 2,008 besides an area of 211 acres of old kumri land given out for dry cultivation. The results of the scheme so far cannot be regarded as encouraging.

19. *Special Concessions due to the Food Situation, etc.*—To enable the raiyats to maintain themselves and their cattle during the latter half of the year when the food situation became acute, permission was granted to raise quick-growing fodder and food crops in Government unoccupied assessed waste lands and tank beds and gomal and kharab lands and to utilise, under certain conditions, the water of the Krishnarajasagara, the Vanivilasa Sagara and the channels under the Sri Ramadevaru anicut in the Hole-Narsipur Taluk. Though the concessions were very liberal, the total area cultivated under them was only 7,057 acres and food crops were sown on an additional area of 779 acres.

20. *Takrar Cases.*—Out of a total of 6,920 cases that came up for orders during the year, only 4,918 or 61 per cent of the cases were disposed of at the Jamabandi. It is unsatisfactory that only 27 per cent of the cases were disposed of in the Hassan District, the disposal being almost nothing, 1·4 per cent in the Hole-Narsipur Taluk. This requires explanation.

21. *Boundary Marks.*—Government regret that the inspection of the boundary marks during the year was unsatisfactory. The boundary marks are said to have been inspected only in a few taluks, in accordance with the Revenue Commissioner's Circular No. 3932 of the 10th April 1917.

No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

22. *Frontier Boundary Marks.*—It is unsatisfactory that systematic inspection of these boundary marks has not been made in the Shimoga, Chitaldrug and Kadur Districts.

23. *Avenue Trees.*—The planting, numbering and trimming of avenue trees did not receive as much attention as in the previous year, owing to work connected with the unfavourable seasonal conditions and food situation. The number of avenue trees planted during the year was however 70,707 which, though less than that of the previous year by 22,084, was more than that in the next preceding year 1916-17 by 5,231.

24. *Village Improvement Scheme.*—The number of Committees rose from 8,820 in 17-18 to 8,957 during the year and the number of villages served by the Committees also rose from 15,389 to 15,767, only 438 Government villages remaining unprovided for at the close of the year. 5,234 or 60 per cent of the Village Committees devoted half a day weekly for communal labor, 5,383 subscribed for newspapers and 4,004 held weekly meetings for recreation and instruction as against 5,353, 5,026 and 3,932 Committees respectively in the previous year.

The total estimated cost of works sanctioned or undertaken under the scheme during the year was Rs. 96,164-5-1 of which Rs. 45,611-2-10 were contributed by villages in the shape of cash or labour, the balance of Rs. 50,553-2-3 being met by Government grant.

25. *District and Taluk Conferences.*—District and Taluk Conferences were held during the year in all districts, except Bangalore, and in all taluks except in the Jagalur Taluk of the Chitaldrug District and in all taluks of the Bangalore District.

Hobli conferences were held in some places of the Hassan District and in four hoblies of the Nagar Taluk of the Shimoga District.

It is reported that at these conferences stock was taken of work actually done under the village improvement scheme and other measures of special importance and local requirements discussed and lists prepared of major and minor wants of the districts and taluks concerned. The depressed classes are said to have largely attended the conferences at Naikanahatti (Challakere Taluk), Molakalmuru and Davangere. In the Industrial and Agricultural Exhibition arranged in connection with the District Conference at Chitaldrug, a special section was provided for Panchama exhibits. Cattle shows were also organised as adjuncts to certain Taluk and District Conferences. An Agricultural and Industrial Exhibition was held at Nagamangala and one of fruits and vegetables at Tirthahalli. Similar exhibitions were also arranged for in connection with the Kolar District Conference at Nandi.

Government are glad to note that the non-official public evinced considerable interest in these conferences.

26. *Village Forests.*—The further continuance of the Village Forests scheme for a period of two years from June 1918 was sanctioned in Government Order No. R. 7667-77—Ft. 14-17-89, dated 18th December 1918. The progress made in the formation of Village Forests during the year is *very poor*. Only three new blocks having been formed against 45 in the previous year. The villagers do not seem to take any active interest in the matter. Judged by the work so far turned out by them it cannot be said that the panchayets have justified their existence.

27. *Public Buildings.*—All the public buildings in charge of the Revenue Department are reported to have been maintained in good condition. The amount spent on such maintenance has not been mentioned in the Revenue Commissioner's report. Information in this respect should be furnished in future reports.

The need for additional office accommodation is said to be felt in all the districts. Plans and estimates for the construction and improvement of certain offices are stated to be in various stages of disposal.

28. *Village Officers.*—Information as to the number of literate patels in their respective districts is not furnished by the Deputy Commissioners of Bangalore and Kolar. Only about 50 per cent of the patels in the Mysore and Kadur Districts are said to be literate. The percentage of the literacy of Patels in the other districts, *viz.*,

Hassan, Tumkur, Chitaldrug and Shimoga is higher, being 66, 67·5, 79 and 90·7 respectively. Only eight shanbhogs and two patels are reported to have been declared successful at the mojini class held in the Mysore District for training these officials.

29. *Shekdars.*—The proposal regarding the re-constitution of hoblis with a view to reduce their area, said to be under investigation and correspondence with the Deputy Commissioners, should be expedited. The Shekdar Training School was opened on 2nd April 1919. The revision of the scale of pay of the shekdars has been given effect to from April 1919. The Revenue Commissioner says that the proportion of shekdars who belong to the backward classes has considerably fallen off during recent years. Government will be prepared to consider suitable proposals for increasing this proportion without sacrificing the efficiency of service or lowering the standard of educational qualifications already fixed for candidates from the backward classes for the Shekdari Schools.

30. *District, Sub-Division and Taluk Offices.*—During the year, the Deputy Commissioners of Kolar, Hassan and Kadur Districts were relieved of taluk charges and 3 new Sub-Divisions created and placed in charge of Assistant Commissioners from 1st January 1919. The scheme for the separation of the judicial and the executive functions was introduced in Bangalore and Shimoga Districts. The scale of pay of Taluk Establishments was revised. The period of itineration of Amildars and Deputy Amildars was raised from 10 to 15 days in the month. The form of the diary of the Sub-Division Officers was revised and monthly journals in place of quarterly, prescribed for Deputy Commissioners.

The District Office Manual, Part I, the Sub-Division Office Manual, Taluk Office Manual, Part I, and Village Manual, Parts II and III were printed and supplied to all offices during the year.

The unpunctuality in the submission of the prescribed returns to which the Revenue Commissioner calls attention cannot be too strongly deprecated. It appears that the poor quality of the work turned out is in a large measure due to the inadequacy and incompetency of the subordinate staff and that the prospects offered in the Revenue Department are not as good as those obtaining in other branches of the public service and do not attract the best type of candidates. Though there is some force in this statement, Government consider that mere raising of the scale of the pay of the subordinate officials will not by itself improve the efficiency of the staff and that it is necessary to raise the minimum educational qualifications for future entrants into the department all round, so that advanced methods of correspondence and office procedure may be introduced and the volume of correspondence curtailed. It may then be possible to improve the pay and prospects of the establishment by the abolition of superfluous appointments and a small increase to the departmental allotment. The Revenue Commissioner considers that as the scheme of separation of judicial and executive functions will materially reduce the work of all the Amildars and Assistant Commissioners with few exceptions, the question of increasing the area of their charges with a view to reduce the cost should be taken up. This may be done and adequate proposals submitted.

31. *Itineration and inspection.*—The touring and inspection work of the Revenue Commissioner was both comprehensive and adequate.

The Deputy Commissioner, Tumkur, camped out the largest number of days, *viz.*, 125 and inspected 511 villages. All the other Deputy Commissioners did not camp out the prescribed number of days. The Revenue Commissioner says that the number of days spent on tour by Mr. Zahiruddin Mecci (128 days) is disproportionate to the number of days camped out by him (47 days). Government observe that cursory inspections involving short absences from headquarters serve no useful purpose. The Deputy Commissioners of Mysore and Shimoga have visited a very small number of villages, *viz.*, 135 and 110 only. The Deputy Commissioners of all Districts, except Shimoga and Tumkur, did not pay sufficient attention to the inspection of Taluk and Sub-Taluk Offices.

Nanjangud.
Tarikere.
Closepet.
French Rocks.
Hole-Narsipur.
Chitaldrug.

Only the marginally noted Sub-Division Officers are reported to have camped out the prescribed number of days. The details furnished by the Revenue Commissioner *re* the work of the Sub-Division Officers in the Tumkur District, are very incomplete.

No. R. 10800-60—L. R. 11-19-3, dated 18th March 1920.

32. *Conclusion.*—Excepting the Village Improvement Scheme the statistics in connection with which show a slight improvement over those of the previous year, the other schemes, *viz.*, Minor Tank Restoration, Village Forests, Large Landed Estates and the scheme for extirpating lantana and prickly-pear, did not receive adequate attention or make any satisfactory progress during the year. The Revenue Commissioner's report does not show that there has been much appreciable improvement in the work of the Revenue Department as compared with the previous year. It has however to be noted that the year was one of great strain and stress to the staff of the Revenue Department on whom fell the brunt of the heavy work created by the acute food situation and the adverse seasonal conditions. Government trust that the work of the Department will show an all round improvement during the current year.

Budget Estimates under the Irrigation Cess Fund.

No. R. 11090-100—L. R. 203-19-9, dated 23rd March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 9981-91—L. R. 55-18-9, dated the 8th February 1919, sanctioning provisionally the budget estimates under the Irrigation Cess Fund for the year 1918-19.

2. Government Order No. 15588-98—L. R. 55-18-11, dated the 4th June 1919, modifying the budget estimates under the Irrigation Cess Fund for 1918-19 as sanctioned in the Government Order read above.

3. *Letter No. C. Per. 81, dated the 21st—25th November 1919, from the Revenue Commissioner in Mysore, forwarding a copy of his letter No. C. Per. 81 of the same date, to the Chief Engineer of Mysore, enclosing a Memorandum consolidating the budget estimates of receipts and expenditure under the Irrigation Cess Fund for the year 1919-20.

*(Printed as Appendix I.)

4. *Letter No. B. 6616, dated the 12th December 1919, from the Chief Engineer of Mysore, forwarding the consolidated budget estimates under the Irrigation Cess Fund for the year 1919-20.

*(Printed as Appendix II.)

5. Letter No. C. Per. 106-1, dated the 31st January—3rd February 1920, from the Revenue Commissioner in Mysore, recommending sanction to an allotment of Rs. 2,500 from the General Irrigation Cess Fund for the current year to meet the cost of repairing the 76 miles of Branch Channels in the Krishnaraja Sagara Circle.

6. Memo No. C. Per. 106-1, dated the 10th February 1920, from the Revenue Commissioner in Mysore, forwarding a copy of his office Memo. No. C. Per. 106-1, dated the 8th February 1920, issuing instructions to the Deputy Commissioners of Districts placing sums as noted in the margin at their disposal for up-keep and repair works in the respective districts, pending sanction of Government to the budget estimates under the Irrigation Cess Fund for 1919-20.

7. *Letter No. T. A. D. A. 1544, dated the 6th March 1920, from the Comptroller to Government, forwarding a statement showing the opening balance on 1st July 1919, available at the credit of the General Irrigation Cess Fund and the Districtwar Irrigation Cess Fund.

*(Printed as Appendix III.)

Order No. R. 11090-100—L. R. 203-19-9, dated 23rd March 1920.

I. Estimated Receipts.—The estimated receipts of the several districts for the year 1919-20 as per Revenue Commissioner's figures amount to Rs. 3,17,130 as against Rs. 2,97,859 in the previous year as shown below:—

District	Estimated receipts for 1919-20	Estimated receipts for 1918-19	Difference + or —
	Rs.	Rs.	Rs.
Bangalore	27,454	27,454	..
Kolar	44,241	39,420	+4,821
Tumkur	40,538	39,967	+ 571
Mysore	50,319	50,319	..
Hassan	36,934	29,794	+7,140
Shimoga	66,882	66,563	+ 319
Kadur	35,792	29,392	+6,400
Chitaldrug	14,970	14,950	+ 20
Total ..	3,17,130	2,97,859	+19,271

No. R. 11090-100—L. R. 203-19-9, dated 23rd March 1920.

The reasons for the expected increases especially in the Districts of Hassan, Kolar and Kadur should have been explained. The estimates, however, will be allowed to stand.

2. The following items of receipts have to be added to the figures above referred to—

	Rs.	a.	p.
(i) Opening balance on 1st July 1919 as intimated by the Comptroller	5,50,468	2	5
(ii) Contributions from State Funds on account of cost of establishment and tools and plant at 18 per cent of the expenditure under the Irrigation Cess Fund	40,951	0	0
(iii) Contribution from State Funds at 60 per cent on account of the cost of maintenance of river channels in the Mysore and Hassan Districts and the channels drawn from the Vani Vilas Sagara in the Chitaldrug District ..	56,663	0	0

3. The total estimated receipts for the year including the opening balance on 1st July 1919, thus amount to Rs. 9,65,212-2-5 as against Rs. 7,66,404-6-8 for the preceding year.

4. *II. Estimated Expenditure.*—The expenditure proposed to be incurred during 1919-20, as compared with that of the previous year is shown in the following statement:—

District	Expenditure proposed during 1919-20		Expenditure proposed for 1918-19		Difference + or —
	Ordinary Irrigation works	River channels	Ordinary Irrigation works	River channels	
	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore ..	22,058	..	18,000	..	+ 4,058
Kolar ..	39,000	..	30,000	..	+ 9,000
Tumkur ..	35,000	..	34,300	..	+ 700
Mysore ..	24,000	61,096	28,775	58,596	— 2,275
Hassan ..	16,000	16,823	13,677	16,823	+ 2,323
Shimoga ..	10,402	..	37,242	..	—26,840
Kadur ..	12,743	..	20,000	..	— 7,257
Chitaldrug ..	11,650	16,520	9,410	16,520	+ 2,240
Total ..	1,70,853	94,439	1,91,404	91,939	—18,051

5. The prescribed limit (*viz.*, 95 per cent of the estimated receipts in the case of Mysore and Chitaldrug Districts and 75 per cent in respect of other districts) has been adhered to only in the case of Shimoga and Kadur Districts, while in all other districts the same has been exceeded.

6. Notwithstanding the special concessions sanctioned by Government in their Order No. R. 9981-91—L. R. 55-18-9, dated 8th February 1919, as regards increase of the limit of expenditure from 75 to 95 per cent in the Districts of Mysore and Chitaldrug, the enhancement of the State grant from 40 to 60 per cent and the waiving of the 18 per cent of the charges on account of establishment, tools and plant, the excess of expenditure over receipts continues in the Mysore and Chitaldrug Districts. The Revenue Commissioner states that this excess expenditure which is due to the enormous repairs required for the channels may be regarded as a special feature of these irrigation works.

7. The estimates proposed are sanctioned, with the observations and subject to the modifications noted below:—

(*a*) The expenditure on ordinary irrigation works should be cut down as much as possible so as to keep up well within the prescribed limit.

(*b*) Every endeavour should be made to see that the deficit balance in the Mysore and Chitaldrug Districts is wiped out.

(*c*) Proper arrangements should be made to enable Government to sanction and issue the budget estimates before the commencement of the year to which they relate.

(*d*) The allotment of Rs. 2,500 applied for on account of the cost of repairing 76 miles of the branch channels in the Krishnaraja Sagara Circle will be charged to the ordinary Irrigation Cess Fund of the Mysore District instead of to the General Irrigation Cess Fund as proposed.

(*e*) The allotments placed by the Revenue Commissioner at the disposal of the Deputy Commissioners of Mysore, Hassan, Shimoga, Kadur and Chitaldrug Districts according to his memo dated 8th February 1920 read above, for up-keep and repair works during the current year are in excess of the estimates proposed for expenditure on ordinary irrigation works and should be limited to the amounts of the estimates sanctioned. The excess amounts in the case of the Mysore, Hassan and Chitaldrug Districts should be set free for expenditure on the maintenance of the river channels in the Mysore and Hassan Districts and the Vani Vilas Sagara Channels in the Chitaldrug District.

8. The budget estimates of receipts and expenditure under the Irrigation Cess Fund for the year 1919-20 as finally sanctioned are shown in the annexed statement.

APPENDIX I.

Letter No. C. Per. 81, dated 21st—25th November 1919, from K. Chandy, Esq., B. A., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, Revenue Department.

Referring to correspondence ending with my letter No. 106-1, dated 30th August 1919, I have the honour to forward herewith for your information a copy of my letter to the Chief Engineer enclosing a memorandum (copy enclosed) consolidating the Budget Estimates of Receipts and Expenditure for 1919-20 under the Irrigation Cess Fund received from the Deputy Commissioners of Districts.

Letter No. C. Per. 81, dated 21st—25th November 1919, from the Revenue Commissioner in Mysore, to the Chief Engineer of Mysore.

I have the houour to forward herewith a copy of this office Memorandum consolidating the budget estimates of Receipts and Expenditure under the Irrigation Cess Fund for 1919-20 received from the Deputy Commissioners together with the district estimates received from them in original.

A copy of the statement showing the probable balance on the 1st July 1919, received with the Comptroller's letter No. T. A. D. 266, dated 19th August 1919, is also forwarded herewith.

MEMORANDUM ON THE IRRIGATION CESS FUND BUDGET ESTIMATES OF RECEIPTS AND EXPENDITURE FOR THE YEAR 1919-20.

Statement of estimated receipts and expenditure in the several districts under the Irrigation Cess Fund during 1919-20 is appended:—

The estimated receipts amount to Rs. 10,07,807 as per details given below:—

(1) Opening balance as intimated by the Comptroller in his letter No. T. A. D. 266, dated 19th August 1919 .. 5,94,833

(2) Receipts as estimated by the Deputy Commissioners .. 3,17,130

District	Amount Rs.
Bangalore ..	27,454
Kolar ..	44,241
Tumkur ..	40,538
Mysore ..	46,566+3,753
Hassan ..	36,934
Shimoga ..	66,882
Kadur ..	35,792
Chitaldrug ..	14,970
Total ..	3,17,130

(3) Contributions from State Funds on account of the cost of establishment and tools and plant 40,681

No. R. 11090-100—L. R. 203-19-9, dated 23rd March 1920.

	Rs.
(4) Contributions on account of the cost of maintenance of river channels in the Mysore and Hassan Districts and the channels drawn from the Vani Vilasa Sagara in Chitaldrug District	55,163
Total ..	10,07,807

The amounts that can be spent in each district in accordance with paras 1 (2) and 6 of Government Orders No. R. 2157-68—L. R. 630-13-4 and 9981-91—L. R. 55-11-9, dated 2nd September 1914 and 8th February 1919, respectively, are as shown below:—

	Rs.	a.	p.
Bangalore	20,590	8	0
Kolar	33,180	12	0
Tumkur	30,403	8	0
Mysore	47,803	0	9
Hassan	27,700	8	0
Shimoga	50,161	8	0
Kadur	26,844	0	0
Chitaldrug	14,221	8	0
Total ..	2,50,905	4	9

3. The expenditure proposed to be incurred in each district is shown in the following statement:—

District	Major tanks		Minor tanks		Cost of maintenance of river channels	Total	Cost of establishment and tools and plant	Total
	Fresh works	Incomplete works	Fresh works	Incomplete works				
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	11,558	5,000	3,000	2,500	..	22,058	3,970	26,028
Kolar	30,000 (a)	... (a)	9,000	...	...	39,000	7,020(y)	46,020
Tumkur	10,000 & (c) 10,000	12,000 (b) 3,000	...	..	...	35,000	6,300	41,300
Mysore	8,000	10,000	2,000	4,000	52,541 6,055 (d)	82,596	10,648	93,244
Hassan	9,000	3,000	4,000	...	16,823	32,823	4,696	37,519
Shimoga	5,350	5,052	.	...	..	10,402	1,872	12,274
Kadur	5,743	7,000	...	...	...	12,743	2,294	15,037
Chitaldrug	4,800	3,000	2,350	1,500	16,520	28,170	3,881	32,051
Total ...	94,451	48,052	20,350	8,000	91,939	2,62,792	40,681	3,03,473

*Separate figures are not furnished by the Deputy Commissioner for fresh and incomplete works of major and minor tanks.

(y) In calculating the cost of establishment, etc., the sum of Rs. 9,000 provided for minor tanks has been left out by the Deputy Commissioner.

(a) This figure relates to both major and minor tanks.

(b) This amount is provided for unforeseen expenses as per Deputy Commissioner's statement.

(c) This amount is intended for Madaboys to channels of important tanks in the Tumkur District.

(d) Rupees 6,055 is needed for the maintenance of newly opened channels of Krishnarajasagara Reservoir.

The excess expenditure, *viz.*, excess over 95 per cent of the proposed receipts in the Mysore and Chitaldrug Districts is Rs. 34,793 and Rs. 13,948, respectively, and that over 75 per cent in Bangalore, Kolar, Tumkur and Hassan Districts comes to Rs. 1,468, Rs. 5,819, Rs. 4,597 and Rs. 5,123 respectively. Notwithstanding the special concessions sanctioned by the Government in their Order No. R. 9981-91—R. 55-18-9, dated 8th February 1919 as regards increase of expenditure from 75 per cent to 95 per cent in the districts of Mysore and Chitaldrug and also of raising the State grant from 40 to 60 per cent and further waiving the 18 per cent of the establishment charges, the excess of expenditure over receipts continues owing to the enormous repairs required for the channels which may be regarded as a special feature of those works of irrigation.

The Deputy Commissioners will, however, be requested to cut down as much as possible the heavy expenditure for ordinary Irrigation Works.

The figures under receipts are liable to vary as the correct balances in respect of each district as they stood on 1st July 1919 have not been furnished by the Comptroller.

Irrigation Cess Fund Budget for 1919-20.

* Separate figures are not furnished by the Deputy Commissioner for fresh and incomplete works of both major and minor tanks.
(g) In calculating the establishment charges, the Deputy Commissioner has left out of account the sum of Rs. 9,000 provided for minor tanks.
(a) This figure relates to both major and minor tanks.
(b) This amount is meant for unforeseen works
(c) This sum is provided for Madaboys to channels of important tanks in the Tumkur District.
(d) Rs. 6,055 is needed for the maintenance of newly opened channels of Krishnaraja Reservoir.
(g) One-seventeenth of the income of the newly opened channels under the Krishnarajasagara Works comes to Rs. 3,753.

No. R. 11090-100—L. R. 203-19-9, dated 23rd Marrh 1920.

APPENDIX II.

Letter No. B. 6616, dated 12th December 1919, from the Chief Engineer of Mysore, to the Secretary to Government, Revenue Department.

I have the honour to forward herewith, for favour of orders, the accompanying Budget Estimates under "Irrigation Cess Fund," for the year 1919-20, received from the Revenue Commissioner in Mysore, and to state that I have no remarks to offer.

APPENDIX III.

Letter No. T. A. D. A. 1544, dated 6th March 1920, from the Comptroller, to the Secretary to Government, Revenue Department.

With reference to your letter No. R. 8511—L. R. 203-13-4, dated 30th January 1920, requesting to intimate the balance under District and General Irrigation Cess Funds on 1st July 1919, I have the honor to note below* the details of the opening balance, receipts, payments and the closing balance on 1st July 1919, under both the General and District Irrigation Cess Funds in the several districts.

Rules under the Land Improvement Loans Regulation.

No. R. 11333-44—R. M. 53-19-2, DATED 29TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. 1351, dated 3rd March 1920, from the Revenue Commissioner in Mysore, recommending that the concluding portion of the explanation to Rule II of the Rules under the Land Improvement Loans Regulation, *viz.*, "*Such loans shall, however, be for distinct purposes and be covered by separate and independent security*" be so amended as to allow of more than one loan being given on the same security provided the aggregate amount of loans sanctioned on such security does not exceed three-fourths of the value of the security itself and that a provision be also added to the rules whereby on default of repayment of one loan, the amount of the other loans granted on the same security shall be recovered at once by coercive processes even though the time of repayment of such other loans has not yet arrived.

Order No R. 11333-44—R. M. 53-19-2, dated 29th March 1920.

The Revenue Commissioner's recommendation is approved.

2. The explanation to the Rule referred to above as amended will read as follows :—

Explanation.—An Officer is not precluded by this Rule from granting several loans on the same security to the same individual, although the aggregate amount thereof may exceed the maximum prescribed. Such loans which may be covered by the same security shall, however, be for distinct purposes and shall not exceed in the aggregate three-fourths of the value of the property pledged as security. On default of repayment of any one of such loans, the amount of the other loans granted on the same security shall be liable to be recovered at once by coercive processes even though they are not due.

Powers of District Forest Officers.

No. R. 10480-90—Ft. 218-18-2, dated 11th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 12161-71—Ft. 143-16-6, dated 22nd March 1919, passing orders defining the relationship between District Forest Officers and the Deputy Commissioners of Districts and calling upon the Conservator of Forests to submit a list of amendments to the Forest Code embodying the changes to be effected under the above order.

2. Letter No. 89, dated the 10th May 1919, from the Conservator of Forests in Mysore, submitting the list called for above and suggesting certain other amendments also.

Order No. R. 10480-90—Ft. 218-18-2, dated 11th March 1920.

The observations and proposals of the Conservator of Forests are as follows:—

(i) that it is undesirable to make the District Forest Officer subordinate to the Deputy Commissioner in the management of District Forests as directed in paragraphs 4(*a*) and (*b*) of the order read above, and the District Forest Officer, the sole authority in matters relating to District Forests, the Deputy Commissioner being empowered to revise or confirm his orders on appeal and to bring to the notice of the Conservator any irregularities,

(ii) that as the interference of the Deputy Commissioner in the matter of areas already reserved is unnecessary, the Government Order of 22nd March 1919 may be suitably amended by omitting the word "reserved" occurring in line 4 of clause 4(*c*) thereof;

(iii) that as the District Forest Officer is no longer subordinate to the Deputy Commissioner, the confidential reports on the work of the former by the latter, ordered in para 6 of the Government Order read above, should be dispensed with;

(iv) that in order to minimise delays in the submission of monthly accounts of Forest Revenue by Amildars, the District Forest Officer may be authorised (1) to inspect the registers of the Amildars, (2) to issue orders to them and (3) to report cases of delay to the Deputy Commissioner;

(v) that the Deputy Commissioner should, on no account, hold back any communications from the District Forest Officer, on matters indicated in the list annexed to this order, which have to pass through him;

(vi) that as the ministerial staff is a provincial one, the District Forest Officer's power of appointment be limited to posts on Rs. 20 only, the appointment of Forester being made by the Conservator;

(vii) that the District Forest Officer be invested with the powers hitherto exercised by the Deputy Commissioner in the matter of granting leave to Forest Officers;

(viii) that the power of making transfers within his District be delegated to the District Forest Officer;

(ix) that with a view to introduce a uniform practice throughout the State, the sale of forest produce, including timber, be confirmed by the District Forest Officer when the sale proceeds do not exceed Rs. 500; and

(x) that the Conservator be empowered to appoint unqualified men as Rangers when duly qualified men are not available.

2. On a careful consideration of the recommendations of the Conservator, the Government are pleased to order as follows:—

I. *Relationship of the Deputy Commissioner with the District Forest Officer.*—(*a*) As the control over, and the administration of the District Forests are vested in the Deputy Commissioner and as reserved lands also form part of District Forests, it is undesirable to divest the Deputy Commissioner of his powers therein or to make any changes in paragraphs 4 (*a*) and (*c*) of the Government Order of 22nd March 1919.

(*b*) The confidential report by the Deputy Commissioner on the work of the District Forest Officer under paragraph 6 of the Government Order under advertance will be dispensed with.

(*c*) The District Forest Officer is authorised to examine the Taluk Registers and books relating to Forest Revenue and to bring to the notice of the Deputy Commissioner any irregularities and defects noticed, but the District Forest Officer shall, in no case, issue orders himself direct to the Amildars.

(*d*) The Deputy Commissioner should not unduly delay or hold back any communication of the District Forest Officer addressed to the Conservator. In case the Deputy Commissioner considers that further information or enquiry is necessary before he can express his opinion on such communication and when such information cannot be had readily, he may send the communication on to the Conservator with a remark that his opinion will be furnished on receipt of the information called for by him.

II. *Powers of the District Forest Officer.*—(*a*) The District Forest Officer will fill up ministerial appointments on Rs. 25, including those of Foresters on Rs. 25 so long as the men appointed are qualified for the posts under the rules.

To secure uniformity of practice throughout the State, the Conservator may, if necessary, issue subsidiary instructions to the District Forest Officers for their guidance in these matters. The Conservator is requested to send a list of supernumerary Foresters on Rs. 15 to all the District Forest Officers with instructions to fill up the vacancies in the Forester's Grade solely from that list and not to make fresh appointments till all the supernumeraries are absorbed.

(*b*) The District Forest Officer will grant casual leave to all his subordinate officers including gazetted assistants. As regards the grant of other leave to them and permission to officers of the controlling staff to quit their charges on holidays, the District Forest Officer is authorised to exercise all the powers which were hitherto exercised by the Deputy Commissioner.

(*c*) The District Forest Officer may order the transfer of clerks and foresters within his district or division, intimation thereof being sent to the Conservator of Forests forthwith.

III. *Matters requiring the orders of the Conservator.*—(*a*) The approval of the Conservator should be obtained for the transfer of Rangers.

(*b*) The District Forest Officer's orders regarding the reduction and dismissal of Foresters shall be subject to the Conservator's approval.

(*c*) Suspensions of Foresters by the District Forest Officer shall be forthwith reported to the Conservator for his information.

3. As regards the sales of timber, etc., the Conservator is requested to make a separate reference in the matter with detailed information about the practice prevailing in each district regarding the confirmation of timber sales.

4. Government consider that unqualified persons should not be appointed a Rangers without their previous sanction.

5. The list submitted by the Conservator showing the different matters on which the District Forest Officer can pass orders himself and those on which he should seek the Conservator's orders is not quite clear. He is requested to submit two lists one for each, showing the items separately.

6. The Conservator is requested to submit a list of amendments to the Forest Code and the Forest Manual at an early date in accordance with these orders.

Read—

Government Order No. 5470-2—I. C. 117-18-5, dated 17th December 1918, recording the letter of the Secretary, Industries and Commerce Committee, forwarding an extract of the proceedings of the 67th meeting of the Committee containing their resolution that the concession of granting a free supply of *Tumari* leaves to *bona-fide Bidi*-makers should not be recommended since it is not desirable to encourage the industry.

2. Representative Assembly Subject No. 37 of April 1919, regarding the exclusion of *Bidi* and *Muthaga* leaves from the list of minor forest produce and the Dewan's reply thereto that *Bidi* leaves must be taxed to discourage smoking and that the representation to grant licenses to individuals for collecting the leaves would be considered.

3. Letter No. Roc. 209—H., dated 15—16th August 1919, from the Conservator of Forests in Mysore, stating that the removal of *muthaga* leaves may be permitted free from the District Forests and recommending the levying of a small fee of ½ an anna per head load to prevent indiscriminate applications for free licenses.

4. Letter No. C 26-8—Gl., dated 17 – 19th March 1919, from the Revenue Commissioner in Mysore, stating that the practice of treating the *Tupre* leaves as a minor forest produce and selling them as such was adopted quite recently in the districts and that the revenue derived from this item in all the districts in 1918-19 amounted to Rs. 4,602 and recommending that in consideration of the small revenue to be derived from this item and the hardship the sale would cause to many poor people who eke out their livelihood by making bidis, the leaves may be allowed to be taken free as before instead of being sold as an item of minor forest produce.

5. Correspondence ending with letter No. Rod No. 146—H, dated 9th February 1920, from the Conservator of Forests in Mysore, stating that under the circumstances explained in his letter, no change in the existing practice of disposing of *Tupre* leaves is called for.

Order No. R. 10940-50—Ft. 107-19-4, dated 19th March 1920.

Having regard to the facts that the collection of the Tupre leaves is a very small concern, that the revenue derived by the sale thereof is not very appreciable and that there need be no apprehension of people exploiting the forests on a large scale and making undue profits by exporting the leaves, Government are pleased to direct that the sale of the leaves as an item of minor forest produce be stopped and that the system of issuing licenses to individuals for the collection of the leaves be adopted tentatively for a period of two years with effect from 1st July 1920.

2. In this connection Government are also pleased to sanction the Conservator's recommendation to levy a fee of half an anna per head load of Muthaga leaves removed from the State Forests.

3. The Conservator of Forests is requested to submit a report at the end of two years on the result of the working of this system.

Government Notification No. R. 9913—Ft. 167-17-2, dated 1st April 1918, issued under Section 4 of the Forest Regulation, in the matter of the proposed constitution of the Obenahalli Block in the Challakere Taluk.

2. Letter* No. C. 3050, dated 2nd March 1920, from the Revenue Commissioner in Mysore, forwarding for issue of final notification, the records* relating to the final settlement of the Obenahalli Block and stating that the Conservator of Forests agrees to the issue of the final notification in the matter.

(*Printed with B and C Registers, as accompaniment.)

Order No. R. 10951-4—Ft. 160-19-2, dated 19th March 1920.

The settlement effected by the Forest Settlement Officer is approved. The notification under Section 17 of the Forest Regulation, constituting the block a State Forest with effect from the 15th May 1920, will be published in the Gazette.

2. The Deputy Commissioner, Chitaldrug District, is requested to duly promulgate the boundaries of the block in the villages concerned.

3. The assessment of the marginally noted assessed waste lands included in the block should be written off the accounts.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent, Revenue Survey and Settlements in Mysore.
The Deputy Commissioner, Chitaldrug District, with map and registers.

Exd.—C.R.

No. R. 10955—Ft. 160-19-3, dated 19th March 1920.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 15th May 1920, the area the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.

No. R. 10951-4—Ft. 160-19-2, dtaed 19th March 1920.

Schedule.

District	Taluk	Approximate area	Name of block	Boundaries
Chitaldrug	Challakere	1,296 acres, 30 guntas or 2·02 square miles.	Obenahalli	*North.*—Starting from a point about 6 chains north-east from the north-east corner of survey No. 30 of Obenahalli, the line runs east for about 12 chains along the common boundary between Parasurampur Kaval and Obenahalli villages to a point about 7 chains west from the tri-junction bandhs of the said 2 villages with Gowripura.

East.—Then the line runs south-east for about 20 chains through survey No. 31 of Obenahalli to a point about 5 chains south-west from the north-west corner of survey No. 184 of Mahadevapur; then south-east for about 9 chains through survey No. 32 of Obenahalli to a point about 5 chains south-west from the south-west corner of survey No. 184 of Mahadevapur; then south-east for about 4 chains through survey No. 42 of Obenahalli to a point about 5 chains south-west from the south-west corner of survey No. 183 of Mahadevapur; then south-east for about 29 chains through survey No. 42 of Obenahalli to a point about 10 chains south-west from the south-west corner of survey No. 180 of Mahadevapur; then south-west for about 12 chains through survey No. 42 of Obenahalli to a point about 5 chains north-west from the westernmost corner of survey No. 179 of Mahadevapur; then south-east for about 31 chains through survey Nos. 43 and 44 of Obenahalli to a point about 5 chains south-west from the south-west corner of survey No. 177 of Mahadevapur; then south-east for about 4 chains through survey Nos. 44 and 46 of Obenahalli to a point about 5 chains south-west from the south-west corner of survey No. 177 of Mahadevapur; then south-east for about 38 chains through survey Nos. 46 and 47 of Obenahalli to a point about 7 chains south-west from the south-west corner of survey No. 116 of Kadehudi; then east for about 16 chains through survey Nos. 47 of Obenahalli and 114 of Kadehudi to a point about 12 chains south-east from the south-west corner of survey No. 116 of Kadehudi; then slightly north-east for about 17 chains through survey No. 115 of Kadehudi to a point about 7 chains south-west from the south-west corner of survey No. 117; then south for about 18 chains through survey Nos. 115 and 113 to a point about 7 chains south-west from the south-west corner of survey No. 118; then east for about 6 chains through survey No. 113 to a point about 5 chains south-east from the south-west corner of survey No. 118; then south-east for about 14 chains along the western boundary of survey No. 112 to its south-west corner; then south along the western boundary of survey No. 98 to its south-west corner; then north-west for about 7 chains along the southern boundary of survey No. 97; then south-east for about 7 chains through survey No. 95 of Kadehudi to a point about 5 chains south-west from the south-west corner of survey No. 98; then south-east for about 12 chains through survey Nos. 95 and 94 to a point about 6 chains south-west from the south-west corner of survey No. 99, then south for about 21 chains through survey Nos. 94 and 92 to a point about 7 chains south-west from the south-west corner of survey No. 90; then south-east for about 18 chains through survey Nos. 92 and 91 to a point about 8 chains south-west from the south-west corner of survey No. 89; then south-west for about 25 chains through survey Nos. 91 and 75 to a point about 8 chains south-west from the south-west corner of survey No. 88; then south-east for about 7 chains through survey No. 75 to a point about 5 chains south-east from the south-west corner of survey No. 88; then south-east along the western boundary of survey No. 76 and for about 19 chains to its south-west corner; then along the western boundary of survey No. 73 to its south-west corner; then south-west along the common boundary between Valasi and Doddachelur to the tri-junction bandhs of the said 2 villages with Agrahara.

South.—Then the line runs north-west for about 32 chains along the common boundary between Agrahara, Doddachelur to a point about 5 chains south-east from the south-east corner of survey No. 79 of Doddachelur.

West.—Then the line runs north-east for about 16 chains through survey No. 80 of Doddachelur to a point about 9 chains north-east from the easternmost corner of survey No. 79; then north-west for about 81 chains through survey Nos. 82, 85 and 106 to a point about 5 chains north-east from the north-east corner of survey No. 87; then north-east for about 9 chains along the common boundary between survey Nos. 105 and 106 to a point about 5 chains south-west from the southernmost corner of survey No. 110; then south-east for about 5 chains through survey No. 106 to a point about 7 chains south from the southernmost corner of survey No. 110; then north-east for about 45 chains through survey Nos. 106, 107, 108 of Doddachelur and 93 and 96 of Kadehudi to a poin

about 7 chains south-east from the easternmost corner of survey No. 109 of Doddachelur; then north-west for about 31 chains through survey Nos. 96 of Kadehudi and 48 of Obenahalli to a point about 5 chains north-east from the south-east corner of survey No. 112 of Doddachelur; then north-west for about 11 chains through survey No. 48 of Obenahalli to a point about 13 chains south-east from the south-east corner of survey No. 49 of Doddachelur; then north-west for about 16 chains through survey Nos. 48 and 47 to a point about 6 chains north from the south-east corner of survey No. 49; then north for about 21 chains along the east side of survey No. 49 to a point about 6 chains south from the southernmost corner of survey No. 45; then north-east for about 16 chains through survey Nos. 47 and 46 to a point about 5 chains south-east from the north-east corner of survey No. 45; then north-west for about 5 chains through survey No. 46 to a point about 5 chains north-east from the north-east corner of survey No. 45; then north-west for about 22 chains through survey No. 44 to a point about 7 chains north-west from the north-west corner of survey No. 45; then north-east for about 12 chains through survey No. 44 to a point about 7 chains north-east from the north-east corner of survey No. 51; then north-west for about 3 chains through survey No 44 to a point about 5 chains north-east from the north-east corner of survey No. 51; then north for about 37 chains through survey Nos. 44 and 43 to a point about 5 chains south-east from the north-east corner of survey No. 40; then north-west for about 29 chains through survey No. 42 to a point about 5 chains north-east from the north-east corner of survey No. 41; then north-west for about 20 chains through survey No. 33 to a point about 5 chains north-east from the north-east corner of survey No 34; then north-west for about 14 chains through survey No. 31 to the starting point.

Remarks.

The following rights of way are admitted within the block for use by men, cattle and carts in case of cart-tracks which are 12 feet in width in case of foot-paths for use by men and cattle which are 6 feet in width throughout the year.

I. *Cart-track leading from Doddachelur to Valasi.*—It enters the forest in the western boundary of the block at a point about 10 chains north-west from the south-east corner of survey No. 87 of Doddachelur and runs south-east for about 79 chains through survey Nos. 85, 82, 83 and 81 and quits the forest in the eastern boundary of the block at a point about 5 chains south-west from the south-west corner of survey No. 75 of Kadehudi.

II *Foot-path branching No. 1* supra *to the Katte in survey No. 81 and on to a well in survey No. 82 of Doddachelur.*—It branches at a point about 7 chains south-east from the southernmost corner of survey No. 83 of Doddachelur and runs south-west for about 7 chains through survey No. 81 and reaches the said Katte in the same number and skirting the katte, it runs for 4 chains to the well in survey No. 82.

III. *cart-track leading from Obenahalli and joins No. 6* infra *to Mahadevapur via Kadehudi.*—It enters the forest at the south-east corner of survey No. 112 of Doddachelur and runs south-east for about 43 chains and joins No. 6 *infra* at a point about 12 chains north-east from the north-west corner of survey No. 94 of Kadehudi.

IV. *Cart-track leading from Obenahalli to Mohadevapur.*—It enters the forest in the western boundary of the block at a point about 8 chains north-west from the north-east corner of survey No. 51 of Obenahalli and runs north-east for about 25 chains through survey No. 44 of Obenahalli and quits the forest in the eastern boundary of the block at a point about 5 chains south-west from the south-west corner of survey No. 178 of Mahadevapur.

V. *Cart-track leading from Obenahalli to Gowripur.*—It enters the forest at the western boundary of the block at a point about 7 chains north-east from the north-east corner of survey No. 41 of Obenahalli and runs north-east for about 21 chains through survey Nos. 33 and 32 of Obenahalli and quits the forest in the eastern boundary of the block at a point about 5 chains south-west from the north-west corner of survey No. 184 of Mahadevapur.

VI. *Cart-track leading from Kadehudi to Doddachelur.*—It enters the forest at the eastern boundary of the block at a point about 5 chains south-west from the south-west corner of survey No. 98 of Kadehudi and runs south-west and north-west for about 30 chains through survey Nos. 95, 94 and 93 of Kadehudi and quits the forest in the western boundary of the block at a point about 5 chains south-east from the easternmost corner of survey No. 109 of Doddachelur.

VII. *Cart-track leading from Valasi to Doddachelur.*—It enters the forest at the eastern boundary of the block at a point about 5 chains south-west from the south-west corner of survey No. 90 of Kadehudi and runs north-west for about 28 chains through survey Nos. 92, 94 and 93 of Kadehudi and joins No. 6 *supra* at a point about 3 chains south from the south-east corner of survey No. 96 of Kadehudi.

No. R. 10951-4—Ft. 160-19-2, dated 19th March 1920.

1	2	3	4	5	6	7	8
1	... ..	..	....	...	.. ...	The proposition statement of this block was prepared so far back as 1916. Between then and April 1918 when the Government Notification under Section 4 of the Forest Regulation was published a large area of assessed waste proposed to be included in the block has passed into occupancy. In submitting the records to Government the Revenue Commissioner observed that the District Forest Officer's proposal deprived Obenahalli of its entire gomal area and left to the other three villages extents hardly sufficient for the requirements of the village cattle. The same point was urged at the settlement on 14th June 1919 and 15th June, 1919 and was given due weight, the villagers agreeing to my settlement as now made and explained to them. The net result leaves an area of 1,296 acres, 30 guntas for the block in place of the 5 square miles 392 acres as originally proposed.	...
	No claims have put forward by the villagers of Mahadevapura as the village falls entirely out of the proposed reserve.					There were only 3 numbers of assessed waste belonging to this village that were proposed to be included in the reserve. These have since been taken up for cultivation the village therefore falls entirely out of the reserved area.	
2	Narasingappa, patel of Kadehudi on behalf of the villagers.	11-6-19	Represents that he heard the proposal about taking some of the survey numbers of their village into the proposed block. He says that S. Nos 98 and 120 will be left for free pasturage of their cattle and the Excise reserve Nos. 66, 68, 79, 80, and 81 may also be converted into gomal There are no date trees there now. He agrees to the proposal on behalf of the villagers and prays that all rights of way shown in the village map should be preserved in tact.	..	.....	In place of the original area proposed S. Nos. 73, 74, 75, 76, 91, 92, 93, 94, 95, 96, 97, 113, 114 and 115 were proposed to be taken up for the reserve. The villagers urged for a few more assessed waste numbers for the expansion of their cultivation. Nos. 73 and 76 were then left for the village and the other numbers settled to be taken up for the reserve. The adjoining Nos. 116, 117, 118, 99, 100, 88 being lands in occupancy the necessary margin of 5 chains has been allowed to the west of these numbers. (1) A cart-track from Kudehudi to Dodchelur passing through Nos. 95, 94, and 94 (2) Another from Valasi to Chelur through Nos. 92 and 94 and joining on to No 1 track in No. 93.	..
3	Govindappa, patel of Obenahalli village, on behalf of the villagers.	14-6-19	Represents that he heard the details of the proposed block including some of the lands of his village in it. They have over 700 animals including sheep and goats in his village. The original proposition deprives as if all grazing ground. They pray that sufficient grazing ground may be allowed for the use of cattle and he agrees on behalf of his people to the decision of the Forest Settlement Officer to leave for the village kharab Nos. 49, 50 and 55 and gomal 12 proposed to be included in the block. This will suffice their use and parys that kharab number may be converted into gomal to keep	...	.....	The vilagers were agreeable to the taking up of S. Nos. 31, 32, 33, 42, 43, 44, 46, 47 and 48 leaving these Nos. 49, 50, kharab number and 55 date kharab which may be converted into gomal to provide for all exigencies, cart-track through No. 48 to Mahadevapur and another through S. Nos. 41 and 43 and yet another through S. Nos. 31, 32 and 34 to Gowripur	...

No. R. 10951-4—Ft. 160-19-2, dated 19th March 1920.

			them out of future darkhasts. They also want their rights of way recognized at the survey settlement.				
4	Palaiya, patel of Dodchelur, on behalf of the villagers	14-6-19	Represents that :— (1) He heard of the proposal to includ some of the numbers in his village into the Ob enahalli block (2) They are agreeable to the Nos. 80, 81, 82, 83, 84, 85, 106, 107, and 108 being included in the block. (3) The assessed waste No.81 there is a pond and a well in S. No. 82 and they want the right to water thereof. There is a road passing through this number. If permission is given to the cattle to go there for watering along the track in No 81, it will quite do	...	...	In place of the original area proposed Nos 80, 81, 82, 83, 84, 85, 106, 107 and 108 are settled to be taken into the block. The villagers asked for their existing rights to a katte in No. 81 and a well in No. 82. These are allowed together with a pathway to these watering places. Twelve feet wide branching off from the cart track passing through No. 81 east and west to British Territory. The villagers were all agreeable to this arrangement (1) Cart track from Dodchelur to Valase passing through Nos. 85, 82, 83 and 81. (2) A branch path to the watering places in 81 and 82 branching from No. 1 in No. 81. (3) A foot path through 85 to the south of the cart track No. 1 joining on to its in No. 82. The usual margins for cultivation have been allowed all over. T. CHOKKANNA *Forest Settlement Officer in Mysore.* 5-11-19.	...

ORDER NO. R. 10437—EX. 57-19-4, DATED 10TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. G. C. 147-18, dated 3rd January 1920, from the Excise Commissioner in Mysore, proposing the disposal of the privilege of vending Foreign Liquors in Bangalore, Mysore and Kolar Gold Fields by calling for tenders subject to certain conditions, etc.

Order No. R. 10437—Ex. 57-19-4, dated 10th March 1920.

Government are pleased to approve of the Excise Commissioner's proposal to dispose of the shops by the tender system, the licenses being subject to the following conditions in addition to those prescribed under the Foreign Liquor Rules:—

(1) The minimum strength of the Foreign Liquors sold shall be not less than 25° U. P.

(2) The minimum retail prices of these liquors shall not be less than Rs. 3-4-0 for quart bottles and Rs. 1-12-0 for pint bottles.

(3) No Foreign Liquor bottled in India shall be sold under this license except with the special sanction of Government which will be given only in rare cases and under the safeguards provided in Rule X of the Foreign Liquor Rules.

2. The Notification calling for tenders subject to the conditions mentioned above may be issued by the Excise Commissioner himself.

3. Government are not in favour of discontinuing the practice of publishing periodically an authorized list of foreign liquors permitted to be imported. The Excise Commissioner is requested to take steps to publish, as early as possible, a revised list of brands permitted to be imported and to submit copies of the same to Government and to see that the list is revised periodically and always maintained up to date.

4. The minimum retail prices fixed in para 1 of this order will apply to all licenses issued under the Foreign Liquor Rules.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore.

Excise Revenue

No. R. 10937—Ex. 94-18-17, DATED 19TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. Dt. C. 1697-19, dated 19th January 1920, from the Excise Commissioner in Mysore reporting that a sum of Rs. 666-7-0, being the Excise Revenue of the Inam village of Kaglipur, Kankanhalli Taluk, is irrecoverable and requesting to be informed whether the inamdar is entitled only to the actual amount of Excise Revenue of his village that has been collected.

Order No. R. 10937—Ex. 94-18-17, dated 19th March 1920.

Government observe that no distinction is made between Government and Inam villages as regards the collection of Excise Revenue. The shops in Inam villages are sold by the officers of Government in the same manner as shops in Government villages are and subject to the same conditions. The same steps are taken in the matter of the recovery of the revenue in both Government and Inam villages. When the arrears are proved to be irrecoverable in the case of Government villages, the amount is as a rule written off; and the same is done in the case of Inam villages also. The Inamdar can therefore claim only the actual amount of revenue realised.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Excise Commissioner in Mysore.

Exd.—C.R.

Report on the Administration of the Excise Department.

No. R. 10560-9—Ex. 45-19-3, dated 11th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. Ped. C. 39-1-19, dated 28th October 1919, from the Excise Commissioner, forwarding the Report on the working of the Excise Department for the year 1918-19.

Order No. R. 10560-9—Ex. 45-19-3, dated 11th March 1920.

1. *Principal features.*—The important measures adopted during the year in pursuance of the declared Excise policy of the Government, were the continuance of the Licensing Boards at Mysore, Bangalore and the Kolar Gold Fields, the establishment of Advisory Boards at other District Headquarter Stations, the reduction in the number of hours of sale in arrack and other liquor shops, the raising of the duty and issue price of ganja, and shifting of road side shops to less prominent places. These measures combined with the prevalence of influenza for a few months in the year and the acute food situation throughout the year brought about an appreciable decrease in the consumption of excisable articles. The Advisory Boards established in the District Headquarters do not seem to have been a success as a few of them are said to have met regularly to consider questions relating to the Excise Administration within their jurisdiction. As a further step in the direction of temperance the strength of arrack was ordered to be reduced from 1st July 1919 from 30° U. P. to 35° U. P. and the Bangalore City and the Civil and Military Station where consumption is high, made into a high duty area by raising the duty therein to Rs. 6 per gallon of 35° U.P. against Rs. 5-4-0 in other parts of the State.

2. *Financial results.*—The gross demand including arrears under all items amounted to Rs. 72,70,693 as against Rs. 66,71,315 in 1917-18. The total collections including remissions amounted to Rs. 71,32,731 against Rs. 65,37,317 in the previous year. The increase was chiefly under 'toddy' and 'arrack' while 'ganja' and 'opium' also contributed substantially to the same. The actual collection during the year was 98 per cent of the total demand against 97·7 per cent in the year previous.

3. *Incidence of taxation.*—The general incidence of taxation per head of population was Rs. 1-4-9 against Rs. 1-2-3 in the previous year.

4. *Manufacture and consumption of country spirits.*—Additions and alterations to the Distillery buildings proposed by the Excise Commissioner were not carried out owing to want of funds. The Chief Engineer has been requested to take on hand the necessary urgent improvements having regard to the funds available for the purpose. The attention of the Chief Engineer will be invited to the question of providing additional lighting and water facilities to these buildings at an early date.

The total quantity of spirits manufactured during the year was 562,070 gallons against 555,282 in 1917-18 and the quantity issued from the Distillery was 553,067 gallons against 554,850 in 1917-18. The issues to the Civil and Military Station amounted to 126,646 gallons. There was a closing balance of 32,202 gallons at the end of the year. It is unsatisfactory to note that the manufacturer does not maintain proper accounts of the stock of the various kinds of liquors manufactured by him. The Excise Commissioner is requested to invite his attention to para IV, clause 12, of the Arrack Rules and to see that the prescribed accounts are maintained.

5. *Arrack.*—The consumption of arrack within the State amounted during the year to 395,351 gallons as against 409,764 in the previous year showing a decrease of 14,413 gallons. There was an increase of consumption in the districts of Bangalore, Hassan and Kadur to the extent of 10,577 and a decrease of 24,990 gallons in the other districts. The increase of 8,700 gallons in the Bangalore District has not been clearly explained. The fall in the other districts except Kolar and Shimoga do not call for any remarks. The heavy fall of consumption amounting to 14,010 gallons

in the Kolar District is attributed to the adverse seasonal conditions and combination of licenses in the Kolar Gold Fields area, while the fall of 8,337 gallons in the Shimoga District is said to be due to illicit distillations prevailing in the district, the manufacture of akkibhoja and other causes of a transient nature. The steady decline in the Shimoga District so far as it is due to illicit distillation and not to any reduction in drunkenness should be carefully watched and adequate measures taken to guard against the illicit practices. The total number of arrack shops fell from 721 to 689. The incidence of consumption of arrack in the State was 3·5 drams against 3·7 drams in 1917-18.

As regards the question of increasing the minimum retail rate fixed for the sale of arrack, the Excise Commissioner is requested to submit separate proposals for the orders of Government as also on the question of opening special arrack shops for Lambanies in the Shimoga District.

6. *Special and Foreign Liquors.*—The consumption of Foreign liquors fell from 18,464 gallons in 1917-18 to 16,632 gallons during the year of report owing chiefly to their increased cost during the period of the war. The fall of consumption under this head was however more than counterbalanced by the large increase under the sale of special liquors, the quantity sold being 26,472 gallons against 12,564 in the previous year. The increase of consumption is also attributed to the retail rate per bottle being almost equal to the retail rate of arrack which acted as an inducement for those who wanted to drink off the premises to purchase the stronger liquor in preference to weak arrack. The question of revising the maximum retail rates for special liquor is now under consideration and separate orders will be passed in the matter.

7. *The Mysore Pharmaceuticals, Limited.*—The quantity of rectified spirit issued during the year to the Mysore Pharmaceuticals was 15,779 gallons against 1,250 gallons issued in 1917-18. The Excise Commissioner has not accounted for the large increase in the quantity of spirits issued to the firm. The issues to the firm do not seem to have been carefully checked. The matter requires investigation and the Excise Commissioner is requested to submit a special report in the matter.

8. *Toddy.*—The number of date of toddy shops licensed during the year was 2,174 against 2,433 in the previous year, and the number of bagani toddy shops 494 against 567. The total number of trees of all kinds licensed for toddy sold in the shops the State was 443,612 which was less than the previous year's figure by 4,173. Nearly 30,000 trees were tapped in British Territory for the shops of the State. The average number of villages served by each shop rose from 5·5 to 6·2. The total revenue from toddy during the year was Rs. 34,54,295 which shows an increase of Rs. 3,43,203 over the realisations for 1917-18. The increase is reported to be due to the high rental realised and the enhancement of tree-tax. The question of further enhancing the tree tax as proposed by the Excise Commissioner requires careful consideration and the Excise Commissioner is requested to submit separate proposals in the matter.

9. *Date groves.*—The question of conserving date groves and preventing their early destruction by indiscriminate tapping is an important one and the several suggestions received in this connection from the Deputy Commissioners of Districts have all been embodied in the administration report by the Excise Commissioner. It would be advantageous if the Excise Commissioner took up this subject for careful examination, collected all shades of opinion, consolidated and submitted them with his definite recommendation for the consideration and disposal of Government separately. Meanwhile the revision of the date reserve list should be pushed on to completion soon and action taken to note suitable areas for encouraging date plantations.

10. *Country beer.*—Exclusive of 79,949 gallons consumed in the Military Beer Canteen at Hebbal, as against 95,905 gallons in 1917-18, the total quantity of this consumed in the State was 17,569 gallons against 18,550 gallons in the year previous, the decrease in the latter case being due to the non-working of the beer shop at Robertsonpet throughout the year. The large decrease of consumption in the Military Canteen is due to a reduction in the number of troops stationed in the Civil and Military Station.

11. *Akkibhoja.*—The number of akkibhoja shops remained the same as in the previous year. It is noted that this spirit is competing against the sale of arrack in the Shimoga District and orders of Government were passed sanctioning the proposals

of the Excise Commissioner regarding the restrictions to be placed on this spirit when manufactured for sale.

12. *Ganja.*—The area under ganja cultivation in the State remained almost the same as in the previous year but the outturn per acre was better being 5·75 maunds against 4·3 in 1917-18. The number of shops licensed was reduced by 2 and the consumption of the drug within the State fell from 12,119 seers to 11,151. The decrease in the Mysore District alone amounted to 749 seers and is reported to be due to the monopoly created by the shops having been leased to one person.

13. *Opium.*—The number of opium shops was also less by 2 than in the previous year. The quantity consumed in the State during the year was 2,052 seers against 1,559 seers in 1917-18, the increase during the year being largely contributed by increased sale in the Bangalore District, which was 800 seers against 364 in 1917-18. Government note that this abnormal increase was due to the purchases made by the gang of opium smugglers headed by Rahim Beg, all of whom have been captured.

14. *Offences.*—During the year under report 2,834 cases involving 3,718 persons were reported against 3,171 cases affecting 3,793 persons in 1917-18. The number of heinous cases rose from 432 to 544, while offences relating to breaches of license conditions fell from 2,540 to 1,785. These figures would seem to indicate that the executive staff have relaxed their efforts to efficiently supervise the shops and the date areas. The attention of the District Excise Officers should be drawn to this and more frequent and surprise inspections recommended. At the end of the year there were 342 cases involving 470 persons pending disposal before departmental officers and 70 cases involving 108 persons before Magistrates. The offences during the year included two remarkable cases of theft which occurred in the Government Central Distillery buildings, both of which were detected. A few cases of assualts on Excise Officers were also reported during the year and the Excise Commissioner suggests that this is due to the inadequacy and defencelessness of the Excise staff when raiding powerful Lambani Thandas. The Government have already drawn the attention of the Excise Commissioner to the fact that such raids should be carried on with the co-operation of the Police and other Taluk officials and not by the Excise staff alone.

15. *Intelligence staff.*—The intelligence staff continued to do good work during the year. The number of cases detected by them was 40 cases against 87 during the previous year. It is reported that 34 seers of opium were secured in one of the organised opium smuggling cases brought to light by the staff. The special mobile parties organised for putting down illicit distillation in the Shimoga and Bangalore Districts are reported to have worked satisfactorily.

16. *Inspections.*—The Excise Commissioner toured through all the districts and was on tour for 92 days during the year. There is an improvement in the inspection work done by all District Excise Officers except those of Bangalore, Kolar and Shimoga Districts. The attention of the Excise Commissioner is invited to the remarks contained in the para 16 of the Government's review on the Excise Administration Report for 1917-18 in this connection and he is requested to see that District Excise Officers inspect all subordinate offices, depots and shops within their jurisdiction at least once every year.

17. *General.*—Several suggestions with a view to secure an improvement in the Excise Administration of the State have been embodied in the administration department under the various items constituting it and orders of Government solicited. The Government observe that these suggestions require careful individual consideration. The Excise Commissioner is requested to submit proposals in respect of each of them after a careful examination of all the details and a study of the procedure in vogue in respect of them in the neighbouring presidencies. Government note with satisfaction that though the year was one of exceptional difficulty both on account of the prevalence of war and adverse seasonal conditions, the administration of the Department was satisfactory.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. Fl. 9850-1—S. R. 134-15-3, dated 25th September 1916, directing the revision of list of date reserves with a view to surrender such of the reserves as are not required for the Excise Department for cultivation.

2. The marginally noted paragraph 5 (*a*) of the Dewan's tour notes in the Tumkur, Hassan and Kadur Districts in the month of January 1919 *re* the surrender of certain date reserves in the Kunigal Taluk to the Revenue Department for purposes of cultivation.

Kunigal.—There is a large extent of land included in date reserves but containing few date trees fit for tapping which may be made available for cultivation. The question should be dealt with under the scheme of revision of date reserves.

3. Correspondence ending with letter No. Ge. 275-18, dated 4—10th December 1919, from the Excise Commissioner in Mysore, submitting with reference to the above, letter No. 265, dated 1st December 1919, from the Deputy Commissioner, Tumkur District, forwarding a copy of the list showing the details of survey numbers of the date reserves proposed to be transferred to the Revenue Department for purposes of cultivation and stating that he is in agreement with the views of the Deputy Commissioner.

Order No. R. 10692-6—Ex. 18-18-36, dated 16th March 1920.

Government are pleased to accept the above proposal and to direct that the extent of date reserves referred to in the appended statement be made over to the Revenue Department for purposes of cultivation. The Excise Commissioner is requested to take action accordingly. The Revenue Commissioner should, with the help of the Superintendent of Survey, adopt the necessary measures for the demarcation of the areas, sub-division of the lands and making them available for cultivation.

2. A report on the progress made in the matter should be submitted to Government once a quarter by the Excise Commissioner and the Revenue Commissioner.

4. The Excise Commissioner's proposal *re* similar surrenders of date reserves in the other districts of the State is awaited.

Administration Reports of Minor Municipalities in the Chitaldrug District.

No. R. 10106—Ml. 103-19-39, dated 3rd March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Reviews on the Administration Reports of the Minor Municipal Councils in the Chitaldrug District for the year 1918-19, received with the Deputy Commissioner's letter No. D. Dis. 59—Ml. 19-20, dated 27th January 1920.

Order No. R. 10106—Ml. 103-19-39, dated 3rd March 1920.

I. *Constitution.*—Besides the six non-Regulation Municipalities that were converted into Minor Municipal Councils mentioned in the review of the previous year, the three Unions of Malebennur, Mayakonda and Naikanahatti were also formed into Minor Municipal Councils from the 1st July 1918, thus making the total number of Municipal Councils into nine during the year under review.

II. *Meetings and Attendance.*—The prescribed number of twelve meetings were held only in six of the Minor Municipal Councils and not in the remaining three Municipal Councils of Malebennur, Mayakonda and Naikanahatti owing to the delay in getting them constituted. The average strength of each Municipal Council was 11 and the average attendance of members 6·00.

III. *Revision of Taxes.*—Neither the revision of the existing taxes nor the imposition of any additional taxes was undertaken during the year showing thereby that no special attention was paid in the direction of improving the finances of any Municipal body which is unsatisfactory.

IV. *Financial portion.*—The opening balance was Rs. 45,380, the income and expenditure during the year being Rs. 26,308 and Rs. 24,802 against Rs. 28,128 and Rs. 20,634 respectively of the previous year. The decrease under income is attributed to the unfavourable seasonal conditions in some of the Municipalities and the increase under expenditure is reported to be in part due to the reorganisation of the Municipal Office of, and the grant of grain compensation and local allowances in the Holalkere Municipality. It is also observed in the Deputy Commissioner's review on the report of the Hiriyur Municipal Council that the figures noted against the opening and closing balances are not to be relied on unless they are reconciled with those of the Comptroller's Office. It is hoped that necessary arrangements will be made in future in this connection for obtaining from the Comptroller the figures in time for the preparation and submission of the reports and appendices to facilitate the Deputy Commissioner's review thereon.

V. *Demand, Collection and Balances.*—The total demand including arrears under all heads during the year was Rs. 35,406 (Rs. 2,671 arrears, Rs. 32,735 current) of which Rs. 27,323 (Rs. 1,175 arrears Rs. 26,148 current) were collected leaving still a balance of Rs. 8,083 (Rs. 848 arrears, Rs. 7,275 current,) being 22·82 per cent of the total demand.

VI. *Incidence of taxation.*—The incidence of taxation per head of population ranged from Re. 0-3-1 in the Naikanahatti Municipality to Rs. 2-2-3 in the Challakere Municipality.

VII. *Public Works executed by the Civil Department.*—It is unsatisfactory to note that the allotments under this head have not at all been mentioned either in the several reports or in the Deputy Commissioner's review except against the Municipalities of Malebennur and Mayakonda although the total outlay for all the Municipalities is shown as Rs. 6,434 in Appendix VIII. The Deputy Commissioner is requested to issue strict instructions to the Presidents of Municipal Councils to invariably show the figures of actual allotments, outlay and the lapses under Public Works in their respective reports in future.

No. R. 10106—Ml. 103-19-39, dated 3rd March 1920.

VIII. *Public Health.*—The number of births and deaths recorded during the year was 510 and 2,578, respectively, as compared with those of the previous year, *viz.*, 468 and 517. The heavy mortality was attributed to be due to the prevalence of plague and influenza in most of the Municipalities. A malarial survey was also ordered to be conducted during the year in the town of Holalkere.

IX. *Vaccination.*—The total number of persons vaccinated during the year was 486 against 336 in the previous year and the percentages of successful vaccination for both primary and re-vaccinations were 84·1 and 70·1 respectively. It is observed that the Municipality of Challakere did not take prompt steps to have its period of compulsory vaccination intended.

As it is reported that compulsory vaccination is not yet in force in the Municipalities of Malebennur, Mayakonda and Naikanahatti, the Deputy Commissioner is requested to instruct these Municipal Councils to take early steps in the matter.

X. *Audit of Accounts.*—It is reported that except in the case of Malebennur, the audit of the accounts of the Municipal Councils was undertaken by the local auditors of the Comptroller's Office. It is unsatisfactory to note that the report of the Municipal Council of Molakalmuru is silent on the point of audit and that the Municipal Council of Hiriyur had not yet answered the audit objection statements of the Comptroller.

XI. *General.*—The views of the Deputy Commissioner are only of a general character without giving the required statistics, perhaps due to the reports and their statements having been improperly and imperfectly drawn up. This is unsatisfactory. It is hoped that these details will receive better and due attention in future.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Deputy Commissioner, Chitaldrug.

Exd.—C. R.

The Administration Reports of Minor Municipal Councils in the Shimoga District.

No. R. 10679—Ml. 103-19-42, dated 16th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Deputy Commissioner's Reviews on the Administration Reports of Minor Municipal Councils in the Shimoga District for the year 1918-19.

Order No. R. 10679—Ml. 103-19-42, dated 16th March 1920.

I. *Constitution.*—In addition to the seven non-Regulation Municipal Boards which were converted into Minor Municipal Councils as indicated in the review of last year, the two Unions of Benkipur and Shiralkoppa were also formed into Minor Municipal Councils, thus bringing the total number of such Municipal Councils to nine during the year under report.

II. *Meetings and attendance.*—All the Municipal Councils, except that of Benkipur, held the prescribed number of 12 meetings the latter Municipal Council holding only 6 meetings owing to late constitution. The average attendance at meetings was 6·78 against an average strength of 11 members on each council. A councillor's place which fell vacant in Kumsi at the commencement of its constitution into a Minor Municipal Council, still remains unfilled. This is irregular. Steps should be taken to get the same filled up early.

III. *Demand, collection and balance.*—The total demand including arrears was Rs. 35,475, the total collection and balance thereof being Rs. 21,255 and Rs. 14,220 respectively. Out of the total current demand during the year under "House and Mohatarfa Taxes", *viz.*, Rs. 13,460, the collection was Rs. 8,787 or 65·20 per cent leaving a balance of Rs. 4,673 or 34·71. The collection under the same head against the demand of Rs. 10,890 for the previous years was Rs. 2,278 or only 20·92 per cent resulting in a larger arrear of Rs. 8,612 or 79·08. It is regretted that prompt steps were not taken to reduce these large outstandings in spite of the observation made by Government in connection therewith in their review last year.

Revision of assessment was completed in the municipalities of Honnali and Nyamati during the year. The Deputy Commissioner is requested to see that this work is carried out in the remaining municipalities at an early date.

IV. *Incidence of taxation.*—The incidence of taxation per head of population was highest, *viz.*, Rs. 2-2-3 in the Tirthahalli Municipality and lowest, *viz.*, Re. 0-9-10 in Kumsi. The incidence per head rose from Re. 0-8-1 to Rs. 1-1-5 in the Sorab Municipality. The cause of decrease for the incidence in the Honnali Municipality from Rs. 2-2-4 to Rs. 1-12-9 should have been explained.

V. *Finances.*—The total income and expenditure of all the Minor Municipal Councils during the year were Rs. 24,305 and Rs. 24,110 respectively against Rs. 20,226 and Rs. 19,505 of the previous year. The normal expenditure exceeded the normal income in the municipalities of Honnali, Tirthahalli and Kumsi and the increase under expenditure in the municipality of Honnali is reported to be due to the entertainment of a new establishment sanctioned under the revised scale.

VI. *Public works.*—Out of a total allotment of Rs. 11,782, only Rs. 4,855 (Rs. 4,994 according to the Appendix VIII) was spent showing a lapse of 58·78 per cent the heaviest lapses were in the municipalities of Shiralkoppa (91 per cent), Kallurkatte (85·64 per cent), Tirthahalli (52 per cent) and Channagiri (50·53 per cent) and the municipality of Benkipur allowed the whole allotment of Rs. 425 to lapse. There has been no improvement in the execution of public works, and it behoves the Municipal Councils to give their earnest attention to this matter.

No. R. 10679—Ml. 103-19-42, dated 16th March 1920.

VII. *Vaccination.*—The number of persons vaccinated during the year was 666 against 118 in the previous year. The highest number of vaccination, *viz.*, 332 against 55 of last year was performed in Tirthahalli, Nyamati coming next with 101 cases against 16 only of the previous year. The increase in Tirthahalli under this head is reported to be due to the performance of vaccination therein through the four agencies of the Sub-Assistant Surgeon, Lady Apothecary, Sanitary Inspector and the Special Vaccinator appointed therefor. The local Sub-Assistant Surgeon alone attended the vaccination work at Nyamati. No explanation has been offered for the decrease in the number of vaccinations in Honnali where the number fell from 158 of the previous year to 42 during the year under report. This is not satisfactory. The Deputy Commissioner is requested to see that due attention is paid by the local officers concerned to this important work.

VIII. *Vital statistics.*—Three hundred and seventy-eight births and 1,581 deaths were recorded in the year against 381 and 584 of the previous year. Influenza in a virulent form and plague which prevailed in almost all the municipalities account for the larger number of deaths.

IX. *Audit of accounts.*—The accounts were audited in all the municipalities by the local officers of the Comptroller's office but it is stated that this work was attended to by the Honorary Auditors in the municipalities of Sorab and Tirthahalli and that no serious irregularities were noticed during the audit.

X. *General.*—The administration of the Municipalities requires to be improved in several directions, though it is reported that non-official members are evincing greater interest in their work. There was much laxity in the collection work of the Benkipur Municipality and the number of meetings held there was the lowest. The President of the Municipality should be instructed to bestow greater supervision over its administration as it will have to face heavy responsibilities in the near future in view of its proximity to the iron works. Full information required for the Deputy Commissioner's review has not been furnished in the reports of some Municipalities and the figures in the reviews and the respective appendices do not correspond in certain cases.

Administration Reports of Minor Municipalities in the Tumkur District.

No. R. 11226-8—Ml. 103-19-45, dated 26th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Deputy Commissioner's Review on the Administration Reports of the Minor Municipal Councils in the Tumkur District for the year 1918-19.

Order No. R. 11226-8—Ml. 103-19-45, dated 26th March 1920.

1. *Constitution.*—The three Municipalities noted in the margin were brought under the operation of the Municipal Regulation during the year under report being constituted into Minor Municipal councils. The total area of these Municipalities was ·37 square mile and the total population 7,994.

1 Koratagere
2 Turuvekere
3 Pavagada.

2. *Meetings and Attendance.*—The Municipalities of Pavagada and Turuvekere held the prescribed number of meeting and the average attendance at these meetings was 8·6 against the average strength of 12 members on each Board. The attendance of official members in Koratagere Municipality and of non-official members in those of Pavagada and Turuvekere was not satisfactory. It behoves the Presidents of these Municipalities and the Local Officers to see that Municipal Meetings are well attended in future.

3. *The Demand, Collection and Balance.*—The total demand including the previous year's arrears amounted to Rs. 6,614. It is satisfactory to note that only Rs. 703 or 10 per cent remained uncollected.

4. *Incidence of Taxation.*—The incidence of taxation per head of population was almost uniform being 0-12-8 for Pavagada and 0-11-6 for both Koratagere and Turuvekere.

5. *Finances.*—The total income and expenditure of three Minor Municipalities for the year amounted to Rs. 5,911 and Rs. 5,374 respectively as against Rs. 5,611 and Rs. 3,291 for the previous year. The total closing balance at the end of the year was Rs. 10,439.

6. *Public Works.*—The expenditure on Public Works was Rs. 795 as against Rs. 308 for the previous year as much as 30 per cent of the total grant being allowed to lapse during the year.

7. *Public Health and Sanitation.*—The total number of births and deaths during the year was 130 and 586 as against 181 and 201 respectively during the previous year. Influenza is largely responsible for the high mortality.

The total number of persons vaccinated during the year was 218 for a population of about 8,000 persons. This work is evidently not being properly supervised.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Administration Reports of Minor Municipal Councils in the Bangalore District for the year 1918-19, and the Deputy Commissioner's reviews thereon:—

Order No. R. 11199—Ml. 103-19-44, dated 26th March 1920.

This review relates to the administration of the 12 Municipalities in the Bangalore District noted below, during the year 1918-19, has been reviewed in the order: -

1. Closepet
2. Anekal
3. Devanhalli
4. Nelamangala
5. Tyamagondlu
6. Hoskote
7. Kankanhalli
8. Magadi
9. Sarjapur
10. Vadigenhalli
11. Yelahanka
12. Sulibele

The Municipal Councils in all these places were constituted under the Municipal Regulation VII of 1906, as amended by the Regulation V of 1918, during the year under review. The last two mentioned which were Union Panchayets, were newly brought under the Municipal Regulation. The total area of the 12 Municipalities under review is 2·43 square miles with an aggregate population of 44·683.

Meetings and attendance. -Only one Municipal Council, *viz.*, that of Yelahanka did not hold the prescribed number of meetings. The average attendance was 7·13 against the average strength of 11·2 for each Municipal Council.

Elections.—The privilege of electing was conferred for the first time on the rate payers. General elections were held during the year in all the municipalities, except Closepet and Devanhalli, the two latter municipalities having been reconstituted during the previous year. The attendance of voters in the municipalities during the elections was however not quite satisfactory.

Demand, Collection and Balance.—The current demand for the year under "House and Mohatarfa taxes" was Rs. 22,585. Of this Rs. 19,459 were collected, leaving a balance of Rs. 3,126 or 13 per cent of the current demand uncollected; while out of the arrears of Rs. 15,166, a sum of Rs. 6,630 was collected and Rs. 120 remitted, leaving a balance of Rs. 8,416 or 55 per cent of the demand uncollected at the end of the year. The collection of taxes for the current year in Closepet and Vadigenhalli and of arrears in Hoskote, Nelamangala, Kankanhalli, Closepet, Anekal, Devanhalli and Vadigenhalli was not satisfactory. The indifference of the collection staff in Closepet, the prevalence of plague and influenza in Kankanhalli and the inability of the village officers in Nelamangala to pay greater attention to the collection work on account of their employment in the survey Jamabandi held in the taluk account for the large arrears outstanding in the accounts. This is not satisfactory. The Presidents of the Municipal Councils concerned should adopt prompt measures for the collection of all recoverable items and get the others written off.

Incidence of taxation.—The incidence of taxation for the district was Re. 0-12-8 and ranged between Re. 0-5-6 in Vadigenhalli and Re. 1-14-9 in Tyamagondlu.

Finances.—The income and expenditure for the year amounted to Rs. 39,284 and Rs. 42,504 against Rs. 34,983 and Rs. 28,367 respectively in the previous year. The variation under expenditure was due to the payment of Rs. 2,962 by the Tymagondlu Municipal Council to the Sanitary Division for effecting necessary improvements to the town water-supply and also to the payment of grain compensation and war allowances to the Municipal Establishments in the district.

Medical relief.—In the Local Fund Dispensaries subsidised in part from Municipal Funds 72,507 patients were treated against 70,350 in the previous year. One thousand eight hundred and forty-three persons were vaccinated against 1,020 persons in the previous year.

No. R. 11199—Ml: 103-19-44, dated 26th March 1920.

Vital statistics.—One thousand twenty-one births and 2,543 deaths were recorded during the year against 1,050 and 1,181 respectively in the previous year. Cholera in Devanhalli and Vadigenhalli and influenza in Hoskote, Tyamagondlu, Magadi, Anekal, Devanhalli and Vadigenhalli largely contributed to the mortality.

Conservancy and sanitation.—Most of the municipalities in the district remained without effective drainage or water-supply systems. The municipal councils concerned should take early steps to devise suitable schemes therefor as far as their funds permit and submit them for the sanction of Government.

Public Works.—The expenditure on public works carried out by the Civil Department was Rs. 6,243 against 4,187 in the previous year. The amount of lapses was only 3 per cent of the total budget allotments for the year under public works which is satisfactory. The works executed were mainly repairs to roads and drains.

General.—The administration of municipal affairs in the municipalities now under review was generally satisfactory. The reports and appendices of some of the municipalities have not been prepared with due care. The Presidents of Municipal Councils should devote more attention to the correct preparation of the reports and appendices in future and to their punctual submission to the Deputy Commissioner on the due dates.

Administration Report of the Minor Municipal Councils.

No. R. 10975-7—Mi. 103-19-43, dated 20th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Deputy Commissioner's reviews on the Administration Reports of the Minor Municipal Councils of the Hassan District for the year 1918-19.

Order No. R. 10975-7—Mi. 103-19-43, dated 20th March 1920.

Constitution of the Municipal Boards.—During the year under review, the number of Minor Municipal Councils in the district was raised from 6 to 8, Harnahalli and Shravanabelagola being newly constituted as Minor Municipal Councils under the amended Municipal Regulation V of 1918. The total population of these Municipalities was 21,613. The Deputy Commissioner is requested to note in future reports the area of the newly formed Municipalities.

2. *Meetings and Attendance.*—With the exception of Harnahalli and Shravanabelagola other Municipalities held the prescribed number of meetings, the average attendance of members at each meeting being 5·9 against a strength of 12 members on each Board.

3. *Demand, Collection and Balance.*—The total demand under all heads including arrears was Rs. 51,466. Of this a sum of Rs. 36,487 has been collected leaving a balance of Rs. 14,979. The collection of arrears is not satisfactory. The Deputy Commissioner is requested to issue necessary instructions to the Municipal authorities to pay more attention to collection work.

4. *Incidence of Taxation.*—The incidence of taxation per head of population was highest in Alur being Rs. 3-2-2 and lowest in Harnahalli and Shravanabelagola being Re. 0-7-10 and Re. 0-6-6 respectively. The revision of assessment reported to be under consideration in the latter Municipalities should be completed early.

5. *Finance.*—The total income and the total expenditure of all the Minor Municipalities in the district for the year under review amounted to Rs.36,487 and Rs.46,271 respectively. The closing balance at the end of the year was Rs. 62,179. Four of the Municipalities, *viz.*, Alur, Belur, Arkalgud and Channarayapatna have incurred expenditure beyond their income. Efforts should be made in future to keep the expenditure within the income.

6. *Deaths and Births.*—During the year under report there were 2,695 deaths against 460 of the previous year and 598 births against 565. The larger mortality was due to the outbreak of influenza.

7. *Vaccination.*—The number of persons vaccinated during the year was 320 against 268 in the previous year, the percentage of successful cases being 93 per cent.

8. *Audit and Accounts.*—The local audit staff of the Comptroller's office audited the accounts of all the Minor Municipalities up to the end of June 1919 and no irregularities were observed.

9. *General.*—There is considerable scope for improvement in the administration of these Municipalities especially with regard to collection work and the execution of public works. Sufficient attention has not been paid to the preparation of the reports and appendices. The Presidents should be required to devote their personal attention to the preparation of the reports and returns and to submit them to the Deputy Commissioner within the due dates.

No. 8854-5—Edn. 49-19-13, dated 20th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. C. 5516 of 19-20, dated 17th December 1919, from the Inspector-General of Education proposing to fix the 15th November as the latest date for the managers of all aided and unaided educational institutions to send up applications for all kinds of grants.

2. Correspondence ending with letter No. C. 5516 of 19-2C, from the same officer on the subject.

Order No. 8854-5—Edn. 49-19-13, dated 20th March 1920.

The Inspector-General of Education states that, under the Grant-in-aid Rules as they stand, applications for several kinds of grants have to be sent up on different dates without any uniformity in the procedure, thereby rendering the working of the grant-in-aid system unsatisfactory. He therefore proposes that instead of the several dates, the 15th November may be fixed as the latest date for the managers of all aided and unaided institutions to send up applications for grants to the Circle Inspectors so that they may scrutinize the same and submit consolidated proposals to his office before the end of January and proposes the addition of the following new rule in the Grant-in-aid Code as Rule III (3).

"No grants shall be sanctioned under these rules to an institution during any particular official year unless applications for such grants are made through the Circle Inspectors concerned not later than the 15th November of the preceding year."

Government observe that as applications for recognition have to be made only 6 and 4 months before the commencement of the term of High Schools and Anglo-Vernacular Schools, respectively, and as no unrecognised school can apply for a grant, new schools would be debarred from applying for a grant for the 1st year of their existence if the time limit proposed by the Inspector-General above is applied to their case. Government are therefore pleased to direct that a proviso may be added to the proposed rule that in the case of schools newly opened with the permission of the department the above time-limit will not apply so far as applications for grants during the first year are concerned. Subject to the above modification the rule proposed by the Inspector-General is approved.

Control over Home Industries Classes for women.

No. 8897-8—Edn. 395-19-2, dated 20th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. C. 5147 of 19-20, dated 21st February 1920, from the Inspector-General of Education recommending for reasons explained the transfer of control of the Home Industries classes for women from the District and Assistant Inspectors to the Inspectress of Girls' Schools and of the control of the 3 Girls' High Schools to Circle Inspectors.

Order No. 8897-8—Edn. 395-19-2, dated 20th March 1920.

Government consider that control over women's education as a whole should vest in the Inspectress and are therefore not in favour of the proposal of the Inspector-General of Education to transfer the control over High Schools for girls to Circle Inspectors. They direct that the Home Industries classes for women be transferred to the control of the Inspectress. Separate proposals may be submitted for the appointment, if necessary, of an expert technical woman Assistant to help her in the inspection and supervision of these classes.

No. 8900-11—Edn. 385-19-2, dated 20th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. 8900-11—Edn. 385-19-2, dated 20th March 1920.

Under the rules now in force bills for grants to educational institutions whether paid from State Funds or Municipal Funds have to be countersigned by officers of the Education Department. Instances have come to the notice of Government in which local bodies have enhanced their grants to State aided institutions without reference to the Education Department. The object of insisting upon the grant-in-aid bills being countersigned by the Departmental officers even where the grant is made by a local body is to ensure that the institutions receiving grants-in-aid are maintained at the standard of efficiency required by departmental rules and that only a reasonable expenditure is incurred on establishments and other charges and that grants are not out of proportion to the reasonable requirements of the institution. Government are therefore pleased to direct that in future whenever a local authority proposes to sanction grants to educational institutions aided by the Education Department or to enhance reduce or withdraw grants already paid to such institutions the Education Department should invariably be consulted.

Supply of Women Teachers in the Education Department.

No. 8930-1—Edn. 28-16-18, dated 22nd March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. Glc. 4143 of 19-20, dated the 6th December 1919, from the Inspector-General of Education, submitting proposals for increasing the supply of trained women teachers in the Education Department.

Order No. 8930-1—Edn. 28-16-18, dated 22nd March 1920.

Of the two grades of Normal Training provision has so far been made for giving instruction in the Lower Secondary Grade only to girls in the Maharani's High School and the Zenana Normal School, Mysore, though there are Upper Secondary courses for general education. At present about ten women teachers are selected every year for both Lower Secondary training and the Upper Secondary classes in the Maharani's High School and 12 teachers for the Lower Secondary training class in the Zenana Normal School. In addition 2 stipends of the value of Rs. 8 have been instituted for private candidates under-going training in the Zenana School.

2. With a view to increase the supply of women teachers in the Education Department the Inspector-General of Education proposes that a few stipends should be instituted to induce private candidates to undergo training in the Lower Secondary and Upper Secondary training classes and that the number of teachers already in service to be selected for training should be reduced as it is found difficult to appoint women substitutes for short periods for the teachers so selected. His proposals are:—

(i) the reduction of the number of teachers to be selected for training to 2 in the Upper Secondary training class and 6 in the Lower Secondary training class of the Maharani's High School and to 6 in the Lower Secondary training class of the Zenana School;

(ii) the grant of full pay and a deputation allowance of Rs. 5 per mensem to the teachers selected for training;

(iii) increase of pay of substitutes appointed in place of teachers under training from Rs. 10 to Rs. 15;

(iv) institution of 10 stipends of Rs. 12 each and 20 of Rs. 10 each for private candidates undergoing training in the Lower Secondary training and Upper Secondary training classes respectively in the Maharani's High School;

(v) increasing the number of stipends tenable in the Zenana Training School for private candidates to 10 and the value of each to Rs. 10 per mensem.

3. The proposals of the Inspector-General of Education involve an extra cost of Rs. 404 per mensem or Rs. 4,848 per annum (*vide* appended statement) and provide for the training every year of 14 teachers and 40 private candidates.

4. Government are pleased to approve of the proposals of the Inspector-General of Education and to direct that necessary provision be made in the budget of 1920-21 and subsequent years.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education.
The Comptroller to the Government, through Financial Secretariat.

Exd.—C. R.

REVISED RULES FOR THE GUIDANCE OF THE COMMITTEE FOR THE ADMINISTRATION OF POOR SCHOLARS' FUND OF SRAVANABELAGOLA.

The Committee including the President and Secretary will hold office for three years from the date of its constitution and will be appointed by the Inspector-General of Education.

2. Three members will form a quorum.

3. The President or Secretary or any three members may convene a meeting whenever necessary. In the absence of the President at any meeting the members present will choose a President from among themselves for that meeting.

4. In the months of January and July, the Inspector-General of Education will draw the whole or any part of the accumulated interest of the last six months according to the account rendered by the Comptroller together with any savings that may be at the credit of the Fund in the Government Savings Bank and hand over the amount to the Secretary to the Committee.

5. It will be the duty of the Secretary to keep a correct record of the Proceedings of the meetings of the Committee and a correct account of all the moneys received and disbursed by him, and he shall make an annual report on the administration of the fund to the Committee in the month of January and send a copy of the same for information to the Inspector-General of Education.

No. 9098-9--Edn. 365-19-4, dated 26th March 1920.

6. The objects of the fund are:—

1. To give the whole or part of the cost of school books of poor scholars reading in the Anglo-Vernacular School, Sravanabelagola, the amount so given not exceeding Rs. 5 per year in each case. A sum of Rs. 40 will every year be reserved for this purpose.

2. To award once in every three years a scholarship of the value of Rs. 8 per mensem tenable for three years in High School classes to a student belonging to Jain community or in the absence of such a student to any student who has passed out from the Sravanabelagola school if funds permit extra scholarships may be given in any year, and in any class at the discretion of the Inspector-General of Education.

7. The scholarships will be awarded by the Inspector-General of Education on the recommendation of the Committee and its continuance will depend upon the receipt of satisfactory reports regarding the progress and conduct of the scholarship-holder from the Head of the institution where he is reading.

8. All applications for scholarships should reach the Committee by the 1st July in each year and the Committee shall submit their recommendation to the Inspector-General of Education in the form of proceedings by the 10th of that month.

9. The form of application for scholarships and further details regarding their award will be the same as those laid down for the administration of Backward class scholarships.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 7762, dated the 21st January 1920, from the Registrar, Mysore University, submitting for approval a draft set of Rules approved by the University Council *re* assistance to be rendered to the University Professors and others for books written by them and published by or under the auspices of the University :—

Draft Rules for the grant of rewards and prizes to the authors of books published by or under the auspices of the University.

Works to be published by any member of the Professorial or other teaching staff of the University, when they relate to subjects connected with the Members' department in the University should contain a full acknowledgment of the extent of help (by Research Study, etc.) derived from the author's connection with the University.

2. If the author wishes to publish any work under the patronage or with the countenance of the University as an authorised publication, the work should be submitted for approval, and the University Council will after obtaining such expert opinion as may be considered desirable, enter into such terms as may be suitable in each case.

3. Patronage may be in the form of a bonus (not exceeding half the cost of printing an edition of not more than 1,000 copies), or whole cost of the first publication subject to reimbursement from sales.

4. In cases of works of exceptional merit, the University may acquire the right of publication for a fixed price on terms of sharing the profits with the author.

5. In special cases, the Council may award grants in cash, irrespective of the cost of printing but so as not to exceed (without the previous sanction of Government) one thousand rupees.

6. These rules will not affect the terms offered by the University Council for the production of books on prescribed subjects by advertisements for general competition.

7. No grant or other donation will be payable before the work is actually published, or satisfactory arrangements for immediate publication have been made.

8. The grants under these rules may be made to any person whether in service or not, subject to any general rules for obtaining sanction issued by Government in the case of public servants.

Order No. 9212-3—Edn. 106-19-14, dated 30th March 1920.

Government consider that the powers of the University Council in patronising such publications should be limited to the grant of a bonus of Rs. 500 or the purchase of 250 copies of the books on publication. In the latter case copies may be made available to the Public Libraries in Cities and the Education Department and other institutions according to a list to be prepared and kept by the University. The rules will therefore be modified as follows :—

(*a*) 3. "Patronage may be in the form of purchase of 250 copies of the publication or the grant of a bonus of Rs. 500 whichever is less.

(*b*) In Rule 4 add "with the previous sanction of Government" after "the University."

(*c*) Rule 5 may be omitted.

The rules as modified are appended to this order.

The terms offered by the University Council for the production of books on prescribed subjects should also be modified so as to limit the powers of patronage of the Council to the grant of prizes not exceeding Rs. 500.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Registrar, Mysore University, Mysore.
The Comptroller to the Government of Mysore.

No. 9212-3—Edn. 106-19-14, dated 30th March 1920.

APPENDIX.

Rules for the grant of rewards and prizes to the authors of books published by or under the auspices of the University.

Works to be published by any member of the Professorial or other teaching staff of the University, when they relate to subjects connected with the Member's department in the University should contain a full acknowledgment of the extent of help (by Research Study, etc.) derived from the author's connection with the University.

2. If the author wishes to publish any work under the patronage or with the countenance of the University as an authorised publication the work should be submitted for approval, and the University Council will, after obtaining such expert opinion as may be considered desirable, enter into such terms as may be suitable in each case.

3. Patronage may be in the form of purchase of 250 copies of the publication or the grant of a bonus of Rs. 500 whichever is less.

4. In cases of works of exceptional merit, the University may, with the previous sanction of Government, acquire the right of publication for a fixed price or on terms of sharing the profits with the author.

5. The patronage of the University Council in regard to the production of books on prescribed subjects by advertisement for general competition shall be limited to the grant of prizes not exceeding Rs. 500.

6. No grant or other donation will be payable before the work is actually published or satisfactory arrangements for immediate publication have been made.

7. The grants under these rules may be made to any person whether in service or not, subject to any general rules for obtaining sanction issued by Government in the case of public servants.

Decentralisation of Powers in the Education Department.

No. 9057-8—Edn. 388-19-2, dated 25th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 5594-5—Edn. 118-17-8 and 11903-4—Edn. 389-18-4, dated 19th December 1918 and 7th June 1919, respectively, delegating certain additional powers to the Circle Inspectors and District Inspectors.

2. Letter No. C. 10205, dated 12th February 1920, from the Inspector-General of Education, submitting proposals for further decentralisation of powers in the Education Department.

Order No. 9057-8—Edn. 388-19-2, dated 25th March 1920.

The following decentralisation of powers to Circle Inspectors, District Inspectors and the Inspectress of Girls' Schools are proposed by the Inspector-General of Education.

	Circle Inspectors and Inspectresses.		District Inspectors.	
	Present	Proposed	Present	Proposed
Appointments and transfers	Whose pay does not exceed Rs. 20 per mensem	Whose pay does not exceed Rs. 30	Whose pay does not exceed Rs. 12	Whose pay does not exceed Rs. 12, 15 per mensem.
Countersigning increment bills.	All increment bills except those of Gazetted Officers.	All increment bills except those of Gazetted Officers	.	. .
Leave	Leave of any kind except leave on medical certificate for a period exceeding six months furlough and leave on private affairs to teachers in school in the districts who do not belong to the graded service and to all officers below the grade of Assistant Inspectors of Education	Sanctioning casual leave permissible under rules to all Inspecting Officers and Head Masters of High Schools and the staff of industrial schools in their charge	To all officers drawing pay below Rs. 20.	No change.
Countersigning salary grant bills	For amounts less than Rs. 20	For any amount of all grant-in-aid bills of institution under their direct control	For amount less than Rs. 10	Grants for any amount of all institutions under their direct control.
Sanctioning salary grant-in-aid to Primary Schools and night schools	Up to Rs. 7 per mensem	Salary grants of Rs. 5 6 and 7.		...
Sanctioning salary grant-in-aid to furniture grants.	Do 20	Up to Rs 50	.	....
Sanctioning salary grant-in-aid to petty repairs.	Do 50	Do 100	..	..

It is also proposed to empower Head Masters of High Schools to sanction casual leave to their staff admissible under the Mysore Service Regulations without limiting the period to three days as at present.

2. Government consider that grant-in-aid bills of High Schools should be countersigned by the Inspector-General of Education himself and that, in the case of A.-V. Schools, whenever a grant is increased in any year, the Inspector-General of Eudcation should countersign the bills of enhanced grants of that year.

3. Subject to the above modification, the proposals of the Inspector-General of Education are approved.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.
The Comptroller to Government, through the Financial Secretariat.

Report on the working of the Agricultural Department for the year 1918-19.

No. 8000-60—A. & E. 88-19-4, dated 1st March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Report on the working of the Agricultural Department for the year 1918-19, received with the Officiating Director's letter No. 2971—C. 4-9, dated the 10th November 1919.

Order No. 8000-60—A. & E. 88-19-4, dated 1st March 1920.

I. STAFF.

Personnel.—Dr. Coleman having proceeded on combined leave from the 23rd July 1918, Mr. H. V. Krishnayya, Chemist of the Agricultural and Geological Departments, officiated as Director of Agriculture during the year. Mr. Sampathiengar officiated as Agricultural Chemist and Messrs. Bhima Rao and Sankar Rao Badami were appointed Senior Assistant Chemists. Mr. S. Venkatrayan, B.A., was appointed Junior Assistant Mycologist in the place of Mr. Noronha transferred to the Commerce Department as Probationer.

Itineration.—The Officiating Director toured for 80 days in the year and inspected the offices of the Deputy and the Assistant Directors, the Agricultural Farms, and the Agricultural Schools at Hebbal and Chiknahalli. The Deputy Director was on tour for 182 days and the Assistant Director for 183 days.

II. LIBRARY AND PUBLICATION.

Twelve publications relating to improved methods of cultivating staple crops and of combating various insect pests were issued from the office of the Director. The Director remarks that the Departmental Library is not being made use of largely by the public. The Library contains a large collection of useful books 4,700 in number and in addition the department is subscribing for 75 journals and is also getting a larger number of reports free or by way of exchange. Government consider it necessary that all possible facilities should be created for the free use of the library by persons interested in agriculture. The Director is requested to take steps for the publication of a catalogue and to submit proposals with draft rules for encouraging the use of the Library by the public, and for constituting a section in his office to serve as a Bureau of Agricultural Information to the Public.

III. AGRICULTURAL FARMS.

Hebbal Farm.—The Hebbal Farm was conducted on the same lines as before. Owing to the insufficiency of rainfall, the results obtained by experimenting with such crops as ragi, sugar-cane and paddy were not satisfactory. Good results were however secured in experiments in ragi cultivation, by the use of improved seed, better methods of culture, the rotation of ragi with groundnut and avare and the use of cowpea as green manure. The tests with regard to paddy were conducted with reference to varieties of the grain, the effect of various manures and artificial fertilizers, the seed rate and duty of water. Honge leaves as green manure and Ammonium sulphate with superphosphate as a fertilizer had a favourable influence on the yield of paddy. The duty of water could not be satisfactorily tested owing to the inadequate supply in the Hebbal Tank. Transplantation of seedlings one month old was attended with favourable results. The Red Mauritius cane was as usual found to produce the highest yield, J. 33 A coming next. Manurial tests with sugar-cane showed that the use of 3 tons of oil cake per acre yielded a proportionately better net return than the use of 2 tons per acre. Planting sugar-cane 4 feet apart yielded the highest outturn. H. H. the Gaekwar of Baroda honoured the Farm with a visit during the year.

Marthur Farm.—Of the various crops that were tested in the Farm, pepper from Tali-paramba in respect of which experiments were commenced last year is reported to have done very well. Government trust that the Department will make special

efforts to popularise the cultivation of this kind of pepper in the Malnad areas. Special attention was paid in the Farm to the preparation of ensilage which, when removed, is said to have been eagerly consumed by cattle.

Babbur Farm.—Experiments were made with different varieties of cotton but owing to deficient rainfall, satisfactory results could not be obtained. Doddahathi under irrigation was found to do better than Cambodia cotton. In view of the costliness of cattle manure and of the fact that it is not easily procurable in these tracts, various kinds of green manure were tried in the Farm. Cowpea has been found to be preferable to others as it is woody and incorporates (more easily) with the soil and also because it is of shorter duration and therefore less likely to be disturbing in the rotation with important crops. Sugar-cane sets valued at Rs. 584 and Cambodia cotton seed sufficient for 744 acres were sold from the farm during the year.

Nagenahalli Farm.—The Deputy Director was in charge of this Farm. Though this was specially intended to be worked as a Sugar-cane Farm, sugar-cane could not be planted during the year owing to the arrangements for providing facilities for irrigation being still incomplete. It is hoped that the work will be started in earnest and special efforts made to achieve satisfactory results during the current year.

IV. INVESTIGATION.

1. *Results of investigations.*—Government are glad to note that the extensive experiments carried on for years have enabled the department to make certain definite recommendations for increasing the outturn of crops. The advantages of the use of improved ragi seed, the rotation of ragi with groundnut, and early cultivation with improved ploughs and of green manuring for late ragi have been placed beyond doubt. The superiority of Red Mauritius Sugar-cane for giving heavy yield when planted in rows not closer than 3 feet apart and the beneficial results of the use of oil cake as manure for sugar-cane have also been fully established. Among thinner canes J. 33 A has been found to have good prospects of supplanting the present Cheni Kabbu.

2. *Investigations in progress.*—The analysis of various oil seeds to determine their oil content was carried out in accordance with a resolution of the Departmental Conference. The oil content of the same seed grown in different localities was found to vary considerably. Twenty samples were analysed. Investigations are being continued in the matter.

V. POPULARISATION OF IMPROVEMENTS.

In spite of inadequate supply, agricultural implements to the value of Rs. 38,206 were sold during the year as against Rs. 36,143 last year, the value of sales under the hire-purchase system amounting to Rs. 1,919. Red Mauritius has been introduced into new areas and 480 tons of oil cake have been sold as manure for sugar-cane. A special mixture of manure for paddy cultivation was introduced and popularised. In almost all districts there have been two depots in each district for stocking and selling not only improved implements but also seed grains and manures.

The demand for Sann hemp seed has been growing especially in Tumkur District, where sannhemp is used as green manure for cocoanut and arecanut.

Improved strains of ragi raised on the Hebbal Farm were distributed over 140 separate areas aggregating 540 acres. It was expected that the improved seed grown on these lands would be available for a very large extent of land in the following year. But owing to the partial failure of rains the expectations in this respect have not been fully realised. Besides the normal work of the Department it was also entrusted with the distribution of paddy, seed ragi, jola in connection with the scheme for encouraging the growth of food crops to meet the shortage of food stuffs in the year. A sum of Rs. 50,000 was placed at the disposal of the Department for this purpose. The department issued during the year under the scheme 145,500 seers of seed paddy, 32,985 seers of ragi and 36,085 of jola.

VI. EXHIBITION.

A new feature in the Dasara Exhibition held in October 1918 was the interesting series of demonstration plots laid out under the direction of the Deputy Director hsowing various crops growing under different treatments.

Improved methods of cream separation and butter making were also demonstrated during every day of the Exhibition.

One thousand one hundred and ninety two demonstrations of the working of the improved ploughs and cultivators were conducted in the various Exhibitions and Jatras. The demonstration of seed selection by the salt water method and of the selection of good earheads on the field was continued.

VII. CO-OPERATIVE SOCIETIES IN RELATION TO THE DEPARTMENT.

Some of the Co-operative Societies are reported to have worked in conjunction with the Agricultural Department by undertaking the stocking and selling of implements, hiring out improved implements and sugar-cane mills and distributing the improved ragi seed. Government agree with the Director that the Department should be gradually relieved of this work and that it should be handed over to the Co-operative Societies, new societies being formed for the purpose wherever necessary. The proposals since received on the subject from the Director of Agriculture and the Registrar of Co-operative Societies are under the consideration of Government.

VIII. AGRICULTURAL ENGINEERING.

The major portion of the time of the Agricultural Engineer was devoted to the construction of works on the various farms and teaching in the Agricultural School. In connection with the food production scheme a temporary establishment consisting of an Agricultural Engineer, a carpenter, a smith and a draftsman was sanctioned by Government to attend to the important work of designing and making Agricultural implements adapted to local conditions.

There was a great demand for sugar-cane mills of the Nahan type from all districts. But owing to insufficient supply it was not possible to meet even a tithe of the demand. The mills made by the Central Industrial Workshop did not work satisfactorily.

IX. THE PEST ACT.

Though Koleroga spraying operations were conducted on the same lines as before, the spraying work in the gardens of private owners was greatly hampered owing to want of good sprayers which could not be imported on account of the European War. One more village was brought under the Pest Act and the area was free from the disease. It is satisfactory to note that the villagers appreciate the value of this work and that many applications have been received from many villages for being brought under Pest Act.

The method of hand picking of moths destructive to crops was carried out as usual, people willingly co-operating with the department. It is stated in the report that the creation of a permanent organisation in the infested villages is under the consideration of the Department. A scheme may be formulated in consultation with the Revenue Commissioner and submitted for the consideration of Government.

X. AGRICULTURAL EDUCATION.

The Hebbal School had 18 students in the Junior Class and 16 in the Senior Class at the commencement of the year. During the year eight students in the Junior Class dropped of, it is stated, owing to residence on the Farm being too expensive. Two scholarships of Rs. 15 each one in each class are awarded by Government and it is stated that other students receive scholarships varying in value from either District Committees or Taluk Committees of the Economic Conference. The Director of Agriculture is requested to fix a minimum rate for stipends to students of the school and move the Presidents of the District Boards to make suitable alteration in the value of the scholarships granted by them so that the rules may be uniform. The school library started last year consists of 150 volumes on various subjects and the reading room, 200 books of general interest. Thirteen candidates sat for the Final Examination of whom 12 secured passes, one of them with distinction.

CHIKKANAHALLI AGRICULTURAL SCHOOL.

There were 15 students in the school. Two more students undertaking to pay their own expenses were admitted. The number of scholarships tenable in the school was increased from 10 to 15. It is gratifying to note that the school is growing in popularity. Mr. Munilingayya made a gift of Rs. 250 for a free library for the school.

The scheme of Rural Science Instruction was not developed during the year. Agriculture is taught only in three schools. The question of extending the instruction to more schools and remodelling the course of instruction is under the consideration of Government.

As the class for training teachers in the Hebbal Agricultural School to qualify them to impart instruction in the subject was not opened there owing to want of accommodation, agricultural instruction to teachers was carried on under the supervision of the department in the Normal School at Mysore. The question of increasing the accommodation in the Hebbal School is under consideration. It is hoped that the scheme for training teachers will be given effect to at least from the beginning of the year 1920-21. Eighteen teachers were under training and all of them were successful in the examination held in June 1919. These teachers underwent a short course in Hebbal in addition to their training in the Mysore Normal School.

Conclusion.—The report records appreciable progress in the activities of the Department in all the directions in which work has so far been attempted. Government are pleased to note that the entire staff has worked satisfactorily during the year.

Advances to Weavers' Societies.

No. 8180-92—E. C. 97-19-2, DATED 3RD MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Para 7 of Government Order No. 8605-18—I. & C. 154-18-10, dated the 10th March 1919, placing a sum of Rs. 50,000 at the disposal of the Registrar of Co-operative Societies to grant loans for developing the Hand-loom Weaving Industry in the State, and calling for the submission of detailed proposals as to the manner in which the amount will be utilised.

2. Letter No. 10632—C. S., dated the 20th January 1920, from the Registrar of Co-operative Societies in Mysore, submitting for approval a set of draft rules relating to the grant of advances to weavers' societies out of the sum referred to above.

Order No. 8180-92—E. C. 97-19-2, dated 3rd March 1920.

Government consider that the provisions made in the proposed draft rules regarding the reduction or remission of interest and the issue and repayment of advances in the shape of materials are unnecessary, as also the issue of orders by the Comptroller for payment of advances in the Treasuries.

The rules as modified and approved by Government are appended to this order.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To The Registrar, Co-operative Societies in Mysore.
The Comptroller, Mysore Government, through Financial Secretariat.
The Deputy Commissioners of Districts.
The Revenue Commissioner in Mysore.
The Secretary, Economic Development Board.
The Secretary, Board of Industries and Commerce.

Exd.—C.R.

Rules regulating the grant of advances to Weavers' Co-operative Societies out of the sum of Rs. 50,000 placed at the disposal of the Registrar of Co-operative Societies in Government Order No. 8605-18—I. & C. 154-18-10, dated the 10th March 1919.

1. Loans or advances out of this fund shall be granted to Weavers' Co-operative Societies which have for their objects the financing of their members, the common purchase of yarn, dye-stuffs and other raw material, the supply of improved patterns and implements or the purchase and sale of the finished goods made by the members.

2. Except with the previous sanction of the Government a loan made to a Weavers' Society shall not exceed Rs. 2,500.

3. The loans or advances made under these rules shall carry interest at 5 per cent per annum.

4. The loan with interest due thereon shall be repayable in five equal annual instalments except where it exceeds Rs. 2,500 when the term of repayment shall be fixed by the Government.

5. A society requiring a loan under these rules shall submit an application in Form (A) annexed hereto.

6. The sanction of the loan shall be intimated by the Registrar to the Society concerned in Form (B) annexed to these rules, copies of this form being simultaneously sent to the Comptroller and the Deputy Commissioner of the District for information. When the loan is sanctioned by Government, the number and date of the Government Order sanctioning it should be noted in the form.

No. 8180-92—E. C. 97-19-2, DATED 3RD MARCH 1920.

7. Payment of a sanctioned loan shall be made in one or more instalments as may be ordered by the Registrar to persons authorised by him to receive payment on behalf of the society to which the advance is sanctioned on their executing a document in duplicate in Form (C) annexed to these rules. One copy of the agreement shall be sent for safe custody to the Treasury making payment and the other shall be forwarded to the Registrar.

8. If any instalment of principal or interest due from a society is not paid on the date on which it is due it shall be open to the Registrar to charge interest up to 7½ per cent per annum on the instalment overdue and it shall also be open to him to recover the whole advance with interest.

9. If sufficient cause is shown the Registrar may exempt a society from the operation or Rule 8 above and he shall communicate such exemption to the Government the Comptroller, and the Deputy Commissioner of the District in which the society is situated.

No. 8400-64—E. C. 15-19-77, dated 10th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Paragraph 10 of Government Order No. 514-66—E. C. 15-19-1, dated 12th July 1919, aying down the composition of the General Economic Conference.

Order No. 8400-64—E. C. 15-19-77, dated 10th March 1920.

Under the revised constitution the General Economic Conference is composed of 100 members as follows :—

Members of Central Boards	75
Deputy Commissioners of Districts	8
Members of Legislative Council (to be elected)	2
Members of City Municipalities (to be elected)	2
Members of Town Municipalities (to be elected)	4
Others to be nominated to represent special communities and interests	9

On a reconsideration of their order read above, Government observe that the Town Municipalities which are 29 in number are not adequately represented on the General Economic Conference as they are to return only four members at the rate of one member for two districts. Government are accordingly pleased to direct that the number of members to be returned by the Town Municipalities be increased to eight so that each district may be able to return one member to represent the Town Municipalities in the district. The number of members to be nominated to represent special communities and interests will be correspondingly reduced from 9 to 5 as all special communities and other interests are already adequately represented on the three Central Boards, the members of which are also members of the General Conference.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

Report on the working of Co-operative Societies in Mysore for 1918-19.

No. 8061-120—E. C. 75-19-7, DATED 1ST MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. 8192—C. S., dated 6th November 1919, from the Registrar, Co-operative Societies, submitting certain statements forming the appendices to the Report on the working of the Co-operative Societies in Mysore for 1918-19.

2. Correspondence ending with letter No. 8155—C. S., dated the 15th November 1919, from the same officer, submitting a report on the working of the Co-operative Societies Regulation in Mysore during the year 1918-19.

Order No. 8061-120—E. C. 75-19-7, dated 1st March 1920.

Administration.

Mr. R. Ranga Rao, B.A., B.L., continued to officiate as Registrar during the year. Messrs. Abdul Aziz Khan, B.A., and K. Subba Rao, B.A., LL.B., were appointed Assistant Registrars and were posted for training. Mr. P. A. Krishnaswamy Iyer, B.A., continued to be the Personal Assistant to the Registrar.

The revision of the subordinate executive staff was given effect to in the year and the number of Inspectors was increased by 3 raising it to 36. Eight of the Inspectors were told off for purely audit work at the rate of one for each district. Particular attention was given to the development of Agricultural and Industrial Co-operation by deputing one Inspector especially for Agricultural Co-operation, one for Industrial Co-operation and one for work in connection with Weavers' Co-operative Societies.

Development of Co-operation.

The total number of Co-operative Societies in the State increased from 1,097 in 1917-18 to 1,233 in 1918-19. One hundred and forty-five societies were registered during the year and the registration of 9 societies was cancelled. While the majority of the new societies formed during the year were credit societies, it is gratifying to observe that 58 of them consisted of grain banks, stores, agricultural stores and societies for weavers.

The membership in all the societies increased from 81,168 in 1917-18 to 84,425 in 1918-19 or by 4% as against an increase of 8½% in the previous year. The average membership per society fell from 74 in 1917-18 to 68 in 1918-19. The increase in the total membership occurred mostly in the districts of Bangalore, Kolar and Mysore and the decrease in the Tumkur and Hassan Districts.

Working capital.

The total working capital increased from Rs. 65,04,642 in 1917-18 to Rs. 70,98,327 in 1918-19 or by about 9% as against an increase of 13% in the previous year. The membership and working capital have thus not increased in proportion to the numerical increase of the societies. This disproportion has been explained by the Registrar to be due to the removal from membership of persistent defaulters and to the death of several members during the influenza epidemic. Government hope that the good agricultural prospects of the current year will conduce to a large increase in the membership and the working capital of the societies and enable many of the societies greatly to extend their transactions and improve their stability.

Deposits.

The total amount of deposits outstanding at the end of the year was Rs. 24,16,125 or an increase of 17% over those of the previous year. But it has to be noted here that more than half the total deposits and more than half the increase in total deposits were in the societies in the Bangalore City and the advance made in this direction cannot therefore be deemed to indicate much general progress. The total amount of deposits in the four districts of Hassan, Shimoga, Kadur and Chitaldrug together hardly comes up to the amount of the deposits in the Tumkur or Mysore District. In the number of societies, in membership, in working capital and also in total transactions these four districts have not come up to the level of the other districts in the State. Now that a special Malnad

No. 8061-120—E. C. 75-19-7, DATED 1ST MARCH 1920.

Circle has been formed under the charge of an Assistant Registrar, Government expect the Department to devote special attention to the expansion of the co-operative movement in these districts and show more tangible results in future in the less progressive and economically backward tracts.

Profits made by societies.

The total profits realised during the year under report was Rs. 6, 69,063 as against Rs. 6,63,492 in the previous year. There was an increase of nearly Rs. 2 lakhs in the total transactions of the societies in the Bangalore and Kolar Districts, there being a fall in the total transactions in all the other districts amounting to rupees three lakhs altogether. A corresponding fall is noticeable both in the number and amount of loans issued as compared with the previous year. The Registrar attributes the cause of this decrease in the transactions to the greater caution exercised by the societies in the grant of loans. But this does not seem to be a sufficient explanation as the decrease is confined to only about 6 districts and the percentage of loans granted on personal security shows an increase. The transactions during the current year should be watched carefully and the real cause of such fluctuations ascertained.

Societies for depressed classes.

The benefits of co-operation are being gradually extended to the depressed classes by the formation of new societies and by the admission of these classes to the membership of existing societies. The number of societies for depressed classes increased from 16 to 22 during the year.

Assistance rendered by co-operative societies in matters of local improvement.

A large number of societies evinced great interest in stimulating several useful developments in the localities in which they are situated and attending to their general well-being. To facilitate the supply of food-stuffs and kerosine oil of which there was a shortage and to help the suffering classes, Government in their Order No. 11604-15—E.C. 105-18-4, dated the 27th May 1919, sanctioned a scheme for the distribution of food grains and kerosine oil through co-operative societies and the societies were allowed reasonable credit not exceeding Rs. 1,000 in the case of urban societies and Rs. 500 in the case of rural societies to enable them to carry on such transactions. Several co-operative societies took an active part in the sale of food grains to members and non-members alike. It is gratifying to note that by these efforts the societies that undertook this work were able to relieve the situation to a great extent. During the last outbreak of epidemic Influenza the Managing Committee members of several societies in large towns and villages readily came forward to help the people by distributing food and medicine.

Enquiries into the economic condition of members.

The investigation of the economic condition of members of co-operative societies was taken up about three years ago. The results so far obtained are not conclusive. In previous enquiries it was found that the indebtedness of members of co-operative societies was divided more or less equally between co-operative societies and money-lenders, but the investigations made with respect to 90 societies during the year show that the amount due to money-lenders far exceeds the amount due to the co-operative societies. Making allowance for difference in local conditions and other factors likely to influence these classes it is necessary to proceed with the enquiry in a more systematic and scientific manner and to ascertain definitely the progress made by the co-operative movement in reducing indebtedness tending materially to drain the resources of the people and improving their economic condition. The Registrar is requested to arrange to hold a special investigation into this object and to submit a detailed report on the subject.

Co-operative Banking.

The Bangalore Central Co-operative Bank and the Mysore Provincial Co-operative Bank continued to be the two principal central financing institutions in the State, and work in both was efficient throughout.

In order to make the Federal Banking Unions more useful by extending their activities to a large area such as a district, the Unions in Tumkur, Hassan and Chikmagalur are proposed to be converted into District Banks and fresh Banks opened in Bangalore, Kolar and Chitaldrug. The Registrar is requested to report the results of the action taken by him in the matter.

No. 8061-120—E. C. 75-19-7, DATED 1ST MARCH 1920.

Agricultural and Industrial Co-operation.

The number of Agricultural Societies is reported to have increased from 926 to 1,030 during the year though their membership decreased from 48,836 to 47,860 and their working capital from Rs. 24,80,062 to Rs. 23,82,957. The number of store societies increased from 27 to 39 during the year and their membership from 7,860 to 9,000. The value of articles purchased during the year amounted to Rs. 5·80 lakhs and the value of articles sold to Rs. 5·72 lakhs as against 1·94 lakhs and 2·95 lakhs in the previous year. The number of agricultural and industrial co-operative societies rose from 43 to 72. The Registrar reports that notwithstanding the special efforts made during the year to develop these forms of co-operation it was not found possible to make substantial results owing to the abnormal conditions which prevailed throughout the year.

The question of introducing a scheme of agricultural co-operation by transferring the work of sale of ploughs, seed, manures, etc., to co-operative societies is under consideration. Out of Sericulturists' Societies on the rolls only one devoted itself during the year to the supply of disease-free silk worm-eggs to its members, the rest being engaged in Banking business. It is unfortunate that none of the jaggory making Co-operative Societies proved successful, one of the main causes being the inability of the members to make satisfactory arrangements for the adequate supply of sugar-cane. The Lacquer-ware Society at Channapatna earned a net profit of Rs. 186 during the year. The Sagar Gudigars' Co-operative Society showed considerable progress and won a gold medal in the Exhibition of the year before last. The Jewellers' Society at Bangalore exhibited some fine specimens of jewellery and won a gold medal. Towards the close of the year a Brass Workers' Society at Nagamangala and a Cobblers' Society at Tarikere were organised and their work will be watched with interest. The Registrar is requested to submit proposals to secure more rapid progress in the development of Industrial Co-operation in consultation with the Director of Industries and Commerce.

Disposal of suits and audit of Accounts.

At the beginning of the year there were 992 suits pending and during the year 869 suits were entertained making up a total number of 1,861 suits for disposal as against 1,643 suits in the previous year. The Registrar reports that out of these, 1,003 suits were disposed of as against 642 of the previous year. Notwithstanding the satisfactory progress made in the disposal of the suits during the year as compared with the result of previous years, there are still 255 suits pending for more than six months and 97 for more than a year, of which 220 are said to be pending with arbitrators. Special efforts should be made to dispose of those long pending suits without delay and to see that no suit is kept pending for more than six months on any account either with the arbitrators or the Registrar or his Assistants.

The number of decrees pending execution with the Deputy Commissioners at the beginning of the year was 374 and 557 more were sent to them during the course of the year, thus making a total of 931 decrees. Out of these only 53 were executed during the year leaving 878 pending at the end of the year. The delay on the part of the Revenue Officers in the execution of these decrees is regrettable. The Registrar is requested to submit a statement showing the number of decrees pending in each district with particulars of their duration. The Revenue Commissioner will be requested to investigate the cause of delay and submit proposals for ensuring the prompt and speedy execution of the decrees.

The accounts of the societies are audited mostly by official agency. A staff of 8 Inspectors was deputed exclusively for audit work from 1st January 1919 and 720 societies were audited during the year. The inspecting staff inspected 920 societies, and test audited the accounts of 688 societies. The Federal Bank Unions audited the accounts of 150 societies and the Central Banking Institutions the accounts of 128 societies affiliated to them.

Important events.

The 8th Mysore Provincial Co-operative Conference was held in Mysore during the Dasara of 1918, and 7 District and 60 Taluk Co-operative Conferences were held during the year in connection with the District and Taluk Conferences. A system of prizes in the form of shields graciously presented by His Highness the Yuvaraja were instituted with a view to provide an incentive for co-operative work. Ten such prizes were awarded during the year, one to the best Industrial Society and one to the best Agri-

cultural Society in the State, and the remaining 8 to the best Credit Societies in each of the 8 districts.

Articles manufactured by the members of 35 industrial and agricultural co-operative societies in the State were exhibited in the Dasara Industrial and Agricultural Exhibition held during the year. Three gold and 4 silver medals were awarded for the exhibits.

In view of the critical condition of the weavers in Bangalore City, Government arranged for a cash-credit of Rs. 50,000 to the Bangalore City Weavers' Society from the Mysore Bank, Ltd. Government are very pleased to learn that this arrangement has conduced to remarkable improvement in the work of this society as also of another society to which the same concessions were extended.

On the recommendations of the Committee presided over by Sir Alfred Chatterton appointed to suggest measures for amelioration of the condition of weavers special measures were adopted during the year to assist weavers. Twenty Weavers' Societies were remodelled and 14 societies started during the year. These are reported to have worked well. The Registrar is requested to take immediate steps to appoint a trained Inspector and to utilise the facilities offered by Government for financing these societies and to pay special attention to organise and place on a proper working basis a sufficient number of such societies in the most important weaving centres in the State.

Touring.

The number of days on which the Registrar of Co-operative Societies was on tour during the year was 146 which fell short of the prescribed minimum by 34. Only 142, *i. e.*, 73 rural and 69 urban societies were inspected by him during the whole year. Very few societies were inspected by him in the Chitaldrug and Shimoga Districts.

The touring of inspectors has also been far below the minimum and does not compare favourably with the touring of the supervisors. The rules relating to the touring of these officers should be rigidly enforced in future.

Government are glad to note that all the Honorary Supervisors are reported to have worked with zeal, and desire that their appreciation should be conveyed to them for their earnest and willing help in furthering the co-operative movement in the State.

Concluding remarks.

Considering the unfavourable conditions of the year under report, Government are glad to observe that the work of the Department has been satisfactory. There is however a great deal of work to be done still particularly in the organisation of Agricultural and Industrial Co-operative Societies, in respect of which very little progress has so far been made. The development of co-operation in the Malnad and oher backward areas in the State requires also particular and persistent attention. Ntow that the staff of the Department has been strengthened by the addition of two Assistant Registrars and an increase in the number of Inspectors, Government trust that it will be found possible for the Department to devote greater attention to these features of co-operation and also to consolidate the work undertaken by the Department in other directions.

Loan of Services of Officials of the Co-operative Department.

No. 9173-4—E. C. 94-19-5, dated 29th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 7428—E. C. 94-19-3, dated 11th February 1920, to the Registrar of Co-operative Societies, calling for his views regarding restrictions on loans of the services of officials of the Co-operative Department to Co-operative Societies.

2. Letter No. 379, dated 2nd March 1920, from the Registrar, submitting his views on the subject.

Order No. 9173-4—E. C. 94-19-5, dated 29th March 1920.

The Registrar of Co-operative Societies is of opinion that, during the earlier stages of the co-operative movement, there was need for lending the services of officials of the Co-operative Department to important Central Institutions but that hereafter such occasions should be rare and of short periods not exceeding one year and only when rendered absolutely necessary for the improvement of a society or the development of a new type of society.

He is also of opinion that the grant of higher rates of pay to lent officers during the period of their deputation creates discontent among the officials of the department and suggests that when an officer's services are lent to a society he should be given only his grade plus a deputation allowance of one-fourth of his pay.

Government agree with the Registrar, and are pleased to direct that the foregoing conditions should be strictly observed in proposing (i) renewals of the term of the deputation of the officials already lent and (ii) loans of officials in future.

Committee for examining the position of the Mysore Bank.

No. Fl. 5500-49—G. F. 93-19-11, dated 9th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. Fl. 5121-73—B. 9-12-2, dated 12th March 1913, regarding the formation of the Bank of Mysore.

2. Letter No. Gl. 828, dated 18th November 1919, from the Manager, Bank of Mysore, Ltd., forwarding for information of Government copies of notice and letter issued to the Share-holders of the Bank regarding the proposed increase of Capital from 20 lakhs to 50 lakhs.

Order No. Fl. 5500-49—G. F. 93-19-11, dated 9th March 1920.

The Bank of Mysore started work in the early part of 1913, and in the comparatively short period of about seven years it has made steady and satisfactory progress. The volume of its work has largely increased and the Bank has been affording considerable assistance to trade and business in the State. At the same time, the demand for greater banking facilities has increased and is still increasing. The resources at the disposal of the Bank are not adequate for meeting the growing demands and consequently a large proportion of the trade of the State is still untouched by the Bank. The volume of deposits has increased and as the amount of capital is comparatively small and has also remained stationary, there has been a gradual decrease in the ratio of capital and reserve to expanding deposits. Government understand that it is under the consideration of the authorities of the Bank to increase the capital with a view to extend its business. At the time of the formation of the Bank the intention was to arrange for a gradual transfer of the Government Treasury work at District Headquarters and other places to the Bank. But so far action has not been taken to give effect to this intention, except to a small extent at Bangalore. It is also necessary to define more exactly than was possible at the time of its formation the relations between the Bank and the Government.

2. In these circumstances, Government consider it advisable to have the position of the Bank examined with a view to increasing its usefulness. They are accordingly pleased to appoint a Committee consisting of the following : —

(1) First Member of Council (Chairman).
(2) Rajasabhabhushana Dewan Bahadur K. P. Puttanna Chetty, Esq., C.I.E.
(3) The Director of Industries and Commerce in Mysore.
(4) The Financial Secretary to Government.
(5) The Secretary to Government, Education and Agriculture Departments.
(6) W. C. Rose, Esq., Manager, Bank of Mysore.
(7) The Comptroller to Government.
(8) The Registrar of Co-operative Societies.
(9) The Private Secretary to the Dewan.
(10) B. K. Garudachar, Esq., Director, Bank of Mysore, Ltd.
(11) The Government Advocate.

The Under Secretary to Government, Finance Department, will be the Secretary to the Committee.

3. The Committee is requested to consider and submit recommendations on the following points :—

(i) Improvement of resources of the Bank by increasing its Capital and Reserve Fund.

The average extent to which Government floating balances have been lodged in the Bank since the agreement with Government dated March 1913, and how far such funds might be increased and on what conditions.

(ii) Formulation of a definite policy of extension of banking facilities by opening branches of the Bank in important centres of trade and business in the State,

(iii) Measures for affording financial assistance to industrial concerns in the State.

(iv) Transfer of Government Treasury work to the Bank and reduction of cost of Treasury establishment that can be effected by such transfer.

The extent to which the present Banking business undertaken by the Government can be made over to the Bank and on what terms.

(v) Definition of the relation between the Bank and the Government for ensuring that the general lines of business pursued by the Bank are in the interests of the State and that the Government obtain from the Bank the co-operation and help required in furtherance of their general industrial and commercial policy, including the floatation of public loans for financing productive works.

Measures for increasing the resources of the Bank for carrying out the wishes of Government in regard to the general development of trade and commerce in the State.

(vi) Other matters on which the Committee considers it desirable to recommend the alteration of existing or the introduction of new arrangements, with a view to extend the sphere of usefulness of the Bank and to promote the general economical interests of the State.

4. The Committee is requested to submit its recommendations before the end of April next.

5. The Heads of Departments are requested to promptly furnish any information required by the Committee.

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96 -G F. 5-18-29, dated the 23rd October 1918. sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 5968-6017—G. F. 5-19-15, dated 20th March 1920.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of March 1920, to the employees in the two Cities of Bangalore and Mysore and to those in the several taluks in the State as noted in Annexures A and B appended to this order and as indicated below :—

(*a*) To the employees in the taluks in Annexure A, the allowance will be at the following rates:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem, Re. 1-0-0.

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem.

(*b*) To the employees in the Cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

Letter No. G. A. D. 450, dated 14th February 1920, from the Comptroller to Government, submitting the annual report on the working of the Government Savings Banks in the State for the year ending 30th June 1919.

(Printed in extenso.)

Order No. Fl. 5660-709—G. F. 195-19-2, dated 13th March 1920.

Recorded.

2. The improvement in the net deposit balances noticed in the year 1917-18 has been maintained during the year under report and the total amount at the credit of depositors on 30th June 1919, was Rs. 85,51,128, the highest figure recorded since 1905-06.

3. The number of current and dead accounts at the end of the year under report was 34,601, but the total number of nominations recorded up to that date was only 112. The Comptroller is requested to give wide publicity to the rules regarding nomination to Savings Bank accounts so that a larger number of depositors may avail themselves of the privilege.

4. Proposals for rendering the scheme of Village Savings Banks more attractive and popular promised by the Comptroller are awaited.

5. There has been a delay of about 3 months in the submission of the report by the Comptroller and it is mainly attributed to the late receipt of the annual statements from Treasuries and in an imperfect condition.

The Deputy Commissioners, Treasury Departments, are requested to take steps to submit the statements in time and avoid the defects pointed out by the Comptroller.

The Secretary, State Life Insurance Committee.
Other Heads of Departments.

Exd.—C. R.

Letter No. 7847, dated 3rd March 1920, from the Secretary, Mysore State Life Insurance Committee, Bangalore, to the Financial Secretary to the Government of Mysore.

I have the honor to forward herewith a resolution of the Insurance Committee passed in their meeting held on the 17th January 1920 for early orders. In reviewing the statement of proposals received, disposed of and pending disposal, the causes for the pendency of 647 proposals shown in the statement were found to be due to (1) the incomplete state in which about 70 per cent of the proposals were received which necessitated the obtaining of information for their completion from the proposer himself or his immediate official superior, in furnishing which, considerable delay occurred; (2) the circulation of the proposals, except those resting on ordinary medical certificates, among three members and President of the Insurance Committee, besides the Senior Surgeon, as required by the present Rule 20. To minimise the first cause, the proposal form was recently revised so as not to admit of any of the necessary information being left unfurnished. With a view to minimise the second cause also, the Committee carefully considered in all its aspects the necessity for the circulation of proposals as at present and have come to the unanimous conclusion that such necessity does not exist in respect of such of the proposals as to the acceptance of which the Examining Medical Officer and the Senior Surgeon completely agree and which do not involve any question of doubt or difficulty, and specially in view of the fact that data obtained by the circulation of proposals among not less than three members and the President of the Committee besides the Senior Surgeon during the last 28 years are readily available for reference in the office for the disposal of such cases.

In these circumstances, I request you to be so good as to obtain early sanction of Government for the adoption of Rule 20 as amended in the Resolution of the Committee referred to.

In reference to the proposal statement (No. 1 above), after carefully considering all aspects of the case, unanimously resolved that as no useful purpose is now secured by circulating all proposals resting on detailed medical certificates among three members and the President of the Committee.—*Vide* Rule 20—and as the procedure only results in unnecessary delay in their disposal, Rule 20 be suitably amended and submitted to Government with an explanatory letter for sanction to adopt it so as to enable the President to pass final orders on such of this class of proposals as do not involve any question of doubt, or difficulty the rest alone being circulated among all the Members of the Committee.

Amendment of Rule 20.

"A proposal for a first or further Insurance resting on a detailed medical certificate, shall be forwarded to the Senior Surgeon for his opinion and on its return it will be dealt with, by the Secretary and the President of the Committee. The President shall pass

final orders as to its acceptance if it does not involve any question of doubt or difficulty. Otherwise, it shall be circulated among the Members of the Committee and disposed of, according to the opinion of the majority, one vote against the proposer being held as cancelling two votes in his favour. When owing to such cancelment the votes are balanced, the matter in question shall be decided by the casting vote of the President. The opinion of the majority thus arrived at shall be deemed to be the opinion and decision of the Committee. The President shall in all cases, be at liberty to refer for the orders of Government any question involving a general principle notwithstanding its decision by a majority of votes.

A proposal for further insurance resting on an ordinary medical certificate may be accepted by the Secretary if the medical certificate states that the proposer is in good health. If, however, such certificate states that the proposer is not in good health or if any question of doubt or difficulty is involved, the proposal shall be submitted to the Senior Surgeon and disposed of in the manner of other proposals.

3. Loans to Jahgirdars.
4. ,, Co-operative Societies.
5. Loans for encouragement of Industries and Commerce.

(In extenso as annexure.)

Order No. Fl. 5829-39—G. F. 176-19-3, dated 19th March 1920.

Recorded.

Special loans to Coffee Planters in Kadur and Hassan Districts.—The report called for from the Deputy Commissioner of Hassan in Fl. No. 3256, dated 26th November 1919 in regard to the recovery of the amount of Rs. 3,889 outstanding in his district to end of June 1919 is overdue and he is requested to take all needful action for the early adjustment of the balance and submit his report to Government within one month of the date of this order.

The Deputy Commissioner of Kadur reported in his letter No. 103, dated 13th October 1919, that no amount was outstanding in his district, while according to the Comptroller's report a sum of Rs. 128 was due to end of June 1919 of which only Rs. 83-5-4, have since been recovered. The discrepancy should be explained.

3. *Loans to encumbered Jahgirdars.*—In respect of the loan account of Mr. Siddaraj Urs and Krishnarajammanniavaru, the Comptroller's report shows that a sum of Rs. 6,659 was overdue as interest to end of the year 1918-19 and that no amount was repaid towards principal up to that date. The adjustment of the Excise Revenue due to the Inamdars referred to in the last year's review has been effected since and Government have also been pleased to allow suitable compensation to the Inamdar by way of waiving recovery of penal interest in respect of the delay in the settlement of toddy revenue.

The adjustment of the loan due by the Nandagudi family is separately engaging the attention of Government.

Steps are being taken for the liquidation of the loan due by the late Mr. Dalvoy Devaraj Urs by the sale of certain mortgaged properties. The progress of the other loans does not call for any special remarks.

4. *Loans for encouragement of Industries and Commerce.*—There have been no recoveries either towards interest or Principal of four of the loans issued to the 1st batch of merchants deputed to Japan nor has any information been furnished as to how the matter of their recovery stands.

The Director of Industries and Commerce is requested to take action in the matter and submit an early report to Government in the Education and Agriculture Department.

M. N. KRISHNA RAO,
Offg. Financial Secretary to Government.

To—The Comptroller to Government.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Director of Industries and Commerce.

Exd.—C. R.

NO. FL. 5829-39—G. F. 176-19-3, DATED 19TH MARCH 1920.

No. 1877—Loans, dated 17th February 1920, from T. Satyaraj Chetty, Esq., B.A., Comptroller to the Government of His Highness the Maharaja of Mysore, to M. N. Krishna Rao, Esq., B.A., Secretary to the Government of Mysore, Financial Department.

I have the honor to state that the total amount placed by the Deputy Commissioner of the Mysore District at the disposal of this office for adjustment towards the loan accounts of the several indebted Jahgirdars for 1918-19 was Rs. 38,651-10-11 and this sum was adjusted in the final accounts for June 1919 and included in the annual accounts submitted by this office with letter No. 1383—Loans, dated 3rd January 1920. In the revised accounts sent by the Deputy Commissioner with his docket No. Per. 15-12—19-20, dated 4th January 1920, the total amount proposed to be adjusted is Rs. 41,846-8-6. The accounts have accordingly been revised and necessary adjustments made in the accounts for November 1919 as the accounts 1918-19 were already closed.

The balances of loan now outstanding against the several Jahgirdars are noted below:—

Jahgirdar's Name	Closing Balance	Remarks
Messrs. A. Nanjaraj Urs and M. Desaraj Urs ..	12,935 13 0	Account Revised.
Mr. Siddaraj Urs and Krishnajammaniavaru ..	27,500 0 0	do
,, Bakshi Basappaji Urs	1,09,442 15 7	do
,, Dalavoi Devaraj Urs	2,68,144 5 0	do
,, Venkata Rao of Gandanahalli	1,901 15 9	
,, Annoo Rama Rao Narain	8,085 2 8	
Messrs. Srinivasa Rao and Venkatesiah ..	203 12 4	do
Mr. Sannoo Rao and others	11,771 7 7	do

No. 1383—Loans, dated 5—6th January 1920, from T. Satyaraj Chetty, Esq., B.A., Officiating Comptroller to the Government of His Highness the Maharaja of Mysore, to M. N. Krishna Rao, Esq., B.A., Officiating Secretary to Government of Mysore, Financial Department.

In submitting herewith a consolidated statement including therein the transactions relating to the marginally noted interest bearing loans for the year 1918-19, I have the honor to state that similar statements have also been sent to Deputy Commissioners and Heads of Departments and Offices concerned together with balance acknowledgments of the debtors in the case of all loans except special loans to Coffee Planters the accounts of which are maintained by the Deputy Commissioners of Kadur and Hassan Districts under Government Order No. Fl. 7848-51—G. F. 226-17-2, dated 31st May 1918.

1. Special loans to Coffee Planters.
2. Loans for horse, pony and cattle breeding.
3. Loans to Jahgirdars.
4. Do Co-operative Societies.
5. Loans for encouragement of Industries and Commerce.

2. Balance acknowledgment forms for 1918-19 have also not been issued in the cases noted in the enclosed statement A for reasons stated against each item.

3. Reference is invited to the last sentence of para 2 of Government Order No. Fl. 2683-92—G. F. 166-18-5, dated 4th November 1919, requiring this office to report if the balance acknowledgment from the debtors have been received. In regard to this it is submitted that the forms showing balances of loans and advances outstanding on the 30th June of every year are prepared and sent to debtors for acknowledgment through Heads of Departments and Deputy Commissioners of Districts soon after the final accounts for the year are closed and agreed with book balances. This work is usually finished during December and there will be hardly sufficient time for the return of the slips by the Departments concerned duly acknowledged to enable this office to submit the report called for with the annual accounts due to Government by the 31st December. These acknowledgment forms are generally received about three months after they are sent, and, in some cases, even after a longer period. A statement showing the acknowledgment forms still due for the year 1917-18 is enclosed for information, *vide* Statement B.

Special loans to Coffee Planters, 1918-19.

No. Fl. 6723-72—S. & A. 160-19-1, dated 24th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No. Fl. 6723-72—S. & A. 160-19-1, dated 24th March 1920.

The question of prescribing general rules for the grant of local allowances has been under the consideration of Government for sometime. The officials of certain departments working in Malnad and Semi-Malnad areas get local allowances, while those of others do not, and several representations have been made for extending the concession to all those who are stationed in such places.

2. A Committee consisting of the Third Member of Council as Chairman, and the Chief and Financial Secretaries as Members with the Financial Under Secretary as Secretary was appointed to examine the cases of local allowances granted at present and submit recommendations for regulating their grant in the future.

3. The chief recommendations of the Committee are the following :—

(1) The practice of granting in addition to pay local allowances on account of (i) additional duty or arduousness of duty, (ii) expensiveness of duty and (iii) expensiveness or unhealthiness of locality may be continued.

(2) Allowances granted on account of additional duties or arduous nature of work may be termed "Duty Allowances," and treated differently from those granted on account of expensiveness or unhealthiness of duty or locality, which may be called "Local Allowances."

(3) Duty allowances may be treated as salary for the purpose of leave allowances as well as for calculating travelling allowances in accordance with the revised travelling allowance rules, but they need not be allowed to count for pension.

(4) Deputation allowances granted under Article 55, Mysore Service Regulations may be similarly classified into Deputation (Duty) Allowances and Deputation (Local) Allowances.

(5) The local allowances now granted to Gazetted Officers and to others on pay exceeding Rs. 100 may be classified into Duty Allowances and Local Allowances and revised as proposed in the appended list and that where the present allowances are proposed to be reduced, the reduction may be given effect to at the next change of incumbents, the allowances drawn by the present holders of appointments being undisturbed.

(6) The Amildars of Seringapatam and Yedatore may be granted a local allowance of Rs. 25 each like corresponding officers in Semi-Malnad taluks.

(7) All employees including menials of all departments on pay not exceeding Rs. 100 per mensem residing in special localities may be given uniform rates of local allowances as follows :—

(1) The allowances granted at 20% to those stationed at the Krishnarajasagara Works may be continued.

(2) In other localities the allowances may be granted on the undermentioned scale :—

(*a*) A Higher rate of allowance for the more unhealthy tracts, *viz.*, Malnad taluks and specially expensive localities, *viz.*, Kolar Gold Fields area and Davangere Town.	For officials on pay not exceeding Rs. 50. 2 annas in the rupee subject to a minimum of Re. 1.	For officials on pay Rs. 51 to 100. 1½ anna in the rupee.
(*b*) A lower rate of allowance for the less unhealthy tracts, *viz.*, semi-Malnad tracts, Hiriyur, Seringapatam and Yedatore Town.	1 anna in the rupee subject to a minimum of 8 annas.	9 pies in the rupee.

Note —For the purposes of determining the admissibility as well as the rates of allowance pay will include acting allowance, charge allowance and duty and deputation (duty) allowances.

No. Fe. 6723-72—S. & A. 160-19-1, dated 24th March 1920.

4. The Committee's proposals in regard to the grant of local allowances on account of unhealthiness or expensiveness of locality to officials on pay not exceeding Rs. 100 are estimated to amount to about Rs. 33,000 per annum.

5. Government approve of the Committee's recommendations with a few modifications and are pleased to pass the following orders :—

6. The following definitions of the terms "Duty allowance," "Local allowance," Deputation (duty) allowance, and "Deputation (local) allowance" will be introduced in the Mysore Service Regulations.

(i) Duty allowance is an allowance given to an officer in addition to pay or salary, in consideration of the specially arduous nature of his duties or of increased work or responsibility or for the discharge of duties which do not properly belong to his office and for which there is no sanctioned appointment.

(ii) Local allowance is an allowance given to an officer, in addition to pay or salary in consideration of exceptional local circumstances such as the unhealthiness or expensiveness of the locality or duty.

(iii) Deputation (duty) allowance is an allowance given in addition to pay or salary to an officer deputed on special temporary duty, when such duty involves a decided increase of work or responsibility in comparison with the duties of his regular appointment.

(iv) Deputation (local) allowance is an allowance given, in addition to pay or salary to an officer deputed on special temporary duty in consideration of a change of station involved by the deputation.

Note.—1. When the deputation involves both increased work or responsibility and a change of station, the deputation allowance will be classed as deputation (duty) or deputation (local) allowance according as the former or the latter is the main consideration in fixing the allowance.

Note.—2. The extra emoluments drawn by an officer filling a temporary appointment which is not of like character to an existing appointment will be classed as a deputation (duty) allowance or as a deputation (local) allowance, according as they are granted for increased work or responsibility or for a change of station.

Deputation (duty) allowances and duty allowances are treated as salary for the purpose of calculating leave and travelling allowances but are not included in the term "emoluments" for calculating pensions.

7. The allowances to gazetted and other officers on pay exceeding Rs. 100 will be revised as recommended by the Committee with the modification, that the amount of allowances to the marginally noted officers will be as noted in the margin.

1. Assistant Professor, Engineering College Rs. 75, same as at present.
2. Assistant Surgeon, Krishnarajasagara Rs. 75 against Rs. 100 at present.
3. Special Magistrate, Kolar Gold Fields Rs. 150, same as at present.

8. In cases in which reductions of the existing rates of allowances are now sanctioned, the new rates will be brought into effect on change of present incumbents.

9. As regards the subordinate gazetted officers of the General and Revenue Secretariat consisting of a fixed number of Under and Assistant Secretaries, those drawing Rs. 450 and above will in future be designated as Under Secretaries with a duty allowance of Rs. 75 and others as Assistant Secretaries with a similar allowance of Rs. 50. The present number of Under Secretaries should not be increased.

The existing permanent Under Secretaries on pay less than Rs. 450 will however continue to draw the higher rate of allowance so long as they are in the Secretariat.

10. In the case of officers who are in receipt of local allowance which do not find a place in the appended statement such allowances will continue to be drawn in accordance with the order sanctioning them. The Comptroller is requested to bring such cases to the notice of Government.

11. Government agree with the Committee that officials and menials of all departments (on pay not exceeding Rs. 100) stationed in Malnad and other special localities

should be treated alike and given a uniform rate of allowances. The committee's recommendations in their behalf involving an expenditure of Rs. 33,000 per annum will be given effect to as soon as funds are available, provision being made if possible in the next year's budget.

12. The special allowances granted in the Reorganisation Scheme to the Police Staff in the Kolar Gold Fields area including Bowringpet and in the Davangere Town will continue unaffected but the local allowances sanctioned in paras 5 and 11 above cannot be drawn in addition to them.

13. The question of revising the Malnad and Semi-Malnad tracts in the State is separately under consideration and pending further orders the present practice of treating certain areas as Malnad or Semi-Malnad will continue.

M. N. KRISHNA RAO,
Financial Secy. to Govt.

To—The Comptroller, Mysore Government.
The other Heads of Departments.
The Deputy Commissioners of Districts.

Endowment of Rs. 4,000 by Mr. Audi Naraniah of Dodballapur.

No. 2709-711—Muz. 236-19-4, dated 2nd March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Petition registered No. 810, dated 25th October 1919, from Mr. Audi Naraniah of Dodballapur offering to endow Rs. 4,000 for the maintenance of "Nandadeepa" in the Sri Vaikunta Janardanaswami and Lakshminarayanaswami temples at Dodballapur and for feeding poor students and travelling Brahmans and Vaisyas, etc.

2. Correspondence ending with letter No. H. C. 414 of 1920, dated 10th December 1919, from the Deputy Commissioner, Bangalore District, recommending the acceptance of the endowment and stating that further action will be taken in the matter after issue of Government Order.

3. Government Order No. Fl. 4002-51—G. F. 36-18-14, dated 8th January 1920, directing that the rate of 5 per cent interest allowed temporarily for five years under the Government Order of 30th July 1917, will have effect only up to and inclusive of 29th July 1922.

Order No. 2709-711—Muz. 236-19-4, dated 2nd March 1920.

Government are pleased to accept the endowment of Rs. 4,000 offered by Mr. Audi Naraniah of Dodballapur for the objects set forth in his petition and to allow interest thereon at 5 per cent up to 29th July 1922, inclusive and thereafter at 4 per cent or such other rate as may then be determined by Government.

2. The Deputy Commissioner, Bangalore District, will take further action under Rules IV and V of the Charitable Endowment Rules.

No. 2791-800—Muz. 540-19-1, dated 9th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 2892-901—Muz. 5-96, dated the 19th March 1904, passing orders regarding the detailed audit of Muzrai Accounts.

2. Government Order No. 980-91—Muzrai File 5-96, dated the 6th September 1904, approving of the sample forms of Accounts, etc., that are to be maintained in future for the audit of Muzrai Accounts and directing the Comptroller to issue needful instructions to the Deputy Commissioners of Districts and to the Palace Controller in regard to the adoption of the new forms, in the matter of the preparation of Muzrai Accounts.

3. Annual statements of incomplete Muzrai works received from the Deputy Commissioners of Districts from time to time, showing the progress made in the execution of sanctioned Muzrai works.

Order No. 2791-800—Muz. 540-19-1, dated 9th March 1920.

A perusal of the annual statement of incomplete Muzrai works received from the districts shows that the progress made in the execution of these works has been most unsatisfactory and has not been receiving adequate attention at the hands of the officers concerned. The statements disclose a very large number of even petty estimates for a few hundred rupees kept pending, for ten years and more. This is a state of affairs which is not creditable to the local officers concerned and which should not be allowed to continue.

2. With a view to secure a systematic check and supervision over the progress of Muzrai works in future, the Deputy Commissioners are requested to obtain quarterly progress statements in the appended form of all Muzrai works carried out through the agency of the revenue department in each taluk, on receipt of these returns the Deputy Commissioners should review them and submit a copy of the review for the information of Government, bringing to their notice particular instances of inordinate delay or apathy on the part of the local officers, calling for suitable notice by Government.

3. The Superintending Engineers concerned are requested to arrange to obtain similar reports and to prepare and submit similar reviews in respect of all Muzrai works that have to be carried out through the agency of the Public Works Department in their circle to Government through the Chief Engineer, a copy being sent to the Deputy Commissioner for his information.

4. The annual return of incomplete works, which is now being received from the Deputy Commissioners, will be continued to be submitted. But instead of a single return for all works, whether carried out by the Revenue or the Public Works Department, there should be two separate returns (1) for works carried out through the Revenue Department, for which the Deputy Commissioner is responsible, and (2) for those executed by the Public Works Department. The latter return should be prepared by the Executive Engineers concerned and forwarded to the Deputy Commissioner for submission to Government along with return No. 1, a copy of it being sent to the Superintending Engineer of the circle concerned at the same time for his information.

5. Explanation for undue delay in the execution of the works should invariably be given in the remarks column of the statements.

Endowment of Rs. 1,000 by Bytappa of Sondekuppa village, Nelamangala Taluk.

No. 2979-81—Muz. 364-19-2, dated 16th March 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 1951 of 1919-20, dated 10th December 1919, from the Deputy Commissioner, Bangalore District, forwarding an application from Byatappa of Sondekuppa village in the Nelamangala Taluk, offering to deposit, under the Charitable Endowment Rules, a sum of Rs. 1,000 for feeding Brahmins, out of the interest accruing thereon, on the annual Rathotsavam day of Sri Venkataramanaswami at Basavanahalli in the Nelamangala Taluk; and recommending that the endowment may be accepted.

2. Government Order No. Fl. 4002-51—G. F. 36-18-14, dated 8th January 1920, directing that the rate of 5 per cent interest allowed on Charitable Endowments under the Government Order of 30th July 1917, should have effect only up to 29th July 1922, inclusive.

Order No. 2979-81—Muz. 364-19-2, dated 16th March 1920.

Government are pleased to accept under the Charitable Endowment Rules of 1909, the endowment of Rs. 1,000 offered by Bytappa of Sondekuppa village and to allow interest thereon at 5 per cent per annum up to 29th July 1922 and thereafter at 4 per cent per annum or such other rate as may be determined by Government.

2. The donor may be asked to make his own arrangements for supervising the santarpane, as the responsibility for it cannot be undertaken by Government.

3. The Deputy Commissioner is requested to take the necessary further action under Rules IV and V of the Charitable Endowment Rules.

Memo of questions for the inspection of His Highness the Mysore Maharaja's Charities at Tirupati.

Questions	Answers
(1) Name of Inspecting Officer with designation.	T. E. Jeyarama Iyer, Esq., B.A., B.L., Muzrai Superintendent and Secretary to Government, Muzrai Department.
(2) Duration of inspection.	Date commenced 21st November 1919. Date concluded 25th November 1919.
(3) Previous inspection.	Date 3rd April 1914. Name of Inspecting Officer :—Mr. G. Aravamudu Iyengar, Muzrai Superintendent and Joint Secretary to Government, Muzrai Department.
(4) Are the rooms and premises of the office kept clean?	Yes.
(5) How many clerks are working ?	One Peshkar and two clerks.
(6) Is an up-to-date list of establishment, both clerical and menial, maintained ?	There is no separate list except the office acquittance roll. The Peshkar has been directed to maintain a list in the form of a gradation list.
(7) How is the clerical and supervision work distributed in the office and at the chattram ?	Each clerk is deputed by turn to work for three months at a time in the chattram on the Tirupati Hill. The Peshkar with the remaining clerk attends to office work at Lower Tirupati. The chattram at Lower Tirupati is inspected by the Peshkar almost every day, whereas the one at Tiruchanoor and the feeding chattram on the Hills are inspected by him at frequent intervals, not less than once a month. There is a caretaker at the Tiruchanoor chattram.
(8) Is the work assigned to each official sufficient without being excessive ?	Yes, the clerk on duty at the chattram on the Hill attends to feeding arrangements and stores and sevas. The clerk on duty with the Peshkar at the Lower Tirupati attends to office work.
(9) Are the officials hospitable towards the pilgrims ? How is this tested ?	Yes, by a perusal of the remarks made by visitors in the visitors' book and also by means of enquiries made during inspection.
(10) How are supplies made by the provision contractor ?	The Peshkar sends an indent to the contractor once a month in the form attached hereto noting against each article, the quantity required. The contractor supplies the articles, indented for direct to the chattram on the Hill sending at the same time an invoice. The clerk on duty at the chattram gives a receipt for the articles received. The invoice of the contractor is sent by the clerk in charge of the chattram to the Peshkar who sends these in turn to the Muzrai Superintendent with his daily chitta.

No. 3014-15—Muz. 390-19-2, dated 18th March 1920.

Questions.	Answers.
	Whenever there is necessity for other things the Peshkar gives an order for them. The existing system may be altered as detailed below to facilitate check :—
	Indents in triplicate, machine numbered, may be supplied to the Peshkar in books of 100 forms each containing separate cages for noting the quantity of articles required, the cost thereof and the quantity actually supplied as per sample put up herewith. The Peshkar while writing out the indent should make two more carbon copies one of which will be sent to the clerk in charge of the chattram in Upper Tirupati and the other to the contractor, while the original will form the office copy of the indent. As supplies are received they will be noted in the indent by the chattram clerk and the Peshkar with reference to the contractor's invoice. This procedure will ensure the preparation of the monthly bill without reference to any other records and will also afford materials to check the accounts during inspection. One of the copies of the indent may be made to accompany the monthly bill. Printed books with cages to note the name and quantity of the articles supplied should be supplied to the Peshkar's office so that the supplies received from day to day may be posted therein. This will be a ledger of receipts. Similarly a register to note issues of articles for Santarpane and Sevas should be supplied.
(11) What are the checks maintained to ensure accurate accounting ?	The daily chittas sent by the chattram clerk supported by the provision contractor's invoice to the Peshkar's office are all posted up into a ledger classified under headings such as rice, ghee, etc. Similarly the issues of articles from the chattram as entered by the chattram clerk in his daily chitta are posted into a ledger of issue and from these receipt and issue ledgers and a memo is worked out which gives the balance of stock on hand at the close of the month. The monthly bill is compiled from the ledger of receipts. These registers are in manuscript and are maintained only at the Peshkar's office in Lower Tirupati. The registers recommended to be supplied printed in question 10 are these.
	Cash purchases such as, curds, milk, leaves, vegetables are also included in the monthly bill and for these there is only the chattram clerk's voucher.
(12) Have these registers been checked and found correct ?	Yes.
(13) Are the daily expenditure sheets (rozwar chittas) prepared at the close of each day or early morning on the day following.	Yes, invariably so.
(14) Is the balance of provisions being checked once a week.	The Peshkar says he checks the balance whenever he visits the chattram at the Upper Tirupati, which is generally once a month at least but the books maintained by the clerk bore no initials of the Peshkar in evidence of this. The Peshkar has been directed to initial the register whenever he checks the stock on hand.
(15) Is a cash book maintained regularly ?	Yes.
(16) What is the amount of the permanent advance ?	Rupees 300.
(17) What is the balance on hand ? Is the amount spent accounted for ?	The balance on hand on the day of inspection was Rs. 9-7-8, and the amount spent is accounted for and recouped by means of the monthly Paditara bill.

No. 3014-15—Muz. 390-19-2, dated 18th March 1920.

Questions.	Answers.
(18) Is there any money on hand awaiting remittance to parties? Details should be furnished?	There is a sum of Rs. 18, being the pay of the late Peshkar. This amount has not been disbursed to the heirs of the deceased Peshkar as a sum of Rs. 18-14-7 due from him has to be accounted for.
(19) Are there any long-standing advances made out of office imprest awaiting adjustment? Details should be furnished.	*Vide* answer to question 18 *supra*. The present Peshkar has been directed to adjust this out of the arrears of pay due to the deceased Peshkar.
(20) Are all charges incurred on account of cash purchases entered in the register then and there.	Cash purchases such as milk, curds and vegetables, etc., are made monthly by the clerk in charge of the Hill chattram who has been given an advance of Rs. 100 out of the imprest. He enters this in his chitta and sends it on to the Peshkar. In the monthly bill of paditara charges these are included.
(21) Are all contingent charges incurred under due authority?	Yes.
(22) What are the other registers maintained?	*Vide* list appended hereto
(23) How are salary bills prepared? Are drafts of such bills maintained?	This ought properly to be prepared by reference to the attendance register and the office order book; but neither of these registers is maintained. The Peshkar has been directed to open at once three separate attendance registers and one order book. The bill is prepared now with reference to previous bills and leave applications, if any. Drafts of bills are copied into a register.
(24) Is an acquittance roll maintained? Are all salaries drawn duly disbursed and proper receipt taken therein?	Yes. Yes.
(25) Is undisbursed pay short-drawn invariably in the pay bill of the next month?	Yes, except the pay due to the deceased Peshkar, referred to in answers to questions 18 and 19.
(26) Is a list of vessels maintained with their correct weight noted thereon? Are they duly numbered?	There is a list prepared on 1st March 1918, the date on which the present Peshkar entered on his duties and it shows only such of the utensils as were found in the chattram when he took charge of his office. There is no earlier correct list available. Most of the vessels have a serial number engraved thereon. The weight of the vessels also is noted both on the vessels and in the list. There are a few vessels without number and weight. These appear to be vessels substituted in place of those lost. The Peshkar has been directed to prepare and submit a consolidated up-to-date list including all the purchases made from time to time and nothing against each whether it is in use or missing.
(27) What is the condition of the vessels at the time of inspection?	Some of the vessels have become utterly unserviceable and these have to be sold by auction as it is not possible to repair them. (*Vide* list attached.) There are a good many which may be rendered serviceable by making some repairs. The Peshkar has been directed to submit a list of such vessels with an estimate for repairs for sanction. A portion of the sum of Rs. 400 sanctioned for the purchase of the vessels some time ago may be appropriated to repairs.
(28) Is a furniture list maintained? Are all articles of furniture entered therein together with details as to the cost and date of purchase of each? Is the list being checked every now and then?	A furniture list is maintained the cost and date of purchase are not entered therein. The articles of furniture are not many and these are stated to be checked by the Peshkar now and again. Here again the list bore no initials of the Peshkar in evidence of the same having been checked. The Peshkar will be directed to check these once a quarter and to submit a report to that effect to the Superintendent's Office.

NO. 3014-15—MUZ. 390-19-2, DATED 18TH MARCH 1920.

Questions.	Answers.
(29) How are the records maintained ? Are they being arranged chronologically ?	In an Almirah. Arranged yearwar. There are some old papers of no use. These may be destroyed. The Peshkar has been asked to have these sorted and to send a detailed list for orders.
(30) Are there any nehimidars drawing allowances from the charities and have these nehimis been granted under proper authority ?	No nehimis at present.
(31) What is the condition of the building ? Do they require any repairs ?	*Office.*—This is a storied building and the upstairs is used as the office of the Peshkar. The stair case requires repairs. The ground floor is used as the store-room wherein the vessels of the chattram are kept. This portion also requires repairs. (2) *Upper Tirupati.*—The chattrams leaks badly all over. The wood-work requires oiling and the ceiling a chunam wash. The big kitchen has to be repaired. A urinal is a necessity. (3) *Lower Tirupati.*—The chattram building is all right, only the ceiling requires painting with chocolate paint to preserve the wood. The Peshkar's office just opposite requires thorough repairs especially the flooring and the staircase. (4) *Tiruchanoor chattram.*—This is a dark dingy place. An estimate for its improvement and alteration has been called for. The Assistant Engineer attached to the Muzrai Department will be deputed to inspect and prepare plans and estimates.
(32) Is an inspection minute book maintained and all points requiring attention noted therein ?	No such book is maintained. The Peshkar has been asked to open one in addition to the personal visitors' book for record of instructions given by Departmental Officers.
(33) Extent to which points noted for action at previous inspections have been attended to ?	
(34) General remarks, if any in respect of improving the efficiency of the working of the institution.	(1) Pay of clerks and menials has to be revised in consideration of the abnormal rise of the cost of living. Each clerk must be paid at least Rs. 25 or Rs. 20 which will be in keeping with the pay given to the clerks of the Mahant's Office. The present scale fixed some years ago is inadequate. The cook and waterman have also to be given an increase of Rs 2 at least as it often happens that servants do not stick long but quite at short intervals. (2) There is no material from which the correctness of the clerk's reports about the number of pilgrims fed daily in the chattram can be verified. (3) The Gold Lakshmihara of 108 Lakshmi coins on the Mulavar is an offering of the Mysore Royal Household. This is much worn out and requires immediate repairs. I have called for an estimate (which has since been received.) A separate recommendation will be submitted to Government to repair the Lakshmihara in question. (4) A few chairs and benches and tables are necessary for every one of the three chattrams. (5) It is necessary to acquire the houses to the east of the chattram at Lower Tirupati and to the west of the chattram at Tiruchanoor. I shall submit proposals separately in this matter. There is an Akhanda in the temple of Venkataramanaswamy on the Hill maintained at the cost of the State but there is none such in the temple of Ammanavaru at Tiruchanoor.

No. 3014-15—Muz. 390-19-2, dated 18th March 1920.

Order No. 3014-15—Muz. 390-19-2, dated 18th March 1920.

The inspection note of the Muzrai Superintendent is recorded with the following observations :—

(1) The charities at Tirupati were last inspected by the late Muzrai Superintendent on the 3rd April 1914. There was thus no inspection for about five years which was too long a period.

(2) According to the existing rules, the charities should be inspected by the Muzrai Superintendent once a year in the month of September and this may be adhered to.

(3) The procedure proposed by the Muzrai Superintendent in respect of indents for supplies is approved and may be adopted in future.

(4) With reference to the disposal of unserviceable vessels and the repair of those which may still prove to be serviceable, the Muzrai Superintendent is requested to have a full and up-to-date list showing their description, condition and value, prepared in duplicate, and to retain one in his own office sending back the other to the Peshkar for record at Tirupati with instructions to keep the list always up-to-date by immediate note of further changes.

(5) In regard to the sum of Rs. 18 being the pay of the late Peshkar which is said to remain undisbured because a sum of Rs. 18-14-7 is due from him, the Muzrai Superintendent is requested to take early action for the adjustment of the items without delay, by refund, if need be, of the pay drawn if payment thereof is not to be made.

(6) As the chattram buildings in Upper and Lower Tirupati and in Tiruchanoor are reported to stand in need of repairs, the Muzrai Superintendent is requested to obtain estimates for the necessary repairs prepared and to submit them to Government for sanction.

(7) Separate proposals from the Muzrai Superintendent are awaited in regard to :—

I. The revision of the pay of the chattram establishment,
II. the repairs of the gold Lakshmihara and
III. the acquisition of the houses to the east of the chattram in Lower Tirupati and to the west of the chattram at Tiruchanoor.

T. E. JEYARAMA AIYAR,
Secy. to Govt., Muzrai Department.

To—The Muzrai Superintendent in Mysore.
The Comptroller to Government.

Exd.—C.R.

Currency of Sanction to estimates.

No. P. W. 2111-73—B. 9782-9844, DATED 12TH MARCH 1920.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

PUBLIC WORKS DEPARTMENT

READ—

(1) Government Order No. Fl. 3214-5—G. F. 110-15-2, dated 3rd January 1918.

(2) Correspondence ending with Comptroller's letter No. W. A. D. Mis. 19, dated 18th July 1919.

Order No. P. W. 2111-73—B. 9782-9844, dated 12th March 1920.

In para 4 of the Government Order read above, it is laid down that the authority sanctioning estimates for works should, when according sanction, fix the period during which the sanction is to be considered as current and that, at the end of the period fixed, the estimates should be regarded as having lapsed and that, any outlay incurred thereafter, brought under objection and regularised by renewal of sanction of competent authority.

2. In order to do away with the necessity for fixing a date for each individual estimate and thereby reduce the additional work involved, the Comptroller suggests that the period of currency of sanction to estimates may be fixed on some general basis.

3. The proposal of the Comptroller meets with the approval of Government and they are pleased to direct that the period of currency may be fixed as noted below:—

Amount of estimate	Period of currency for different classes of works	
	Roads and buildings	Irrigation
Rs.		
(1) Up to 10,000	One year	Two years
(2) From 10,000 upto 25,000	Two years	Three years
(3) ,, 25,000 upto one lakh of rupees	Three years	Four years
(4) Above one lakh of rupees	The period to be fixed at the time the estimate is sanctioned.	

S. CADAMBI,
Secy. to Govt., P. W. Dept.

To—The Superintending Engineers of Circles.
The Comptroller of Mysore, through the Financial Department, with two spare copies and connected papers.
The Deputy Commissioners of Districts.
The Heads of Departments.
